

The Charismatic Charlie Wade Chapter 2408

Chapter 2408

The staff wiped their sweat and explained earnestly: “Madam, the starting price of this house you are buying now is only 880,000, and the highest market price is about 1.3 million. Your current auction price is nearly fifty times the difference! Are you sure you really don’t need to think about it again?”

Liona shook her head and said firmly: “I have considered it clearly, and there is no need to consider it anymore from my side. Please help me handle it as soon as possible.”

Several staff members exchanged glances, and one of them said: “In this case, we will handle the subsequent payment process for you. Is your bank account balance is enough?”

Liona counted and nodded: “Enough.”

“Okay...” The staff took out the POS machine and said: “Madam, please confirm that your card issuing bank has a single day transaction limit in the required range. Many users have a single day transaction limit. The default is 1 million. If your transaction limit is not enough, please contact the bank.”

Her daughter on the side said impatiently: “Where do you have so many problems, can you just swipe your card? If our card doesn’t even have a transaction limit, how could you just wait for payment?”

The staff member embarrassedly said: “I’m sorry, miss, mainly because we haven’t done a single transaction of such a large amount, so I want to confirm with you clearly, I am really sorry...”

After speaking, the staff entered the number on the POS machine, after confirming that it was correct, handed it to Liona and said: “Madam, please swipe your card.”

Liona counted and nodded, took out the bank card and handed it to the other party, and then entered the password. Then, the POS machine displayed that the bank had confirmed that the transaction deduction was successful, so it automatically typed out the slip.

The staff really sighed. It seems that this is a rich person who doesn't take money seriously and spending dozens of times more is nothing to her.

Afterward, the staff took out five copies of the house purchase agreement and said to Liona: "Madam, please check the details of the contract. If there are not any problems, each of the five house purchase agreements must be signed, and every All pages must be signed for confirmation."

Liona counted and nodded, flipped through the terms, and after confirming that the ownership of the property rights was clear and there were no problems, she immediately began to sign her name on the contract.

At the same time, Eastcliff Su's family.

Shoude Su said to Old Chengfeng Su angrily: "This sister-in-law! this woman is really ignorant! Not only did she go to the auction, she also took the house with a maximum of one million for a price of 62 million. I think it won't be long before this incident will be known to the entire Eastcliff city, and the face of our Su family will be seriously damaged by that time!"

After that, he said angrily: "How the hell does she like Changying bastard! It's unreasonable!"

Chengfeng said with a cold face: "Don't call her sister-in-law! Our family doesn't have such a daughter-in-law!"

Shoude said angrily: "Dad! If I knew this was going to be the case. It would have been better to kill her on the way to the auction! That way, at least we could keep our family's face!"

Chengfeng said in a cold voice: "If we do this kind of thing in advance, it would be risking the world! If she still doesn't damage our Su family's face, our Su family will kill her in advance, if this is spread out. Our family will become the object of disgust for the whole world, and the object of criticism and ridicule for the entire Eastcliff upper class!"

After that, Chengfeng asked him back: “Have you forgotten that the world-famous princess in Europe was killed after she fell in love with a heretic, became pregnant with his children, and was about to get married! But even so, even if there has always been definite evidence from the outside world, and the royal family has been scolded for decades! If the royal family kills the princess just because the princess is in love with a heretic, the royal family would have been drowned in the saliva of the common people long ago!”

Having said that, Chengfeng sighed, patted his face lightly, and said: “Others have to slap us on our faces before we can kill them. You can’t just because they stare at you. We must kill the other party! That is to poke a big basket!”
