

Chapter 361

"Damn it! What right does Sally have to have such a rich person to back her up?"

Jiang Xiaorou stomped her feet in anger. She had spent such a long time pulling the tickets to make a forty-million-yuan gift, but the appearance of a local tyrant had completely changed the situation.

"Sister Jiang, why don't we use the fish-fighting app to contact the rich man called Master Lu's father and see if we can convince him not to shoot again." The assistant suggested.

"Yes! This is a good idea." Jiang Xiaorou nodded and immediately took out her phone.

...

On the other side.

Qingyang City.

Duane directly ordered the helicopter to fly to Qingyang University.

"Wow, a helicopter!"

The students on the sports ground saw a helicopter flying over their heads.

"F**k, the helicopter is landing. Who is this person? He took the helicopter to the school?"

"He's too awesome!"

...

The students on the sports ground began to talk about it.

The helicopter landed directly on the playground, and Duane and the other two got off the helicopter.

At the sight of Duane, everyone suddenly realized something.

"It turned out to be Young Master Duane and the others. Young Master Duane is really awesome. He took the plane to school!"

...

After Duane and the other two got off the plane, they went directly to the dormitory.

As soon as Duane entered the dormitory, I received a private letter.

"Jiang Xiaorou actually sent me a private message?" Duane saw that the other party was Jiang Xiaorou.

"What? Jiang Xiaorou actually sent a private message to you, Duane? What did she send?"

Both the fat man and Amin came up curiously.

Duane opened the private message.

Jiang Xiaorou: "Hello, I am Jiang Xiaorou, can we have a talk?"

"F**k, Jiang Xiaorou came to look for you. He must have been scared!" Sean said excitedly.

Duane immediately replied, "What do you want to talk about?"

Jiang Xiaorou, "As long as you don't give Sally any more gifts, feel free to ask anything you like."

Duane smiled, then typed his words back, "I've thought about it for a long time. I have plenty of money, and I really don't lack anything. I don't have any requirements, so I'll help her win first place."

About a minute later.

Jiang Xiaorou, "As long as you don't continue to help Sally send gifts, I can meet you privately. You understand."

"Damn it! I didn't expect Jiang Xiaorou to be such a person!"

"Yes, he usually appears to be pure in the broadcast room. I didn't expect that it was this kind of person behind him. It's really terrible."

Sean and Amin were both amazed when they saw Jiang Xiaorou's message.

Sean and Bob naturally understood the meaning of the words 'you know'.

Duane also shook his head with a smile and then replied, "Haha, she is really a whore. I'm sorry, I'm not interested in whores!"

About a minute later.

Jiang Xiaorou, "Stop pretending! You're spending money on Sally, aren't you just trying to play with her? Just you wait. She, Sally, won't be able to win the 'Fans of Fish' Festival this time. Even if you have money, I, Jiang Xiaorou, definitely won't be a pushover."

Duane immediately replied, "Okay, I'll wait and see!"

...

In Jiang Xiaorou's villa, capital city.

"Damn you, b*stard!" Jiang Xiaorou smashed her phone onto the table in anger.

Jiang Airou originally wanted to talk about it. She wanted to rely on herself to lure Duane. Maybe she could still draw him over to her side. However, she did not expect that Duane's attitude was so determined.

"I, Jiang Xiaorou, can't I be any worse than him, Sally? She actually gave Sally so many rewards, and she actually looked down on me!" Jiang Xiaorou's heart was extremely unfair.

"Hmph, you want to get first place for Sally. I definitely won't let you succeed!" Jiang Xiaorou gritted her teeth.

Right after that, Jiang Xiaorou grabbed the phone on the table again and called Xie Qiang.

Among Jiang Xiaorou's current four million gifts, there were twelve million in total, which was given by Xie Qiang and three local tyrants. Altogether, there was a total of seventeen million.

As for the remaining ten million yuan, Jiang Xiaorou relied on her singing to act cute. She let his millions of fans add a few dozen, a few hundred or a few thousand for her in the live studio. She won because there were more people, so she added more than 10 million yuan for her.

After the phone was connected.

"Dear, during the Fishth Day, I was already in second place by that Sally. Dear, three days ago, in bed, you promised me that you would help me get first place!" Jiang Xiaorou acted like a spoiled child on the phone.

"Little Rou, this person called Sir Lu's father

isn't a good person. He spent a total of half a billion yuan on Sally. For him to have so much spare money to play with, it's enough to prove that his family's fortune might be billions. If you want to compete with him, the price will definitely be huge." Xie Qiang said.

"I don't care! You promised me!" Jiang Xiaorou continued to act like a spoiled child.

"Okay, okay, I'll give you another 15 million yuan. I'll help you win back the first place first place first, and you can start the live broadcast and buy some tickets in the live broadcast," Xie Qiang said.

"Ah, my dear, you are so great. I will go to the broadcast room now." Jiang Xiaorou said in a spoiled voice.

After hanging up the phone, Jiang Xiaorou quickly got ready to broadcast.

...

On the other side, in the dormitory of Qingyang City.

"Duane, Jiang Xiaorou is also on the street!" Sean said.

After hearing her words, Duane clicked on Jiang Xiaorou's live broadcast.

"Sally is the first!"

"Sally! Sally! Sally!"

...

At this time, many of the comments in Jiang Xiaorou's live broadcast were 'Sally'.

Jiang Xiaorou sat in front of the camera.

"Dear little brothers, Xiaorou is just a little anchor. She doesn't want to compete with anyone, but someone wants to bully her. Can you guys help a bunch of Xiaorou? Don't let her be bullied."

Jiang Xiaorou's eyes were red, and she looked pathetic, as if she had been bullied.

Her delicate and coquettish sobbing and delicate look aroused countless men's desire to protect her.

On the bullet screen,

"That Sally is too detestable. Xiaorou is only doing her orderly live broadcast, yet she wants to compete with her for the position of 'ister'. As one of Xiaorou's fans, it's absolutely intolerable. Everyone, brush up your gifts."

"That's right! Sally copied Xiaorou's songs. Xiaorou has forgiven her. Now, she's going to compete with Xiaorou for the number one position on the fan's segment again. This is simply going

overboard. Everyone, brush up the gifts!"

"Don't worry, Airou. We all support you! I have to sell my house to help you!"

"What's so great about that rich Mr. Lu's father? He is alone. We have more hands and more strength. Let's brush up the gifts. We don't believe that we can't compare with him!"

...

On the bullet screen, a large number of Jiang Xiaorou's fans defended Jiang Xiaorou.

At the same time, everyone started to send gifts to Jiang Xiaorou.

Handsome to the point where he couldn't fall asleep, he sent the card out of his pocket.

The "good man" sent out the plane X1.

"Master Half-Seek" sent out the card X66.

The 'f*ck*ng little fairy' sent a rocket X2 to him.

"If you charge for five minutes, you can show off for two hours." It would be a super rocket X5.

...

After Xiaorou's crying, the gifts in the broadcast room were all over the room.

"Thank you, little brothers, thank you for your

gifts. Xiaorou is so moved that she almost cried. Xiaorou will work overtime today until 12 o'clock in the evening. Then, I will broadcast the nurse outfits and maids outfits for everyone. I come to thank everyone." Jiang Xiaorou's voice was tender and soft.

Hearing Jiang Xiaorou's words, her fans seemed to have gone mad. The gifts had been sent to the point of insanity.

At this time, an ID named 'General Xie' entered Jiang Xiaorou's broadcast room.

This was because 'General Xie' had opened up the emperor in Sally's live studio. As a result, it had a very dazzling special effect on the entrance. It could be seen in the entire live studio.

"Wow, the rich guy, Great General Xie, is here!"

"Great General Xie, hurry up and brush up Xiao Rou and drop that bastard Sally."

...

The bullet screen seemed to be crazy.

This Great General Xie was the one with the highest number of fans in Sally's broadcast room. This time, when Sally rushed to the end of the fan rankings, Great General Xie had given her a guarantor of twelve million yuan.

That's right, this person with the ID 'General Xie' was none other than Xie Qiang, the one who had previously called Sally!

On the public screen.

Great General Xie said, "Everyone, don't worry. Jiang Xiaorou is really famous. No one can compete with her for the first place on the fan's biomechanic festival this time."

Soon after.

General Xie sent a super rocket X1, X2, X3, X3, X 4...

The number of these super rockets continued to soar.

"Thank you, General! You're awesome!"

"Thank you for your might, great general!"

...

Duane took a look at Jiang Xiaorou's ticket. Under Great General Xie's thunderous influence, Jiang Xiaorou's ranking was rapidly increasing!

Because of the announcement of the Super rocket, many spectators who were watching the show in Sally's broadcast room all ran to Jiang Xiaorou's broadcast room to watch the show.

Some major streamers even came over to

send gifts to Jiang Xiaorou, taking this opportunity to win her favor.

Seeing so many gifts, Jiang Xiaorou finally revealed a smile.

"Thank you, little brothers. Seeing so many little boys supporting Little Rou, Little Rou is too happy. Little Rou will sing a song for you!" A smile appeared on Jiang Xiaorou's face.

"We'll be happy to see that Rou is happy!"

"Little Rou's happiness is my greatest happiness!"

...

On the bullet screen, a lot of Xiaorou's fans sent out words like licking a dog.

Chapter 362

Under Jiang Xiaorou's pull of the ticket, her glory value soared all the way.

At this moment, Jiang Xiaorou was singing. She was singing the song 'Indignant Love'. This song was the one that announced Sally's plagiarism. After Sally was sealed, this song became Jiang Xiaorou's.

"This song is so beautiful!"

"Xiao Rou is too talented, to be able to create such a beautiful song. That Sally is still trying to steal it!"

...

This song had recently become very popular on the entire platform, so much so that it could be heard often even on the streets.

After she finished singing a song, the glory had risen from 400 million yuan to 470 million yuan, and it was still rising. More and more audience came to Jiang Xiaorou's broadcast room.

"Good luck, everyone. There's still four million yuan of cash left, and it's about to catch up to

Sally!"

"Everyone, help Rou to brush it. Let Sally take a look at how strong our Xiao Rou is!"

...

"Thank you, boys. I'm so touched. I'll sing another song for you!" Jiang Xiaorou said.

Right after that, Jiang Xiaorou continued to sing.

After singing two songs in a row, Jiang Xiaorou's value finally surpassed Sally's. It reached five hundred and thirty million, which was equivalent to five to thirty million yuan in real estate.

At this moment, Jiang Xiaorou had returned to the top of the total list with the advantage of more than one million in terms of wealth!

"Lil Rou has won the first place again. Everyone, clap and splash flowers!"

"Well done!"

"Our Little Rou is the Big Sister Ziyuer. No one can shake her. That Sally isn't qualified at all!"

...

All of a sudden, the bullet screens in Jiang Xiaorou's live broadcast room were jubilant.

In the previous 12 million, there were 8 million in total, which was bought by the wealthy 'General Xie'. The other 4 million was bought by Jiang Xiaorou's fans.

Among these fans, there was no lack of people who had thrown thousands or tens of thousands of yuan. Compared with millions or tens of millions of yuan, it was insignificant, but the advantage was that there were many people.

At this time, Jiang Xiaorou, who was watching the live broadcast, stood up with her eyes red.

"Little brothers, Little Rou is too touched. Little Rou is the greatest happiness. Thank you, little brothers. Little Rou thanks everyone."

After Jiang Xiaorou finished crying, she looked at the camera and bowed.

When she said these words, her body was also covered in tears, and she appeared to be very emotional.

"Little Rou, we have it, and it is also our greatest happiness."

"Everyone, don't stop, continue to brush, don't let that Sally overdo it!"

"Yes, yes! Let's continue!"

...

Originally, when Jiang Xiaorou's glory was worth over 500 million, her growth had started to slow down. It was mainly due to 'Great General Xie'. However, after Jiang Xiaorou's sobs, the rate of her gifts' growth had increased once again.

(The difference between the glory value and the actual wealth is 100t Deere.)

In Duane's dormitory of Qingyang University.

"F*ck, Jiang Xiaorou is such a bitch. She's f*cking good at pretending." Bob said angrily.

Sean also nodded, "Yes, her posture of sending Duane a message shows that she is a completely b*tch. Now in front of the live broadcast, she looks so pitiful. She is a reverse bitch and a scheming b*tch!"

"That's right, this Jiang Xiaorou is definitely not a good person." Duane's eyes narrowed as he muttered.

Duane was disgusted when he saw Jiang Xiaorou pretending to be pitiful in front of the camera.

Duane knew that Jiang Xiaorou was pretending to be pitiful, winning everyone's sympathy, and then giving her a gift, but there was

still a large group of people really giving her a gift.

"Duane, Jiang Xiaorou's honor value has already reached five hundred and forty million by this time. She has already surpassed Sally, what should we do?" The fatty said.

"If she wants to fight, I, Duane, will fight with her till the end!" Duane's tone was sharp.

Following which, Duane returned to Sally's broadcast room.

On the bullet screen.

"This is bad, Jiang Xiaorou has already surpassed me."

"I wonder if Young Master Lu's father still has the money to help Sally continue fighting."

"Adding the ten million yuan last time, Young Master Lu's father has invested a total of fifty million yuan. This is not a small number!"

...

Sally's fans were all very anxious.

As for Sally, when she saw Jiang Xiaorou surpassing herself, although she was a little disappointed, it was still within her expectations.

Mr. Lu's father sent a super rocket X1, X2, X3, X3, X 4...

While they were discussing on the bullet screen, Duane started to play super-high again.

For many people, 50 million might be a very amazing number, but for Duane, it was nothing. He could afford it!

"Wow, wow, wow, Master Lu's father is starting again!"

"Mighty and powerful!"

...

The comments on the bullet screen were all over again.

When Sally saw that 'Young Master Lu's father' had once again started to turn on the flames, she couldn't help but feel embarrassed.

"Young Master Lu's father, thank you, don't brush for me, brush for me so many, I, Sally, can't take it!" Sally's face was full of seriousness.

However, the number of super players in the live studio was still increasing rapidly. There was no sign that they would stop at all.

At this moment, Sally's broadcast room and Jiang Xiaorou's broadcast room were filled with gifts. Both sides' blazing notice had been on the screen the entire time, causing the entire Dou Yu to go crazy.

Before that, he had accumulated two or three thousand Super-Fires in one go.

Last time during the 'Fans of the Fish FightingFans' party, the first place had only received a total of 20 million yuan as a reward. It had broken the record at that time.

However, the fan's day this time, the most popular record of this month, the most popular record in the live broadcast, the most one-on-one rewards and many other records were refreshed again and again.

Under this kind of super violent attacks, there were almost no people in the live studio of other streamers in this empty alley.

This was because almost all online users were gathered in Sally's and Jiang Xiaorou's broadcast room, watching the battle between Sally and Jiang Xiaorou.

At this time, they were even watching the scenes of Sally's or Jiang Xiaorou's broadcast room in the room of the majority of anglers. It was clear that they were also very interested in the unprecedented battle.

While Duane crazily refreshed the gifts, the fat man was using his mobile phone to help Duane pay attention to the situation in Jiang Xiaorou's

Before that, he had accumulated two or three thousand Super-Fires in one go.

At this time, they were even watching the scenes of Sally's or Jiang Xiaorou's broadcast room in the room of the majority of anglers. It was clear that they were also very interested in the unprecedented battle.

While Duane crazily refreshed the gifts, the fat man was using his mobile phone to help Duane pay attention to the situation in Jiang Xiaorou's

live broadcast room.

...

Half an hour later.

During this half an hour, after Duane's crazy grinding, Sally had already returned to the first place on the nominal roll.

It was worth mentioning that Sally's fight with Jiang Xiaorou for first place among her fans. At this time, she had already occupied the first and second place in the hot search of Weibo. This was definitely very rare!

The first place on the most searched hashtags was "The Leaderboard for the "Fans of the Dou Yu" and the second place was "The Mysterious Tycoon of the "Fishing Dou Yu", a phytosanitary of 70 million."

With the help of the most searched hashtags on Weibo, there was also a heated discussion about this matter on Weibo. More and more people were paying attention to the war without smoke.

Even some viewers who didn't want to play fish games or the audience on other live streaming platforms specially went to watch the century war in the live broadcast world.

At this moment, Sally's glory value had already reached an astonishing seven hundred and fifty million, which was equivalent to seventy-five million in real estate.

In other words, Duane had just received a gift worth more than 20, 30 million yuan in one breath.

Looking at it, Duane had accumulated more than 73 million yuan for this fan event!

...

In the office of the Douyu headquarters.

"Chairman, at the same time, the number of people on the Internet has increased dramatically!" The operating manager excitedly reported to the chairman of the board.

"Ha- ha, very good. Let's fight. The more powerful they fight, the better for us." The chairman of the board was very happy.

...

In the dormitory of Qingyang City.

"Fatty, how much honor does Jiang Xiaorou have now?" Duane asked.

"Duane, her current amount of glory is 150 million. The value of her glory is 100 million lower than Sally's, which is 10 million less in real money." Sean said.

Sean continued excitedly, "The most important thing is that the speed of her gifts now is very slow. The person who should give her gifts has already given her most of them. According to this trend, her gift has reached the bottleneck, and it should not be able to increase."

"Very good." Duane nodded and then stopped waving his super-flamed finger.

As long as Duane kept the ten million difference, Jiang Xiaorou would add more, and Duane would stop when Jiang Xiaorou didn't add more.

At this moment, Sally's livestream room was filled with joy.

"I spent a total of 70 million in real estate. I'm sure there's no one else here!"

"In the whole live broadcast industry of Country Hua, there must be no one who can afford to spend 70 million yuan on the list!"

Chapter 363

"That's enough to buy several top sports cars. Young Master Lu's father didn't buy sports cars, but gave them to Sally. This is definitely true love!"

...

Everyone was amazed at Duane's behavior of investing 70 million yuan.

Sally had already thanked him countless times.

"Young Master Lu's father, I... I really don't know how to thank you. I can only say that I, Sally, owe you a huge favor." Sally's voice was choked with sobs.

To Sally, this was the only person who had given her great encouragement and help in her life.

On the public screen.

Young Master Lu's father, "Sally, do your best!"

"Mm! I'll do my best. I'll release a new song within a week." Sally nodded her head vigorously.

Young Master Lu's father, "Sally, look forward

to your new song."

...

In Jiang Xiaorou's villa, capital city.

Before the live broadcast, she stared at the screen next to her. What was displayed on the screen was the final list of the Duo Yu Fans' Grand Gathering.

When she saw that she had been thrown out a hundred million worth of glory by Sally, her expression became very unsightly.

"Little brothers, Xiaorou has been bullied by Sally again. Can you help a bunch of Xiaorou?" Jiang Xiaorou acted like she was wronged in front of the camera.

"Everyone, brush up Surou's face!"

"Yes, there are still some deposit, hurry up and take it out, don't let Rou be bullied!"

"Thank you so much, Great General. Hurry up and brush Jiang Xiaorou's face."

...

At this time, all the comments on the bullet screen in the live broadcast room were appealing for help.

There were a lot of comments on the bullet

screen.

Unfortunately, there were very few people who paid for the gifts. After all, everyone's money was limited.

That 'General Xie' was also Xie Qiang. He had already placed down his reward. After all, he had promised to pay 15 million yuan to Sally on the phone. He had already had enough of it, so he naturally stopped.

"General Xie has already gone offline. It's highly possible that he doesn't have any money left!"

"Damn, it's not that we didn't give him any help, but Young Master Lu's father is too rich. He has spent 70 million yuan. Did his money come from the wind?"

"Yeah, yeah, that Master Lu's father is too rich. Seventy million yuan is used to reward the anchor. How many ores do you have in your family to dare to do this!"

...

Everyone was sighing with emotion.

'Aimoto's gave out a present for KXXXXX1.

"Starlet" sent out a present for XX66.

D.

...

Jiang Xiaorou looked at the screen. There were only a few small gifts, and they were all small gifts. She wanted to cry but had no tears. If this went on, there would be no hope for her to win against Sally.

No! She didn't want to lose like this!

"Brothers, I need to go to the toilet."

After Jiang Xiaorou finished speaking, she hurriedly got up and left.

After entering the bathroom, Jiang Xiaorou immediately took out her phone and called Xie Qiang.

After the phone was connected.

"Darling, I've been surpassed by Sally once again. Hurry up and help me." Jiang Xiaorou was extremely anxious.

"Little Rou, it's not that I don't want to help you, but I've already added 25 million yuan to your account. Although my account is account account with a 50% discount, I've actually spent 1256 million yuan. My money isn't easy to earn. I've made an investment recently, so I don't have much cash in the first place," Xie Qiang said.

Xie Qiang was one of the behind-the-scenes

shareholders of the fish business, so he had an internal account.

"Just help me brush a little more, I know that you still have money." Jiang Xiaorou continued to act like a spoiled child.

"It's not that I don't want to help. If I give you another ten million, I'll have no problem. But that kid is so fierce, he's definitely very rich. If he wants to win the championship, it's definitely not enough to spend another twenty to thirty million." Xie Qiang said.

After a pause, Xie Qiang smiled and said, "Little Rou, why don't we just leave the championship to Sally? Anyway, it's just an empty title. Isn't it enough to compete for the champion next time? Spending so much money is too much for just an empty title."

Last fan's day, twenty million yuan could win the championship in real estate. The intensity this time was far more than before, so it was really not worth it this time.

"No! I definitely won't let Sally win the championship this time. The championship will definitely be mine! Definitely!"

Jiang Xiaorou's tone was firm, and her gaze was cold. It was terrifying to look at.

At this moment, she had a fierce look on her face. She was totally different from the simple, delicate and poor look in the broadcast room.

For Jiang Xiaorou, the purpose of this "Fans of the Fish Battle" Festival was not to be the first-ranked manager, but to make a good name for herself.

Now that so many people were paying attention to this matter, how could she lose? Absolutely not!

"Well, you have to fight for it yourself. The present I promised you before has been paid. The rest of it is up to you. You can use your own money to pay for it. I'm hanging up," Xie Qiang said.

"Xie Qiang, how can you be so heartless? If you don't help me, I will tell your wife that you have improper relations with many female anchors!" Jiang Xiaorou shouted over the phone.

At the other end of the phone, Xie Qiang said. After hearing these words, he was about to hang up the phone, but suddenly his face changed greatly.

"Jiang Xiaorou, are you threatening me?" Xie Qiang's tone was cold.

Jiang Xiaorou continued, "Also, if Chairman

Dou Yu knows that you are charging black money, you should be clear about the consequences."

"You... OK, I will give you another 20 million yuan worth of presents. As for whether you can win the championship, it depends on yourself." Xie Qiang gritted his teeth and said.

"No! I want the champion. You must help me get the champion!" Jiang Xiaorou said.

Jiang Xiaorou knew that it was no longer realistic to rely on her fans to help her win the championship. The only thing she could hope for was for Xie Qiang to help her.

"What? How can I guarantee you the championship? Who knows how much Master Lu's father will win? If he wins another fifty million yuan or one hundred million yuan, will I help you to compete with him?" Xie Qiang's voice was sharp.

"Xie Qiang, if the chairman knew, you would also have an affair with his second wife. You can guess what will happen." Jiang Xiaorou said.

"How... how do you know?" Xie Qiang's voice was sharp.

"Of course I know. If I don't have some ideas, how can I sit on the first sister's seat?" Jiang Xiaorou sneered.

"Phew... Okay, I promise you that I'll find a way to help you win the championship, okay?" Xie Qiang said, gritting his teeth.

Hearing this, Jiang Xiaorou's face revealed a look of satisfaction.

"Thank you, my dear, ah!"

Jiang Xiaorou gave the phone a kiss and then hung up.

On the other side.

Xie Qiang hung up the phone.

"F*ck, this Master Lu's father is definitely a super rich man. I can't go head to head with him!" Xie Qiang muttered to himself.

Although Xie Qiang had a lot of money, he couldn't use many of his assets, such as the shares of fish. This was the fixed property, which made him take out too much cash at a time. If it didn't work out, he couldn't sell the shares of fish Gang, could he?

What's more, he had seen the heroic spirit of "Master Lu's father". He felt that even if he spent another ten or twenty million yuan, he would soon be more generous.

So, on this matter, he decided to find another way.

...

On the other side.

After hanging up the phone, Jiang Xiaorou fixed her makeup and returned to the broadcast room to continue the live broadcast.

In the studio.

As soon as Jiang Xiaorou sat down, he discovered that the comments on the bullet screen were 'Master Lu's father'. She took a closer look and realized that Master Lu's father was currently in her live broadcast room.

"Young Master Lu's father, why have you come to my broadcast room?" Jiang Xiaorou raised her eyebrows.

On the public screen.

Young Master Lu's father said, "I'm here to ask you, do you still want to fight for it or not? I'm waiting for your glory to continue so that I can continue to farm gifts. You don't have enough wealth and fans on your side."

"D*mn it. Shen Hao, 666!"

A lot of spectators who came to Jiang Xiaorou's broadcast room to watch the fun all started to post 666.

Of course, Jiang Xiaorou's fans also

immediately posted comments on the bullet screen.

"Being rich means nothing to me. I hate people like you the most!"

"Master Lu's father, this is Xiaorou's broadcast room. You are not welcome here. Get out!"

"Yes, get out!"

...

Jiang Xiaorou's fans all started to take up the cudgels for her.

On the public screen.

Young Master Lu's father said, "Yes, it's amazing to have money. If you don't like it, you can smash Jiang Xiaorou back to the first place with money."

Master Lu's father: "In addition, I like to see that you don't like me, but you can't get rid of me and let me get out? What can you do to me if I don't leave?"

After hearing Duane's words, the onlookers, who came to watch the scene, became even more excited.

"Childe Lu's father, don't be complacent. Wait and see. The champion must be mine!" Jiang

Xiaorou said in a firm tone.

At this time, the text message on Jiang Xiaorou's mobile phone rang. She quickly picked up the phone and checked the content of the text message.

Chapter 364

After reading the text message.

"Everyone, I have something to do, so I'll go live for a while. I'll go up at around 7 p.m.," Jiang Xiaorou said.

Following which, Jiang Xiaorou shut off the live broadcast and hurried out.

In the studio, everyone was very confused. Why did Jiang Xiaorou suddenly get ready to get out of the broadcast room?

Although the live broadcast had been closed, the bullet screens were still full of greetings. Many people were still asking, was Jiang Xiaorou not going to fight for first place?

...

After Jiang Xiaorou went out, she drove her car to a private room in a hotel.

She had received a text message from Xie Qiang saying that he wanted to introduce her to a rich man who could help her win the championship.

In the box, Xie Qiang was sitting, and there was another young man with sunglasses. The

man was casually leaning on the chair, revealing the platinum diamond-studded limited-ed watch on his wrist.

"Xiaorou, come on, let me introduce you. This is Young Master Zhu, one of the Eight Childes in Jingcheng City. Young Master Zhu likes your new song 'Wrong Love' very much, so he would like to meet you," Xie Qiang introduced with a smile.

"One of the Eight Masters in the Capital City?" Jiang Xiaorou was surprised.

Of course, she had heard of the Eight Childes of Jingcheng City.

The Eight Childes of Jingcheng City were well-known in the capital city, but she had no chance to get in touch with such a person before.

"Nice to meet you, Mr. Zhu!"

Jiang Xiaorou did not dare to hesitate. She quickly went forward and shook hands with Young Master Zhu, and her attitude was extremely respectful.

That was because he knew that among the Eighth Young Master's family in the capital, every Young Master's family was one of the most powerful in the capital. They even had a lot of influence across the country.

When Jiang Xiaorou shook hands with Master Zhu, Master Zhu pulled her into his arms and held her in his arms.

Jiang Xiaorou didn't refuse. Instead, she came closer to Young Master Zhu.

Young Master Zhu stared at Jiang Xiaorou with a big smile on his face.

"Jiang Xiaorou, I have been very fond of listening to your song recently. Today, I finally meet you. I didn't expect you to sing well and you are beautiful," Master Zhu said.

"I'm flattered, Young Master Zhu." Jiang Xiaorou revealed a smile.

At this time, Xie Qiang next to her said, "Xiaorou, Young Master Zhu's family is very rich. The Zhu family has a lot of business abroad."

"Although there are only 30 billion on the Hua Country's wealth list, Master Zhu's father only has money on the surface. If you add the money that can't be shown to others, your wealth will be immeasurable and power will not be measured by your own."

Upon hearing this, Jiang Xiaorou's heart was filled with shock.

After all, she was just an anchor. Although

she had a broader vision than ordinary people, the richest people she had ever met were people like Xie Qiang and the fish-fighting boss.

Xie Qiang was known by Jiang Xiaorou before the big fire started. Xie Qiang only had more than one billion assets. Since Jiang Xiaorou was able to make a fire, Xie Qiang had helped her a lot. Of course, Jiang Xiaorou had also given him a lot of benefits.

As for the rich Master Zhu, she had never seen him before. Such wealth was enough to make her gasp with astonishment.

Xie Qiang continued, "Mr. Zhu is the only child of the Zhu family, and he is very favored. His pocket money is higher than my total assets. You must take good care of yourself, Xiaorou."

Hearing this, Jiang Xiaorou's heart became even hotter.

At this time, Master Zhu said slowly, "Xiaorou, I heard from Xie Qiang that you've been competing for the first place on the list of fish fans?"

Jiang Xiaorou quickly nodded her head, "That's right, there's someone who plagiarizes my song and takes first place with me. She's just a copyer, yet she still dares to do this, that's just too infuriating!"

"Competing for the list is just money. For me, it's not a problem that can be solved with money. Although I don't play fishing, I can register a number and help you get the first place." Mr. Zhu said lightly.

Childe Zhu really didn't play fishing at ordinary times. What kind anchor, tender model or star did he want to play? Was there a need to watch it?

"Really? Then thank you so much, Young Master Zhu!" Jiang Xiaorou was so excited that she thanked him again and again.

"However, I am not helping you for nothing. Do you understand what I mean?" Master Zhu showed a sinister smile.

"Of course!" Jiang Xiaorou smiled and nodded.

"My request is not ordinary," said Master Zhu.

Then, Childe Zhu whispered in Jiang Xiaorou's ear.

After listening to Young Master Zhu's words, Jiang Xiaorou's eyes widened in shock. This was because the demands that Young Master Zhu had put forward were unbelievable to her.

"What? You don't want to? I don't like to force anyone. If you don't want to, then forget it," Master

Zhu said indifferently.

"Young Master Zhu, I'm willing! I'm willing!" Jiang Xiaorou quickly nodded, afraid that she would miss out on this great moneybag.

For Jiang Xiaorou, being able to catch up with Master Zhu was not only related to the champion of the "Fans Competition", but also related to the future.

If she missed it this time, it would be even more difficult for her to make friends with such a powerful person again!

"Haha, good!" Young Master Zhu laughed happily.

"Xie Qiang, you go out first. Let me have a try with her first." Master Zhu waved his hand to Xie Qiang.

"Okay, okay, okay." Xie Qiang nodded repeatedly and then left the room.

...

On the other side, in Qingyang City.

After Duane saw Jiang Xiaorou getting out of the broadcast room, he took the fat man and Amin to go out for dinner and waited for a while to see what was going on.

After all, the ranking list would be officially

settled at 12 p.m., and the champion would be the first at that time. It was only afternoon now, and there was still some time before 12 p.m. to the calculation.

However, according to Duane's estimation, since Jiang Xiaorou had pulled the strings to such an extent, those who could afford to give her money should have already been spent. Jiang Xiaorou's honor value should not be much more than enough to raise her family's wealth.

After the meal, the three of them found another bar, ready to drink while waiting until twelve o'clock in the evening. If Duane rested early, the other party might steal it up.

So Duane had to stick together until the night before he could have a rest after the champion confirmed it.

Inside a booth in the bar.

"Duane, I took a look at it. From the time we left the dormitory till now, in two hours, Jiang Xiaorou's glory points have been increased by a million, which is equivalent to a hundred thousand in real estate. Jiang Xiaorou definitely won't be able to catch up with Sally," Bob said.

Sean also said, "Duane, after Jiang Xiaorou got out of the broadcast room in the afternoon,

she hasn't been on the broadcast room yet. Has she given up?"

"I don't think this Jiang Xiaorou will give up so easily. No matter what, we'll know soon enough." Duane said.

Although Jiang Xiaorou was not on the broadcast, there were still many people waiting for her to return from the broadcast room.

Duane had just looked through the news on his mobile phone. Whether it was on Weibo, post, or the major media platforms, the matter was spread everywhere.

And the hot search on Weibo still didn't go down.

Obviously, this "Fans of the Dou Yu" battle had caused a sensation across the network.

Duane didn't expect that the championship battle would cause such a stir.

Duane thought for a while and thought, "That's good. As long as Sally wins the championship, Sally's reputation will definitely increase a lot."

Afterwards, Sally would release a new song in the next few days. Because the heat had not yet passed, the new song would definitely attract

many people's attention. They might even try it out. As long as it was a nice song, Sally would definitely be able to use it to enliven the world.

At this time, the fat man suddenly grinned and said, "Duane, you must still have her in your heart since you care about Sally like this. Why didn't you go to Beijing to find her?"

"Don't make wild guesses, boy." Duane shook his head with a wry smile, then picked up the glass in his hand and drank it up.

The matter between him and Sally had always been a scar in Duane's heart.

Sean saw that Duane didn't want to mention it, so he didn't say anything more.

The three of them continued chatting and drinking, and half an hour passed in the blink of an eye.

Duane took out his mobile phone to see what was going on. Amin and the fat man also picked up the mobile phones on the table one after another.

Duane first entered the "Douyu fan event's" page, reading the ranking and corresponding glory points.

Number one, Jiang Xiaorou, whose glory was

worth 950 million.

Second, Sally's glory was worth 750 million.

Third, Snake Demon's glory was worth two hundred and sixty million.

...

When Duane saw this list, his face suddenly twitched.

"Jiang Xiaorou actually overtook me again? Moreover, it surpasses a total of 900 million worth of glory?" Duane was shocked.

In the past, Jiang Xiaorou was even lower than Sally, but now there were so many of them. That was to say, in just half an hour, Jiang Xiaorou had received another gift worth 30 million in real money!

Jiang Xiaorou's gift, combined with real-estate, was 9 constituents million yuan, which was going to be over 100 million yuan.

This was completely beyond Duane's expectation.

"Duane, Jiang Xiaorou is currently broadcasting a live broadcast, and there's also a tycoon with an ID called 'Master Zhu' who's fanning him crazily. He's already done 15,000 people for him, and he hasn't stopped doing so

yet!" Sean exclaimed.

Chapter 365

After hearing her words, Duane hurried into Jiang Xiaorou's broadcast room.

The person whose ID was Master Zhu was giving gifts to Jiang Xiaorou crazily.

Just as Duane entered the broadcast room, Duane saw that Jiang Xiaorou's glory value rose from 900 million yuan to 1 billion yuan.

"The glory of sprinkling flowers to celebrate the arrival of Xiaorou is worth more than a billion!"

"One billion points of glory is equivalent to a total of 100 million RMB in real estate. Oh my god, it's too horrible!"

"For a fan of Xiaorou's one-hundred-million-dollar bonus, that should be enough for her to be recorded in the history book of the Dou Yu!"

"It's awesome! Impressive!"

"666!" the middle-aged man answered.

"That Sally, I'm afraid she won't have the chance to fight with Xiao Rou anymore!"

...

After taking a look at the bullet screen, Duane

returned to Sally's broadcast room.

In Sally's broadcast room, everyone was discussing the issue of the new upstart giving gifts to Jiang Xiaorou.

"That Devin has already given Jiang Xiaorou a gift worth 35 million, and it's still going on!"

"I don't know if Master Lu's father still has money. After all, he has spent 70 million yuan. If he wants to surpass him now, I'm afraid he will have to spend a lot of money."

"Although 'Master Lu's father' had promised to help Sally win the championship, he had already spent far more money than he had expected. Even if he doesn't do it now, it's not a fail to live up to his promise."

"Sigh, it looks like I'm going to lose."

"There's no other way. Who would've thought that a super-rich person would suddenly support Jiang Xiaorou? It's not Young Master Lu's father's fault."

...

On the bullet screen, Sally's fans were already disheartened. After all, Duane had already spent so much money. They did not think that Duane still had money to continue fighting for.

Master Lu's father sent out super-fire X1, X2, X3, X 4...

Just when everyone was talking about it, Duane had already started attacking again.

"Wow, Master Lu's father didn't give up!"

...

At first, everyone had been disheartened, but when they saw Duane continue to update the list, they were excited again.

...

Jing City, Jiang Xiaorou's home.

Young Master Zhu was leaning on the sofa in Jiang Xiaorou's living room, comfortably brushing gifts for Jiang Xiaorou.

He helped Jiang Xiaorou gain the value of her glory, and only stopped when he had spent one billion.

"What's that?"

Master Zhu discovered that Sally, who was ranked number two's honor value had actually started to soar once again.

When Young Master Zhu clicked into Sally's broadcast room, he saw a person whose ID was 'Young Master Lu's father' crazily grinding the

screen.

Young Master Zhu immediately typed on the Public Chat screen.

First Young Master Zhu: "Young Master Lu's father, I heard that he's going to win the championship for Sally? I'm really sorry, but I'm also going to help Jiang Xiaorou win the championship. Although I don't know who it is, I'm confident that I can't possibly have money more than me!"

As soon as the words came out of Young Master Zhu's mouth, the comments on the bullet screen burst into an uproar.

"What the f*ck, Master Zhu is here to make trouble!"

"Master Zhu is awesome!"

...

Duane, who was gifting gifts, naturally saw what Master Zhu said.

Master Lu's father said, "Well, we'll wait and see who will be the champion."

Thus, the two of them started a fierce battle of super fiery rain.

Since then, the competition for the championship of the anchor had turned into a

screen.

Young Master Zhu immediately typed on the Public Chat screen.

First Young Master Zhu: "Young Master Lu's father, I heard that he's going to win the championship for Sally? I'm really sorry, but I'm also going to help Jiang Xiaorou win the championship. Although I don't know who it is, I'm confident that I can't possibly have money more than me!"

As soon as the words came out of Young Master Zhu's mouth, the comments on the bullet screen burst into an uproar.

"What the f*ck, Master Zhu is here to make trouble!"

"Master Zhu is awesome!"

...

Duane, who was gifting gifts, naturally saw what Master Zhu said.

Master Lu's father said, "Well, we'll wait and see who will be the champion."

Thus, the two of them started a fierce battle of super fiery rain.

Since then, the competition for the championship of the anchor had turned into a

great war for the heroes!

This was a war without gunpowder.

Because it was already night time, and many people had already got off work, which was the peak of surfing the Internet.

Under the hot search of Weibo and the spread of various self-media news, countless online netizens swarmed into the fishing field to witness the exciting moment of Shenhao's battle.

This night was bound to be recorded in the history of the battle of fishing.

After an hour of fierce fighting.

At this moment, Sally's total amount of glory had reached two billion, which was equivalent to two hundred million in real money.

Almost all of the two hundred million yuan were poured in by Duane.

To tell the truth, before attending this championship battle, Duane absolutely did not expect that he would spend so much money. At that time, Duane also searched and found that the champion director only took more than 20 million gifts in the last fan battle.

It could be imagined how fierce it was this time.

However, now that they had already fought to this extent, Duane would definitely not give up halfway.

Not to mention 200 million, even if it was two billion, Duane would definitely compete to be the champion today!

This was no longer a matter of money!

As for Jiang Xiaorou, at this moment, it was a great amount of glory worth Particle million yuan. It was also close to 200 million yuan when it was converted into adult money.

Among them, there was more than a hundred million yuan, which was acquired by Master Zhu.

In the beginning, First Young Master Zhu had thought that he would be able to help Xiao Rou win the championship with tens of millions of dollars.

However, they had underestimated Duane's financial resources and his determination to win the championship.

The number of gifts received by both sides exceeded 200 million. The platforms such as microblogs, post bars, and so on were also completely shocked.

"Oh my god, are we going to fish? The gifts

received by these two streamers have reached four hundred million yuan! What a man with p*ss!"

"He's just fighting for the champion of the fan number one. How could he invest so much money into it? Is he crazy?"

"What do we know? What they are fighting for now is not the champion, but a breath of air!"

"We really don't understand the world of rich people!"

"The feud between the local tyrants has benefited me a lot in fishing!"

"Both sides are going crazy. I don't know how much money will be spent in the end, and who will win the championship in the end."

...

These remarks were filled with posts on Weibo, post, and personal media platforms.

The title was titled "The Battle of the Gods of fish in a Noble Age. Who will be the final winner?" The self- personal news of "The News channel" had also gone viral.

Before today, the news and posts about the champion of the Battle of the fans, which had been predicted, had apparently been miscalculated.

No one would have thought that Sally and Jiang Xiaorou would fight to such an extent. This was completely beyond everyone's imagination and cognition!

The battle was so fierce that everyone was looking forward to the final result.

It was bound to be a sleepless night.

Because countless online names were waiting for 12 o'clock, waiting for the final result to come out.

...

Under the witness of countless online names, the two sides once again spent 250 billion yuan on glory, which was equivalent to 250 million yuan.

Moreover, both sides argued with each other and bit each other very tightly, so that no one could predict the final result at all.

In Jiang Xiaorou's villa, capital city.

Young Master Zhu, who looked relaxed at the beginning, looked uneasy at this moment.

That was because he had already spent almost 200 million. This was way beyond his expectations.

Although his family was rich, the money was,

after all, under his father's control. The pocket money he could use was limited. Two hundred million yuan was already two months' worth of pocket money for him!

This had already made him feel pain in his chest.

For him, it was acceptable to spend tens of millions of dollars to be a popular anchor, but it was not worth it to spend hundreds of millions of dollars.

"Damn it, he's still acting. Doesn't he feel bad?" Master Zhu said, gritting his teeth.

According to the current situation, the other party had no intention of stopping, and it made him unable to get down on his feet.

In Jiang Xiaorou's broadcast room.

'Master Lu's father' entered the broadcast room.

On the public screen.

Young Master Lu's father said, "What do you think, Young Master Zhu? I'm not disappointed, right? I still have a lot of balance. It's twelve o'clock now, and there are still three hours left. I can fight until twelve o'clock."

"Damn it!"

After seeing this sentence, Mr. Zhu was so angry that he hit the sofa with his fist.

For Childe Zhu, usually no one dared to talk to him like this!

First Young Master Zhu said, "Boy, you are not in the capital city. If you dare to talk to me like this in the capital city, I promise that you will die a terrible death!"

Childe Zhu usually didn't dare to talk to him like this, and no one dared to compete with him for what he liked.

He was already pissed off by Duane's attempt to compete with him like this. Now that Duane had provoked him, he could not tolerate it anymore!

As soon as Master Zhu finished speaking, some people on the bullet screen immediately realized that he was confused.

"Could this Master Zhu be one of the Eight Childes in Jingcheng City?"

"I'm a native of Jingcheng City. I've heard of the Eight Childes in Jingcheng City. This Master Zhu is so generous. It's really possible that he is Master Zhu!"

...

Some of the audience guessed the identity of

Childe Zhu according to Childe Zhu's words.

Of course, most of the audience outside the city did not know who Young Master Zhu was.

Young Master Lu's father, "Haha, even if I were in Jingcheng City, I still wouldn't take it seriously!"

Master Zhu said, "Fu*k you. Kid, if I can't win today, my last name is not Zhu!"

For Master Zhu, not only was he helping Jiang Xiaorou, but he was also going to vent his anger!

As the contradiction escalated, the two of them once again began to brush each other with a vigorous and fierce move.

Under the witness of countless netizens, Sally and Jiang Xiaorou's gifts reached a total of three hundred and fifty million, and they were still soaring!

Chapter 366

Even Sally and Jiang Xiaorou were shocked by this. They had never thought that gifts would come to this level. This was almost beyond their understanding.

...

At the house of the Dou Yu boss.

"Haha, play it, play it, play it!" The owner of the fish business seemed very happy.

The man who benefited from the tussle between the cranes and the mutttituts.

In this God-tyll war, the fishing party was obviously one of the parties who got the advantage. They not only made money, but also made a lot of money, which caused the number of fish players to skyrocket.

...

In Jiang Xiaorou's home.

It was 10:30 p.m. at this time.

"F*ck, we can't go on like this!" Young Master Zhu said through gritted teeth.

He didn't know how long it would take if the

game went on like this. If the game went on like this, the pocket money in his pocket would be too much for him to bear.

After all, the money he paid was enough to buy a super luxurious yacht. Was it worth it?

"We have to think of a way," said Young Master Zhu.

"Young Master Zhu, I have an idea," said Xie Ping, who was sitting across from him.

"What is it? Tell me!" Master Zhu hurriedly asked.

"I can give the fish boss a call and have him set his foot on the desk, preventing Sally's broadcast room from receiving gifts. This way, you and Jiang Xiaorou will definitely win. With your pressure, you definitely won't dare to refuse!" Xie Ping said.

"That's a good idea." Master Zhu's eyes lit up.

With just one word, he could save him a lot of pocket money. Why wouldn't he do it? After all, his pocket money was limited, not brought by a gust of wind.

...

On the other side, in the house of the owner of the fish business.

As he was paying attention to the progress of the competition, the phone suddenly rang.

"Hello, who is it?" The Dou Yu boss picked up the phone.

"I'm Young Master Zhu from the Zhu Family. I'm ordering you to immediately set aside a desk so that Sally's broadcast room won't be able to receive any gifts," Young Master Zhu said.

"What?" The owner's face changed.

"What's wrong? Is there any problem? If you can't do it, I'll do it!" Master Zhu's tone was cold.

Upon hearing this, the face of the owner of the Douyu Shop changed dramatically.

Of course, he knew that the Zhu clan's power in the capital was so great that it was not something he could provoke.

"I can do it! Young Master Zhu, if you ask for help, of course, I can do it!" The fish business owner answered quickly.

For the worrisome restaurant owner, as long as he wanted to stay in the capital, he dared not to refuse and offend Childe Zhu.

"It's good that you can do it. You have to do it before 11 o'clock."

After saying that, Mr. Zhu directly hung up the

phone.

"F*ck, what the hell is this?" The owner of the Douyu Shop couldn't help complaining.

Although the restaurant owner had connections and power, he could not compare with the Zhu family at all. He could only compromise.

And the fish business owner thought about it carefully. In fact, he also wanted Jiang Natasha to win the championship in his heart.

The reason was very simple. Jiang Natasha was the Big Sister Ziyuer before this. They had been spending a lot of effort to support Jiang Natasha.

If Jiang Natasha lost this time, it would be in vain for them to support her in the past.

But if Jiang Natasha won in this round, Jiang Natasha's popularity would definitely increase and reach a new height.

What's more, Sally's popularity had changed because she was copying the storm. Even if she won the championship, she couldn't change this point. He certainly didn't want to be the champion of a star with a dark history.

Upon thinking of this point, the owner of the

"Fishing Dojo" also made up his mind.

He had also checked before, and found the IP address of "Childe Lu's father". According to the IP address, the man was in the southwest of China, thousands of miles away from Jingcheng City.

Thinking of this, the owner of the fish business felt more at ease.

As a result, the douyu boss immediately called the company's operation department and told them to lock up Sally's broadcast room and give her a reward.

...

Duane was at the bar in Qing City.

"It seems that the other side is also very rich. Both of their gifts have reached 400 million!" Sean stared at the phone screen.

As for Duane, he was still grinding the rocket and making Sally's name on the list.

Although Sally had already passed through the broadcast room and received a private message from other people, constantly telling Duane not to brush it, Duane did not have any intention of stopping.

It was 11 o'clock now, and there was only one hour left before the calculation of the ranking list.

At present, Duane only led by a small advantage of millions of points.

At the last hour, Duane decided to speed up the process of swiping the fire, trying to make a complete distance between him and the second.

In the last hour, the whole internet name and the audience were looking forward to it.

"F*ck, what's going on?" Duane suddenly swore.

"What's wrong, Duane?" Sean and Amin both looked at Duane.

"I can't believe it shows that I failed to give you a present!" Duane said.

Sean and Amin quickly leaned their heads over.

They saw that Duane clicked to give him a super rocket, but the page popped out with a 'I give you a failed zone'.

"Could it be that there is a bug in the fishing match?" Duane frowned.

"Duane, I'm going to Jiang Xiaorou's broadcast room to see if there's anything wrong with her," the fat man said anxiously.

Moments later.

"F*ck, that Devin is still fanning the flames. There's no problem with him at all!" Sean shouted.

"Fatty, let's give Sally a reward." Duane raised his head and looked at the fat man.

If there was only a problem with his own account, Duane could change to another number and continue to rush.

When the fatty heard this, he immediately used his own gifts to gift Sally with gifts.

"Duane, this also means that I've lost the game by giving it to you." Sean said.

Amin also said, "Duane, I also tried, but I couldn't send him out."

"Looks like no one can give Sally's broadcast room a present!" Duane narrowed his eyes and muttered.

At this time, the audience in Sally's studio had already noticed that Duane had stopped.

"Now it's the last hour. The two Shenhaos' eyes have already been red. I don't know who will win the championship!"

"Hey, Shenhao's Master Lu's father. Why did he stop?"

"Yeah, why did Master Lu's father suddenly stop? Is it because of lack of balance and lack of

money?"

"Where is Master Lu's father? Let's talk about it. What's going on? Did you give up?"

"I believe that 'Master Lu's father' will definitely not give up. Don't make wild guesses, everyone. Perhaps Master Lu's father is tired and wants to rest for a few minutes, or he went to the toilet. Let's wait."

...

There were full of guesses and doubts on the bullet screen.

In the bar of Qing City.

"Duane, the bullet screens are asking what's going on. What should we do now?" Sean asked.

"I'll call the worrisome customer service and ask!" Duane said.

Then, Duane dialed the number according to the customer service number left on the Marine fish.

After the phone was connected.

"Hello, this is the dock service center." A girl's voice came from the other end of the line.

"Okay, I'm the user 'Young Master Lu's father'. I'm giving Sally a gift to make it to the

championship. Why do I suddenly show that 'the gift has failed Article 403'? It's a critical moment, please settle it immediately." Duane's expression was serious.

"Alright, sir. We've received your reply. I'll help you respond to the program," the customer service replied.

"How long will it take?" Duane asked.

After all, there was only one hour left before the calculation.

"Sir, I don't know about this. If I have any news, I'll let you know. Is that okay?" asked the customer service.

"All right." Duane had to agree.

After hanging up the phone.

"Fu*k, isn't it a f*cking trick to give birth to HA at this time?" Duane said angrily.

After that, Duane picked up the glass and took a big gulp of wine.

At the critical moment, suddenly there was a situation. Who could bear it?

Then, Duane picked up his mobile phone to see what was going on.

Sally's broadcast room was still filled with

questions and question marks.

Everyone was wondering if Duane had no money or shrank back?

On the public screen.

Master Lu's father: "Something's wrong with Sally's broadcast room, causing me to be unable to send gifts. I've already called the Combat reciprocal customer service."

"Could it be that Master Lu's father is looking for an excuse because he doesn't have the money?"

"Yes, are you telling the truth? If Master Zhu can give it to me, why can't I?"

...

As soon as Duane finished speaking, there were many doubts on the bullet screen.

Young Master Lu's father said, "Sorry, I'm not short of money. Everyone, if you don't believe me, you can give Sally a gift yourself and see if it works."

"It's really like this. I've given it a reward. It shows that the gift has failed by Article Retrieval! It's really not a problem with Young Master Lu's father!"

"That's right, it's me too. It's a gift from Mister

Lu that has failed the game. What Mister Lu's father said is true. Sally's broadcast room really can't give a present anymore."

"F*ck, Dou Yu is too stupid. How could there be such a problem at such a critical moment at the finals?"

...

Some of the viewers on the bullet screens confirmed it.

Sally was also worried when she saw this situation.

Chapter 367

Even though Sally had already told Duane not to reward her.

However, the battle had already reached its final moments. Sally also knew that at this moment, everything that 'Master Lu's father had given up was in vain.

"Young Master Lu's father, I'll call you right now to ask!" Sally, who was before the live broadcast, said.

Sally began to make a phone call in front of the camera. However, the other party's reply was that there was a problem with the procedure and that it was currently being urgently repaired.

The originally stalemated battle, because of this sudden situation, made everyone even more nervous, especially Sally's fans. They all broke out in a cold sweat.

At this time, it was eleven twenty-two o'clock, and there was a problem in the distance. Twenty minutes had passed, but still couldn't be rewarded.

Sally's present had been a few million yuan

ahead of other people's money.

But at this moment, Sally had already surpassed ten million in real estate.

At this time, the first place on the list was Jiang Xiaowen, who had four billion yuan worth of glory.

Second on the list, Sally, 4 billion worth of glory.

Duane couldn't help but call the customer service again.

"Hey, how's your programmer repairing? How long will it take? Please give me a specific time!" Duane's tone had become a little cold.

"Sir, we can't predict the exact time. Please don't worry!" said the customer service.

"Do you think that I can stay calm? If you can't give me the specific time, then please stop the data on the ranking list and wait for Sally's broadcast room to be repaired before re-contestanting for the champion. This is fair to everyone," Duane said.

"Sir, I can only pass on your suggestion. As for the rest, I don't have the authority," the customer service replied.

"Forget it. Tell your boss directly to let him

call me. I want to talk to him directly," Duane said.

Duane knew, but it was not clear to talk to a customer service. Because she was just a low-level employee, she had no right at all.

"This... I'll send it to my manager," the customer service replied.

"Okay, I'll call you five minutes later," Duane said.

Duane knew that there was only half an hour left before the final payment. He could not afford to waste any more time.

After hanging up the phone, Duane waited for five minutes, but he did not get any call from the restaurant owner, which made Duane very angry.

After all, he had earned four hundred million yuan in the fishing match. How could he treat him like this?

Five minutes later, Duane called again as he promised.

"Hey, your boss, why didn't you call me?" Duane's tone was cold.

"Sir, I'm really sorry. Our boss has already gone to bed," the customer service said.

"Then wake him up. I spent 400 million in the fishing match. Now you have problems. You were

perfunctory while repairing me. You didn't come up with any possible countermeasures at all. What is this?!" Duane roared.

At this time, a man's voice appeared on the phone.

"Hello, sir. I'm the manager of the customer service. On behalf of the octopus, I'm here to talk to you. First of all, I apologize to you. It's our mistake that caused you not to be able to reward us for the time being. We're already doing our best to look into it," said the customer service manager.

"It's 11:40 now. You are still busy with your work. If you can finish your work until tomorrow, do I have to wait until tomorrow?" Duane questioned coldly.

After a pause, Duane continued, "My request is very simple. I want to immediately freeze Jiang Xiaorou's broadcast room's gift and return his data to eleven o'clock. How long will it take for Sally's broadcast room to return to normal, and how long will it take for her to recover?"

"Sir, let's discuss it right away." The customer service manager said.

After hanging up the phone.

Duane found that Jiang Xiaorou's gift number

was already twenty million more than Sally's.

This made Duane very anxious, but Duane could only be anxious enough to wait for the result of the battle on the other side.

In the blink of an eye, it was 11:50, and there were only ten minutes left before the final calculation.

Jiang Xiaorou's broadcast room was filled with joy, but in Sally's broadcast room, she appeared to be very anxious.

During this period, Duane called two more times. The other party said that they were discussing and never gave a clear answer, nor did they reward Jiang Xiaorou's broadcast room.

As time went by, it was almost 12 o'clock, and the list's data was finally fixed.

Number one, Jiang Xiaorou, whose glory was worth 42 billion.

Second, Sally, whose glory was worth four billion yuan.

...

In Jiang Xiaorou's broadcast room.

"He won! He won!"

"We are champions! Little Rou is the

champion (Breaking Sound)!"

"Haha, that Sally, she's still stepped on by our Littlerou!"

...

The live broadcast was filled with joy, and the bullet screen was filled with the comment words 'win'.

Jiang Xiaorou, who was in front of the camera, was also very excited.

"Thank you for the support of the local tyrant, thank you for everyone's support. Xiao Rou originally did not want to fight for the championship because Sally went too far, so I fought for it with her. Now that she is able to win the championship, it means that in this world, there will always be evil people who are on the right side!"

Jiang Xiaorou said in front of the camera while crying piteously, looking very pitiful.

"Xiaorou, don't cry. You are always the best. Don't pay attention to that plagiarizing dog!"

"That's right, Xiaorou, you'll always be the older sister of the Marine League. That Sally won't be able to win against you at all!"

...

A large number of fans posted bullet comments to comfort Jiang Xiaorou.

As for Sally's broadcast room, it was a different scene.

"Sigh, I lost, I lost. In the end, I lost!"

"Damn it, it's so annoying. If I lose because I don't have money, I can't think about it. But how can I lose because of the fish battle?"

"This isn't fair. He's strongly requesting a fish competition!"

"Yes, you're required to win the fish competition!"

...

The comments on Sally's live broadcast were very depressing, and many of Sally's fans appeared to be dissatisfied.

Sally was also a little depressed. If she was forced to quit due to the lack of money, she definitely wouldn't have any complaints.

However, because of her failure, she was also unwilling to accept it. She also felt guilty for "Master Lu's" father. After all, Master Lu's father had spent hundreds of millions of yuan for her, but it turned out to be like this in the end.

Young Master Lu's father, "Rest assured, Sally.

I will let Dou Yu make a reasonable verdict for this matter."

At this time, 'Master Zhu' suddenly entered Sally's broadcast room.

Master Zhu said, "Master Lu's father, I've said that you're bound to lose. Are you convinced now? Haha, fight with me? Who the f*ck are you?"

In the bar of Qing City.

After seeing the message sent by Master Zhu, Duane's eyes were burning with anger.

Peng!

The glass in Duane's hand was pinched by Duane, which was broken into pieces and mixed with red wine, dyeing Duane's hand red.

Master Lu's father said, "This is also a win? It's a fishing problem, so I can't donate my gift, okay? I will ask for fishing and make a fair judgment. This will definitely not be the final result!"

First Young Master Zhu said, "Okay, let's see how to make a decision about what to do with the fish!"

Duane could imagine that Master Zhu must be proud of himself now.

At this time, Jiang Xiaorou actually entered

Sally's broadcast room.

Jiang Xiaorou proudly said, "Sally, this is called justice! You plagiarized, yet you still want to compete for the champion against me? Shameless! You still lost now, right?"

"Jiang Xiaorou, you... you..."

Sally's face turned pale from anger. On the matter of plagiarizing, Sally had been greatly wronged. Now, she was humiliated by Jiang Xiaorou.

In the bar of Qing City.

Duane had dialed the phone again. It was the number of Dou Yu.

"Hello, sir. I'm the customer service manager." A man's voice came from the other end of the line.

"The customer service manager, right? There's something wrong with you guys, causing me to be unable to help Sally get the championship. How are you going to deal with it?" Duane gritted his teeth and questioned, his tone cold.

A stream of anger had been accumulated in Duane's chest.

At this time, a voice came from the other side of the phone.

Then, another person talked to Duane.

"Hello, I'm Zhao Kai, the general manager of Canyu," the man said.

"You're the general manager, right? I only put forward two requirements. First, I require you to return to the re-table and re-conquer the championship. Second, I require you to issue an announcement and apologize publicly," Duane said coldly.

"I'm sorry, sir. We can't meet the first requirement of yours. Since the championship has already come into being, we won't change it," the general manager said.

"F*ck you, what are you talking about? You don't change? Do you think it's fair? I spent 400 million yuan, but because of your problem, I lost. You can't even satisfy the most basic heavy competition?!" Duane directly cursed.

"Yes, sir. We won't participate in the second round. For your loss, we can only say sorry. As for fairness? In this world, everything is unfair." The general manager's tone was firm.

"Very good, now you don't talk about fairness, right? Do you deal with it with this attitude of yours? Congratulations, you have succeeded in provoking me. I will put my words here, and you

will be done with the fishing game! Bastard!"
Duane said word by word in an unusually sharp
tone.

Chapter 368

After saying this, Duane hung up the phone.

Since the fisherman wanted to kill Duane, Duane promised that he would make the fisherman regret it.

"Damn it, this candied fish is too much of a jerk. He didn't even solve the problem." Amin said angrily.

The fatty also said angrily, "Buff appeared in such a timely manner, and there's only a problem with Sally's broadcast room. In my opinion, maybe she did this on purpose in order to support Jiang Xiaorou. She wants Jiang Xiaorou to win the championship! She's playing dirty tricks!"

"There is really such a possibility." Duane slightly narrowed his eyes and nodded.

Then, Duane changed the topic and said coldly, "No matter what the reason is, I'll kill you for free!"

Then, Duane called Lobb directly.

After the phone was connected.

"Hello, Chairman Lin, is there something urgent?" Lobb asked.

After all, it was twelve o'clock in the evening. Since Duane called him so late at night, Lobb naturally felt that something was important to Duane.

"Lobb, you told me last time that you know a superior in the stock market, right?" Duane asked.

"That's right. I'm going to introduce Duane to you after you returned to the capital. He is very good at both the stock market and shooting," Lobb said.

"Well, you pay a lot of money to hire him and ask him to shoot at all costs to rob my share!" Duane said.

Duane had seen the news before that the fishing business had just been listed in M Country, so Duane could use the stock market to snipe at the fishing business.

"Douyu? OK, Chairman Lin!" Lobb nodded and agreed.

Lobb was a smart person, so he didn't ask why he did this. He only followed Duane's order.

"In addition, I'm going to set up a live broadcast industry and set up a live broadcast company. The goal is very simple. Let's get rid of Canhu," Duane said.

"Chairman Lin, there is a live broadcast company called the colored flag live broadcast in Jindu. As far as I know, this company is short of money and can't do it anymore. If we want to enter the live broadcast circle, we can buy this company," Lobb said.

If he did it himself, he would have to build a company and use the app and web page. It would take a long time and the acquisition would be different. He could use it if he took it.

"Well, that's it. First, I will buy the live broadcast of this banner. Second, I will pay any price to dig out the anchor to rob the fishes for me. Except for Jiang Xiaorou, I will not do that. Third, I will buy the news to promote it. Sixth, hacker, please give me the web page and app of the black fishes." Duane said these six words in one breath.

Duane's total assets amounted to tens of billions. He was confident in his life-and-death struggle with Su Mo.

At the worst, Duane spent billions of yuan to get in.

What's more, once Duane's live broadcast company became the first brother in the live broadcast circle, the money would naturally be

earned back!

"No problem. I will go and talk to the person in charge of the live broadcast of the banner tonight. We will confirm the acquisition before dawn and start to carry out other plans tomorrow!" Lobb said.

"Lobb, there are a lot of things. In addition to you, we will also transfer a large number of elites of the company to do this matter together and consider this matter as the first priority. You have to be quick and remember to pay any price!" Duane reminded him.

"Rest assured, Chairman Lin. I will definitely hand over a satisfactory answer scroll for you!" Lobb was full of confidence.

After hanging up the phone.

Another private message appeared on Duane's mobile phone. Duane saw that it was from Sally, who sent it to Duane through a fishing private message.

Sally said, "Young Master Lu's father, thank you very much for today. I owe you a big favor. I just contacted Dou Yu, but they said that they wouldn't change the result. I don't care. I don't care about being the champion. It's just that you..."

Sally said, "By the way, I'll give you all the

money you gave me after you give me the fish. Send me your bank account."

Although Sally was chatting with Duane, Sally obviously didn't know that "Young Master Lu's father" was Duane.

Young Master Lu's father said, "Sally, I won't let this matter rest. Since Dou Yu won't change the result, then I'll destroy it. After that, come to my platform and I'll be your sister. I'll make you the most famous singer."

Sally said, "Young Master Lu's father, although we don't know each other, thank you so much for your help. You're the best in the world of live broadcast after all. Don't waste your money for me. I, Sally, already owe you a huge favor. I can't accept it."

Childe Lu's father said, "It's okay. Don't care about anything. Just concentrate on preparing your new song. Leave the rest to me and look forward to your new song..."

Sally said, "Then... alright, I'll work hard."

...

Capital City, at the house of the owner of the fish business.

The owner of the fish stall was lying on the

bed, ready to sleep.

The General Manager of the Douyu County called him.

"Chairman, I have done as you ordered. It's just... that Shenhao, the father of Mr. Lu, is very dissatisfied. He said that he would destroy us." The general manager said.

"Exterminate my triveling? Haha." The owner of the triveling laughed scornfully.

The man continued with a smile, "Don't worry. I have checked his IP. He is in Huanan, which is hundreds of thousands of miles away from our capital. Even if he has some local influence, he can't affect us."

After hanging up the phone, the general manager of the Canyu General Manager lay down and slept quietly.

On the other side, Jiang Xiaorou's villa was filled with happiness.

Jiang Xiaorou, who had won the championship, of course, was very happy. She played the love card in the broadcast room for a while and then went out on the live broadcast.

In the living room.

"Young Master Zhu, thank you so much."

Jiang Xiaorou was extremely excited.

In today's championship battle, at the end, it had already reached a total of four hundred million. This was something that Jiang Xiaorou had never imagined. She didn't think that Young Master Lu's father would actually be this generous.

Now she thought about it carefully. Without the help of Childe Zhu, it would have been impossible for her to win the championship by herself, relying on her fans and Xie Qiang.

Childe Zhu took Jiang Xiaorou into his arms and said with a smirk, "You don't have to thank me. Just fulfill your promise."

...

The argument over the Fans' quantity of Fish screens came to an end, but the popularity did not diminish.

The most popular search for "The Champion of the Fans of Dou Yu" had already appeared on Weibo, and it came in first place among all the most popular searches.

In this competition, although the final winner was Jiang Xiaorou, many people initially predicted her to be the winner.

But the intensity this time was beyond everyone's expectation.

It had never happened in the entire live broadcast world that people competed for more than one billion yuan for the ranking list!

Before this, it was already very awesome to be able to exceed ten million yuan.

However, all together, Sally and Jiang Xiaorou had taken a total of eight hundred million!

On Weibo, post bar, and on the fishnzymatic Platform, people were talking about the result of the "Fans of the fish practice" competition everywhere.

"D*mn it. Eight hundred million in total. I'm so rich!"

"I don't know what that Shenhao 'Mr. Lu's father' feels like. He spent so much money, but he still lost. Moreover, he lost on the bug in the live broadcast."

"Fishing is supposed to be a rematch or something. Otherwise, it's too unfair."

"I think so. Otherwise, it's too unfair for 'Master Lu's father'!"

...

Similar comments could be seen everywhere

on Weibo, post, and various media platforms.

Just when everyone was talking about it, the fisherman suddenly updated.

The content was to congratulate Jiang Xiaorou for winning the championship, to congratulate Sally for winning the runner-up, and to praise her current prowess in the 'Treasure of the World'. She would be able to earn eight hundred million yuan in one fan festival.

After seeing this official, everyone understood that since Douyu had issued a bid to congratulate the champion, it was enough to say that he would not win again.

The moment this official appeared, everyone's discussions became even more intense. Wasn't it obvious that they were bullying Sally and that Godly Hero, Young Master Lu's father?

Some people even said that this gallant man might take revenge on him for the fishing match.

...

In the blink of an eye, the second day had arrived.

In the morning of the next day, a lot of self-media and news reported the championship competition for the 'Fans Battle of the Fans'.

To be honest, almost everyone who often surfed the Internet knew about this thing.

In addition, there was a piece of news. The fifth-placed banner in the live broadcast circle was purchased by a company. However, this piece of news was not noticed by many people.

The next morning.

In Jiang Xiaorou's home.

Jiang Xiaorou was putting on makeup, preparing to go on the broadcast later. At this time, her assistant and manager rushed in.

Chapter 369

Sister Jiang, this is good news. The well-known director, Feng Gang, just contacted me and said that he wanted to be the leading actress for his new movie!" The assistant said excitedly.

"What! Director Feng wants me to be the female lead?" When Jiang Xiaorou heard this news, she immediately went mad with joy.

No kidding. Director Feng was a well-known big director in the country. Jiang Xiaorou had never dreamed that she could become the leading actress in Director Feng's movie.

"Sister Jiang, it must be yesterday's championship battle of fans. Sister Jiang, your popularity and fame have reached a new height. Even Director Feng wants you to be the leading actress." The assistant's face was full of smiles.

"It must be so. It seems that I've worked hard to take the first place. It's true!" Jiang Xiaorou was very excited.

"Director Feng is waiting for my reply. Do you want to agree?" The assistant asked.

"Of course I agree. To me, this is an important

turning point for me to enter the film and television circle from the live broadcast world!" Jiang Xiaorou said with a smile.

...

On the other side.

In the chairman's office in the Douyu headquarters.

The douyu boss was in a good mood. Because of the championship battle last night, he not only created a lot of popularity for the douyu, but also attracted a lot of users and even received a lot of gifts, which made him make a lot of money.

Except for those who were given to the anchor, they could still get a lot of the gifts of 800 million yuan.

"Chairman, why did the company's stock stock fluctuate so abnormally last night? The stock price suddenly fell, and more than 100 million dollars were directly evaporated." The general manager said.

The start-up time of the M share was when it was listed on the market, which was equivalent to Cheng Hua Country's time. The summer time was 21:300D. in winter, it was 22/48/:300, which was the evening of Hua Country.

Hearing this news, the owner of the fish business frowned.

"How could this be? This is illogical. How did they receive so many gifts last night? It is enough to prove their strength in fishing. By rights, the stock price should be raised!" The owner of the fish business was very confused.

"Chairman, I feel like someone is deliberately shooting at the company's shares." The general manager said.

"Sniped by someone? Who is sniping us?" The owner of the fish business frowned.

At this time, a name suddenly flashed through the owner's mind.

"It can't be that 'Mr. Lu's father', can it?" The fish-fighting owner was very surprised.

He remembered that last night, the general manager had told him that Shen Hao had said that he would kill him for fishing.

The general manager nodded suddenly and said, "There is really such a possibility."

"Hum, so what if he is going to sniper our stock? He can make us fall in a short time, but we can definitely make a long-term comeback on a hot day. Let's see how much he can spend to

snipe us. The stock of 100 million dollars is falling, and we can still bear it." The owner sneered.

At this time, the director of the company's procedures department rushed into the office.

"Chairman, how come the combat net has been attacked by a big wave of malicious attacks? Now the app and the website are paralyzed!" The supervisor said urgently.

"What? What are you doing? Hurry up to repair it. Now the stock is being attacked. If it is paralyzed for a long time, it will cause the stock price to fall!" The boss shouted.

"Chairman, we have been working on it for an hour, but the opponents are too strong. With the strength of our department's programmers, if we can't deal with them, we have to ask for external help," the supervisor said cautiously.

"What!?"

The man suddenly stood up. "It's been an hour since I was paralyzed? And I can't handle it?"

"Then why are you still standing here? Hurry up and find someone to repair it!" The owner of the Dou Yu got up and roared.

Douyu had always been called the first

brother in the live broadcast world. If the whole douyu was paralyzed for a few hours, it would absolutely be an environmental condition. It would absolutely cause the company's share price to plummet!

"Yes, yes, yes, I'll go right now!" After the supervisor responded, he hurriedly ran out of the office.

"Who is it? Who did this to me?" The owner of the Douyu roared.

As a hacker, he would compete in fishing. It was obvious that someone did this on purpose.

"Chairman, it's likely that he's Mr. Lu's father." The general manager said.

"Yes! It must be him, this damn guy!" The Dou Yu boss scolded angrily.

"Chairman, why don't we contact Master Lu's father and negotiate with him?" asked the general manager.

" discussing farts. His trick is not enough to make me compromise for him." The owner of the fish business said in a cold voice.

At this time, the personnel manager rushed in again.

"Chairman, the live broadcast of the flag was

suddenly bought today. The important streamers under our flag, such as Snake Demon, Lone God, Dingding, Duane, and Little Fox, suddenly broke the contract and announced their participation in the live broadcast of the flag on Weibo."

"Even a large number of second-rate anchors have broken the contract and joined the live broadcast of the ribbon." The personnel manager said urgently.

"What is it?"

The fish business owner suddenly stood up.

Snake Devil, Lonely God, Dding, Duane, and Little Fox were all first-rate octopus streamers. Each of them was listed tens of millions of times. They were the noodles for octopus.

For instance, the snake demon was the third fan, the fourth fan, the fourth fan, and the fifth fan, the little fox.

If these people left the douyu, they would definitely lose a lot of people.

For a long time, the reputation of fishing was not very good. It relied on a large number of front-line streamers to attract a large number of audiences.

If one or two were to leave at the same time,

it wouldn't be too big of a problem. They could raise one or two again.

Once these streamers all left at the same time, this blow to the fishing battle would definitely be devastating.

After all, when these big streamers left, they would also take a large number of fans away!

The fish-fighting owner was very clear about the key points between them.

In addition to these first-class anchors, the second-class anchors also lost a lot of points, which made them want to re-cultivate the first-class anchors, but there was no candidate.

"Chairman, it is bound to cost a lot of money if the streamer's live broadcast can take them away at one time. It shows that the person who buys the ribbon's live broadcast is absolutely very rich. He wants to compete with us for the position of the first brother in the live broadcast circle." The personnel manager said.

Hearing this, the face of the owner of the fish business had already turned livid.

These anchors all left the fishing contest all of a sudden. The blow to the fishing contest was absolutely devastating!

"Damn it! What the hell is going on! Check which company is doing the live broadcast of the ribbon that was bought!" The owner of the Douyu restaurant gnashed his teeth in anger and said.

"Okay!" The personnel manager nodded and agreed.

The owner gnashed his teeth and continued, "And, these people left during the contract period, which is breaking the contract. Contact them and let them come back immediately, otherwise we will sue them!"

The owner of the fish business originally wanted to sue these streamers directly.

However, there was a long process of a lawsuit. It would take at least half a year from the beginning to the end. If the other party was talking nonsense, it would even take a year. During this time, what if there was no anchor to support the fishermen?

It would take a long time to train an A-list anchor. It was impossible for them to train her in such a short period of time.

Without the anchor, the fishing game might not last until the end of the lawsuit, and then it would be closed!

Therefore, the douyu boss wanted to use the

threat of the contract to let these streamers come back to continue the live broadcast.

"Chairman, I have already contacted them. They either don't answer the phone or refuse directly. Obviously, the other party has given enough money." The manager said.

"Damn it! These damn bastards! We train them to become great streamers, and they are going to fight for fish with us like this?"

Peng!

The man was so angry that he grabbed a goblet on the table and smashed it on the ground, sending shards of glass flying all over the floor.

"Chairman, what should we do now?" The personnel manager asked.

"You can leave now." The owner sat in his chair and waved his hand feebly.

When he arrived at the company in the morning, the douyu owner was still full of joy, but he did not expect that the bad news suddenly came one by one!

The stock had been sniped, the app and the website had been blacked out, and a large number of anchors had suddenly been dug out...

...

After yesterday's championship battle, many netizens wanted to enter the Marine League today to see the situation of Sally and Jiang Xiaorou.

However, when they opened the fishing app, they found that the fishing app had broken down.

After entering the fishing website through the computer, the page was actually altered. There was only one sentence on the whole page, "You will have to pay a heavy price for the fishing."

Everyone began to popularize this screenshot on the internet.

Even "Fishing in the Sea" had become a hot topic in Weibo.

At this time, they found that some fishermen announced on Weibo that they would be saving unilaterally from fishing and join in the live show of colored banners.

Chapter 370

Therefore, 'Fighting Fish Anchor' went back to a hot search on Weibo.

Yesterday's fan race for the championship, today's fishing competition had happened so many things. Everyone suddenly found that although the fan race for the championship was over, this matter seemed to be getting stronger and stronger!

In the Weibo.

"Douyu was framed. I'm guessing that Shenhao Master Lu's father probably did it. Just based on the Weibo page, you can see that."

"There's also a lot of anglers. Maybe it has something to do with him. It's also his revenge for the anglers!"

"In this case, this Shenhao is too awesome! He is too rich. I don't know who this Shenhao is."

"Although these moves are very insidious, I'd like to say that it's done well. After all, it's the dark side of the game of fishing!"

"Let's play the fishing game in the dark and play it on Shenhao. This time, the fishing game

will suffer a lot. Let's see how the fishing game is going to be."

...

The onlookers were all enjoying talking to Lin Mimsy.

At the same time, they were also sighing, Master Lu's father was so awesome, and he was also curious about the real identity of this man.

At Sally's home.

Sally turned on the computer and found that the fishing was actually blacked out.

When she saw that the web also showed that "Fishing is going to cost a lot for you", she suddenly thought of Young Master Lu's father.

At this time, he saw a lot of news about the anchor's live broadcast of dice and ribbons in the cultural exchange group of the fishermen. These people who jumped the dice were all core anchors of the fishing group!

This caused Sally to be extremely surprised.

"Last night, he said that he wanted to get revenge for the octopus and destroy it. I didn't think that he really did it. Who is he..." Sally looked out of the window.

The unfair judgment of fishing made Sally

feel very wronged. Now that she saw that the fishing was being dealt with, the grievance in Sally's heart eased a lot.

She knew that all this was because "Master Lu's father" was helping her. She really wanted to know why this person, who had never met her before, would help her like this.

At this time, Sally's roommate and good friend Yi Wei walked into the room.

"Sally, although you didn't get the first place, you're still able to obtain a gift of four hundred million yuan. It's enough to prove how amazing you are. Don't be discouraged, I'll treat you to dinner tonight." Yi Wei comforted.

"Thank you for your comfort, Sister Wei." Sally revealed a smile.

For Sally, Yi Wei was her only friend in the capital who could talk to and talk to her.

"By the way, Sally, how's your new song's preparation going?" Yi Wei asked.

"I've already written it down. I've already contacted the recording studio. I'll go to the recording studio tomorrow and release a song once it's done," Sally said with a smile.

"Wow, really? Can you sing for me first and let

me enjoy it first?" Yi Wei was full of smiles.

Sally's face was full of smiles as she nodded her head. "Of course, there's no problem. I'll just let you hear it and give me some advice."

Following which, Sally sang her own new song once to Yi Wei.

...

After the song.

"Wow, it's so beautiful. You're really a talented woman. Anyone who marries you in the future will be blessed." Yi Wei gave her a thumbs-up.

After chatting with Sally for a while, Yi Wei left Sally's room in a hurry and returned to her own room.

When she returned to her room, she first locked the door from inside, and then took out a recording pen from her pocket.

In the recording pen, Sally's song just now was recorded...

"Sally, don't blame me. No one can say no to a million." Yi Wei revealed a sinister smile.

...

A day quickly passed under the disturbance.

The app and web page of the fish battle was

finally repaired in the evening.

And during this period of time, the anglers kept changing jobs. Except for Jiang Xiaorou, most of the major streamers had been picked away.

Even hundreds of ordinary anchors who had signed contracts jumped away and all announced that they had joined in the live broadcast of ribbons.

After the douyu was repaired, everyone entered the douyu and found that there was nothing to be watched by the anchor.

Those fans who jumped in the queue naturally flocked to the live broadcast of the streamers and continued to watch the live broadcast of those streamers.

The popularity of the worrisome fish had fallen to the bottom of the valley after experiencing the peak of yesterday's contest for the list, creating a new number of people on the Internet this year!

Moreover, a lot of negative news suddenly appeared.

Anyone with intentions could press it out. This piece of news was deliberately done by someone and it was for the purpose of doing

some illegal fishing!

...

In the evening, after the beautiful shares opened up, the number of fish in the market plummeted sharply and directly stopped!

It should be noted that once negative news spread out from a listed company, it would cause the stock to deteriorate.

The app and page of the fishing industry had been blackened for a day today, and the major streamers had all been dug out. The stock fell sharply, and even the sniper of the stock market had not yet made a bid, and the stock fell sharply!

Dou Yu was listed in the American stock market.

Beautiful shares were different from A shares. A shares had a limit of growth and fall. If it fell down, it would fall at most of ten percent, and it would fall down.

However, the beautiful shares did not have this limit.

With the decline of the stock, the sniper hired by Duane from the stock market followed and attacked the sniper, which directly added insult to the situation of the fishing stock.

That night, the fishing stock fell sharply to 15 percent. This was absolutely a broken-edge.

This caused the shares of the fish to evaporate for 80 million yuan, which was equivalent to 2.5 billion yuan in real estate!

After all, he only lost more than 100 million dollars yesterday, but only 2 percent of the total amount of money. That was to say, he only lost 700 million in real estate.

This time, he had dropped 15 percent. This was a very horrible number!

The owner of the fish business owned 30% of the fish business shares, and he himself lost more than one billion yuan.

When the owner saw the stock falling down, he was so worried that he didn't fall asleep all night.

In the morning of the second day, in the headquarters.

In the Chairman's office.

The general manager rushed in.

"Boss, last night sectoral stock hit 15 percent sharply. What should we do?" The general manager also remembered that he was like an ant on hot bricks.

Not only the general manager, but also the entire Douyu had fallen into panic. The anchor had run away, and now the stock price had fallen!

Moreover, the general manager himself held three percent of the shares of the douyu, and he also lost a hundred million last night, which was a huge sum of money for the general manager!

The general manager continued eagerly, "According to the current situation, our share price will drop sharply after tonight's US shares start, and the consequences will be unimaginable!"

"Of course I know!" The owner of the douyu shop collapsed on the chair and his face was pale.

"The current plan. First, I will immediately spend money to find some big, middle and small streamers from several other live platforms to make up for the vacant space. Second, I will immediately spend money to find a public relations team to whitewash through public opinion and news, try my best to save it. Third, find a boxer and throw money to save our stock," the owner of the Douyu Shop said.

"If we call so many streamers at one time, we will need a lot of money, money, and even more money. The funds in the company's account are

not enough at all!" The general manager was a little worried.

"Then we'll look for Ma Xin Group. He's our fund source, so let Ma Xin Group take the money." The owner of the restaurant said urgently.

At this time, the Assistant General Manager of Dou Yu rushed in again.

"Chairman, Ma Xin Group just contacted me. They evaluated that we can't keep the position of the first brother of the live broadcast world. They will withdraw funds!" The deputy general manager said.

When the douyu owner heard this sentence, he sat back in a paralyzed state.

In such a critical moment, Ma Xin'an Group not only did not help, but also withdrew funds. This undoubtedly added fuel to the fire.

"It's over... It's over..." The Dou Yu owner's face was full of despair.

"Several days ago, our Ziyu Organization was still steamed, and we had a promising future. Why is it like this! Why!" The owner of the Ziyu Organization roared unwillingly.

At this time, the personnel manager also rushed in.

"Boss, yesterday you asked me to find out who bought the live show of the banner. I have found out that it is Gorgeous tripod enterprise Group of Western Sichuan Province." The personnel manager said.

"Cchuan Western Province?" The owner of the Ziyu Palace was shocked.

At this time, the owner of the fish business suddenly remembered that the IP address of the so-called "Mr. Lu's father" was in Chuanxi province, wasn't it?

"Master Lu's father is him. It must be him!"

The douyu boss shouted. His eyes widened, and the blue veins on his neck bulged high!

The owner suddenly remembered that this "Mr. Lu's father" had said that he wanted to destroy him. At that time, he didn't take it seriously at all, and he even laughed at him.

Now it seemed that the other party came for real, and he acted so fast...
