

# The Charismatic Charlie Wade Chapter 2676

## Chapter 2676

Charlie asked curiously: “What? Commander Hamid has also heard of the Wade family?”

Hamid immediately said with a look of admiration: “I have heard of it too much! I was in the university where I was studying in Eastcliff. Ah, the Wade family and the Su family are both top families in China, and I heard about it at that time.

After speaking, Hamid flatly asked, “My brother, I don’t know if I’m right?”

Charlie didn’t hide it. Nodded and said: “Yes, I am the Wade family member. When this was said, the other seven people were almost all frightened.

They are all high-achieving students in the financial field. They have a deep understanding of the economic conditions of various countries, and naturally, they also know China The strength of these wealthy families.

As soon as they heard that Charlie was a descendant of the Wade family, they immediately understood why Charlie could travel to Syria on the Concorde in such a short time.

This is the Wade family. What a pity! It’s a pity that these so-called high-achieving students will be blindfolded and not see the treasure!

Hamid on the side immediately gave a thumbs up and blurted out: “I didn’t expect that my brother is really from the Wade family, like the Wade family man you can still break in here alone. It is really admirable!”

Charlie smiled slightly: “Commander Hamid is too polite.

Hamid couldn't help but said excitedly: "I didn't expect it today. It's fate to be able to get acquainted with the descendants of the Wade family!"

After that, he looked at Charlie and said sincerely: "Brother, there is an old saying in China that you don't get acquainted with each other. If you use it on you and me, it would be appropriate. If you Don't dislike it, from now on, you and I will be friends!"

Charlie nodded and said seriously: "Since my brother said so, we will be friends from now on!"

Hamid laughed and blurted out: Brother, I know that you came to rescue this lady so far. If you want to come, she must be very important to you, then I won't be here to waste time with you, you and I will keep in touch with each other, and then I personally take you away by helicopter according to your request. If you have the opportunity in the future, you will come to Syria as a guest again. Then I will – I will treat you well!

Seeing that he is indeed sincere, Charlie said without hesitation: "No problem! If my brother comes to China in the future, he will contact me as soon as possible, and he will be given the best hospitality!"

As he said, the boy of Chinese origin cried and said, "Master Wade, you are a trillion-dollar family man. do not keep a grudge on us and leave us behind. My family took pains to brought me up, and it was not easy, give me a chance to save my life, and I kowtow to you!"

When he finished, in spite of his hands still being tied up behind him, he was struggling desperately to kneel and kowtow.

Charlie said with an indifferent expression at this time: "Okay, no need to act here, no matter what you say, I will not take you away."

After saying this, he looked at Melba and said lightly: "Miss Watt, let's go." When the Chinese boy heard this, he looked at Melba savagely, and blurted out, "Melba! I came here just for you. Do you have the heart to leave me here alone?! Do you still have the slightest humanity?!"

The other two girls also choked and said, "Melba, everyone is a good friend, how can you leave us at this time. If you leave us, we're dead."

Indian boys also cried and said, “Melba, I don’t want to die. My parents saved a lifetime of money for me to finish studying. I can’t just die here.

Melba silently in this place suddenly burst into tears, and she looked at Charlie with extremely pitiful eyes, and her beautiful eyes were full of pleading.

Charlie said coldly at this time: “Don’t worry, the Marines will come to rescue you.”

After finishing speaking, he looked at Melba and reminded loudly: “It’s time to go, Miss Watt!”

## **Chapter 2677**

Hearing this, Melba was at a loss.

She could see that Charlie was not joking.

So she didn’t know what she should do if Charlie really didn’t want to take away her companions.

She did not expect that her group of friends would be so anti-intellectual. They had already offended Charlie to death before he revealed their identity. Now no matter how they plead with Charlie, it is reasonable for Charlie not to save them.

Although she wanted to leave and go to Aurous Hill to reunite with her father, she really couldn’t bear to leave so many friends behind and escape alone.

At a certain moment, Melba even thought about not leaving, and just staying to live or die with these friends, so that even if facing the worst result, she can have a clear conscience.

Otherwise, if she was left alone and seven of them died here, then she would not be able to get rid of the guilt deep in her heart in this life.

Charlie didn’t expect that these anti-intellectual talents with high academic qualifications are now desperately trying to get Melba into the water.

They used all kinds of methods to repeatedly stimulate Melba's psychological defense by insulting, reprimanding, begging, or selling miserably, with only two purposes: either, let Melba take them together or let her stay too and die with them!

Charlie couldn't help looking at her. Seeing that her expression was very tangled, she even had some signs of a strong man breaking her wrist, and he immediately said inwardly that it was not good!

Young people are most likely to have the so-called loyalty and affection. A condemned prisoner who was unwilling to betray his friend for the so-called friend's death felt that he was out of loyalty when he died, but he did not know that the other party only regarded him as a scapegoat.

Therefore, Charlie didn't give Melba a chance to react. He opened the door and said to Faisal outside: "Come and take Miss Watt out!"

'Yes!

Faisal, who had just brought four other people under the control of Hamid's two guards, agreed without hesitation, and immediately walked to Melba, and said coldly: "Miss Watt, please come with me!"

Melba was still a little vacillating, but when Charlie asked Faisal to take her out forcibly, she immediately aroused her sense of resistance. She almost immediately blurted out: "I'm not going! I'm not going! I'm going to stay. Stay with my friends!"

As soon as Melba said this, the expressions of the other seven people instantly eased a little, and some even showed a hint of excitement unintentionally.

Charlie had a panoramic view of the performance of these people and had no hope for the humanity and character of these people.

At a critical juncture, I don't have the opportunity to escape, I don't want my companions to escape, and I want them to stay and die with me. This is the dirtiest aspect of human nature.

So, Charlie immediately ordered Faisal and said: "Blocked her mouth, take her out!"

Melba Hearing this, the mood got more excited, and shouted: “Do not touch me I do not go to the finish, She looked at Charlie and shouted: “Mr. Wade, please tell my dad that I can’t honor his wish, let him not blame me! I am in Syria with my friends, if I leave alone, I will never forgive myself in my life!

Charlie frowned and looked at her, and asked, “Your brain is also infected by these seven stupid birds?!”

“I didn’t!” Melba said loudly: “I have been deliberated! I am willing to bear all the consequences, and I will never regret it!

Charlie’s head is big, pointing at her, and sternly shouted: “You shut up! Before I came, your life was owned by you and it was okay, but since I’m here, you can only live! Even if you want to die, I won’t let you die!

## **Chapter 2678**

Melba asked, “Why! I have the right to choose not to let you take me away!”

Charlie pointed to Hamid and asked, “Why didn’t you say this to him when they kidnapped you?”

Melba suddenly questioned person was speechless and hesitated, “

Charlie said coldly: “Don’t you, I’m too lazy to talk nonsense with you, today you have to go, even if you don’t, you have to go, if really want to die here. After I return to China and Aurous Hill, you can come back again after I hand you over to your father safely. At that time, whether you want to die or live has nothing to do with me.

Melba subconsciously said: “But I don’t want to go back!

Charlie coldly snorted: “You don’t want to? You don’t want too much, you don’t want to go, I want to take you away!

After that, he told Faisal: “Shut her mouth, I don’t want to listen to her now!”

Faisal immediately picked up the headgear Melba wore before from the ground, twisted it into a cylindrical shape in the palm of his hand, and stuffed it directly in Melba's mouth.

Melba was gagged at once, and couldn't say a word right away. She could only hum desperately while staring at Charlie with teary eyes.

Charlie didn't look at her, and directly waved to Faisal: "Take her out!"

Faisal immediately took Melba to the room outside.

The seven people in the room saw Melba being taken away, and their faces reappeared with anger and unwillingness.

Charlie looked at them and said blankly: "No matter how long you seven can live, I hope you remember the words, the right path in the world is the vicissitudes of life! Like you, narrow-minded and short-sighted, courageous rats, even it doesn't make any sense to read more books! People like yours, no matter how much gold is plated, can't hide the stench on your body! After all, he looked at Hamid and said: Commander Hamid, take your hard work and send us away."

Without saying anything, Hamid immediately made a gesture of asking, and said, "Brother, please!

Charlie nodded and went out of the room with Hamid, and then the iron door was locked again. No matter how the seven people wailed, Charlie didn't have any pity in his heart.

Afterward, Hamid also obeyed the agreement and used the walkie-talkie to issue orders to his men to unload all the ammunition of one of the armed helicopters. Then he evacuated all the guards in the yard above his head, and then let his most trusted pilot fly the helicopter to land in the yard.

After all this, Hamid said to Charlie: "Brother, the plane is ready and Okay, let's go up now. "

Charlie nodded and said to Faisal, "You guys continue to stay here."

All people said without hesitation: "Yes!

Charlie pulled Melba, whose hands tied behind her, and said to Hamid: “The three of us will go up.

Melba was speechless and could only cry, Hamid took the initiative to take out his gun and threw it on the ground, and said to Charlie: “Brother, let me go ahead. You have a gun in your hand and my legs. There is a disability again, you don’t have to worry that I will run away.”

Charlie admired Hamid’s character more a bit, nodded slightly, and said, “Brother Please!

## **Chapter 2679**

Seeing Hamid limping and walking up the stairs, Charlie was somewhat curious, so he casually asked: “Brother, your leg is injured?”

Hamid turned back and then looked back at him. He sighed:

“My left leg was once seriously injured in a battle. It was hit by fragments from a bomb explosion. At that time, there was almost only one way to amputation, but fortunately, I tried my best to save it but this leg has also suffered irreversible damage, so after recovery, the muscles were severely atrophied, and the function is also severely degraded, so here I am lame, and couldn’t help feeling: “In a place like Syria, the difficulty for a lame commander are really hard to describe in a word!

Although being lame is not a serious disability, Hamid is the highest-ranking commander of an armed force after all. His lame leg has a great influence on his personal image and prestige.

The biggest impact is that his self-confidence has been frustrated a lot. At one time, Hamid was also an ambitious general, eager to make a difference in the chaotic war, and even hoped to become the whole opposition faction’s supreme commander.

However, since his lameness, his influence has dropped a lot, and his self-confidence has also been hit.

Originally, his team had nearly 10,000 people, which is considered to be relatively strong in the opposition. Once, several confidants saw that his legs were lame and his self-confidence was seriously damaged. They took the opportunity to instigate some of his subordinates to stand on their own, causing his strength to drop suddenly.

Sometimes the reality is so cruel, when a person has enough majesty. When intimidating his subordinates, his subordinates will appear as meek as a cat and loyal like a dog. However, once the person's own strength declines and his body degrades, his subordinates will develop a tiger-wolf heart.

Self-reliance is already considered more moral. Those who have no ethics will even take the opportunity to get rid of their boss and replace him. Such things have indeed been common since ancient times.

Zhao Kuangyin originally inspected the front of the palace of the Hou Zhou. After the death of Zhou Shizong, he had just passed the throne to his seven-year-old son, Emperor Zhou Gong. As a result, Zhao Kuangyin turned his face and launched mutiny, and seized the young lord.

Similar things are countless in history.

The same goes for Hamid in Syria.

The economic development of this kind of place is very backward, and it is mountainous, and the degree of motorization of the army is very low. Most of the time, it depends on the legs and feet and transport animals like donkeys, mules, and horses. In this case, Hamid's physical disability is infinitely magnified.

When soldiers are fighting in the mountains, he can't go to the front to cheer the soldiers up;

when the troops start to maneuver in the mountains, he can't participate with them.

The soldiers of the opposition were born recklessly, and they needed the commander to take the lead or integrate into it, but Hamid's legs became a huge shortcoming.

Hamid at this moment limped out of the cellar, followed by Charlie and Melba.

After coming out, they saw an armed helicopter parked in the yard, and all the armed personnel had been evacuated.

The weapons and ammunition originally suspended under the helicopter and on both sides have basically been disassembled, and all the ammunition has been removed from the cannon, which is the main firepower.

The reason why Charlie asked them to remove all the ammunition was to ensure that Hamid would not suddenly repent after arriving at the meeting place.

After all, the Wade family arranged for civilian planes, and they would definitely be civilian helicopters when they come to pick them up. In front of the armed helicopters, the civilian helicopters were paper-sticky, and the machine guns would suddenly smash them into a sieve.

At this moment, there was a pilot standing next to the helicopter. He saw Hamid coming out with two strangers, Charlie and Melba, and suddenly felt a little bad, and subconsciously wanted to touch the pilot gun on his waist.

Hamid said immediately: "Throw the gun away, these two are my friends!"

As soon as the pilot heard this, although he had doubts in his heart, he did not dare to make a mistake, and immediately threw the gun on the ground.

Hamid again ordered: "Hurry up and start the helicopter! The pilot hurriedly climbed up the cockpit to start the propellers, Hamid sat in the cabin with Charlie and Melba.

After entering the cabin, Charlie recalled, Vasily told him to pressed the emergency call button on his watch.

Syria's infrastructure itself is very poor, and the wars are messed up. There is almost no communication signal except for the city, so even international roaming mobile phones are not served here. The only communication medium is satellite.

Fortunately, this watch specially equipped for paratroopers has the function of satellite communication.

Charlie heard Chester's voice as soon as the phone was connected: "Master, is everything going well with you?"

Charlie replied: "Everything went well, and it was earlier than originally planned. Now you arrange the helicopter to the scheduled location. I will be there in about 15 minutes.

Chester said dumbfounded: "Master, how can you be there so quickly?"

Charlie said with a smile, "The opposition commander Hamid personally arranged for a helicopter to take us over.

Chester-Hearing these words, suddenly realized that Charlie must have controlled Hamid, and the whole person was so shocked that there was nothing to add, so that he didn't know how to reply to Charlie for a while.

Issac on the side hurriedly asked him: "Mr. Chester, how long will it take for us to fly over now?"

Chester came back to his senses and blurted out: "I will prepare the helicopter now. Let's set off in five minutes. It is estimated that it will take about forty minutes. "Okay."

Charlie said: "Then I'll wait for you at the scheduled location."

Chester said hurriedly: "OK master, let's set off now!"

After hanging up the phone, Charlie told Hamid the GPS coordinates of the destination and asked him to tell the pilot. After the pilot set the coordinates, Hamid said to Charlie: "Brother Wade, the pilot is ready. We can take off, everything is under your command.

Charlie nodded and said, "Then let the pilot take off. "

OK!

Hamid immediately used the walkie-talkie on his head to order the pilot to take off.

## Chapter 2680

The helicopter immediately began to ascend, and then moved towards the coordinates agreed by Charlie and Chester.

In the mountains of dozens of kilometers, ordinary people may not be able to walk in a day, but the helicopter only needs ten minutes.

Soon, the helicopter arrived at the coordinated location. This is a relatively gentle mountain top. The altitude is not high and the terrain is not steep. However, there are no roads within a few kilometers, so there are hardly any people.

After the helicopter landed on the top of the mountain, Charlie said to Hamid: "Brother, you have to wait a while here. When the plane to pick me up arrives, you will leave.

Hamid said without hesitation: "It should be, so it's more at ease for you!

After that, he ordered the pilot: "Turn off the engine and lights, we will wait here for a while! The pilot immediately did it.

When the chopper engine stopped spinning At that time, the surrounding area suddenly became quiet, and as soon as it calmed down, you could hear Melba's sobbing. At this time, she had no idea how many tears she shed. Charlie reached out and took off the headgear in her mouth, and Melba said The first sentence is: "You send me back! Or you go by yourself, let them take me back again!"

Charlie said mockingly: "Your dad told me you are a very smart person. You yourself are also a very good business and management talent, but I really didn't expect you to be so stupid."

Melba pleaded: "You don't understand, if I just leave, this will be my life-long demon, a lifelong nightmare, I beg you to let me go back, if my friends are dead, only me living alone, I will be tortured and tortured throughout my life. Instead of this, it is better to let me stay with them.

Charlie then realizes that Melba's mentality may not be stupid, but her own character.

Most people can forgive themselves easily, but some people don't. Not only do they won't forgive themselves easily, but they will suffer for the rest of their lives.

If the seven people really died like this, Melba might really be unable to forgive herself. If things go on like this, she might fall into extreme depression until she can't bear it and end her life.

Thinking of this, Charlie asked her back: "As long as your friends survive, you can pass this hurdle in your heart?"

Melba nodded gently, and asked: "Can you save them?"

Charlie returned to Hamid, he said: "Brother, let me be honest, even if you kill all of those seven people, the White House will not give you a cent.

Hamid also realized it, nodded, and said: "Indeed, they didn't mean to give money at all, and they have already blocked this news in the Western world. Even if I kill them all, the Western media will not report it, and people there would not know about them."

When it comes to this, he sighed and gritted his teeth and said: "Okay, if you need it, I will let them go, or send another helicopter to bring them over.

Melba suddenly looked surprised.

But at this time, Charlie immediately waved his hand and said: "No, I just need them to survive, I don't want to take them away."

Hamid asked hurriedly, " My brother, what do you mean?"

Charlie said: "Well, don't kill them, leave them as laborers, do things like doing chores, cooking, digging trenches, and transporting goods in your army. I believe they are still capable of doing this. Leaving them for their lives and letting them stay in Syria to do things for you for the rest of their lives can be considered as if you did not tie them back in vain.

Hamid immediately understood what Charlie meant.

He knew that Charlie didn't want to save those guys either, just because of Melba's face, he wanted to save their lives.

So he immediately agreed and said: "Since my brother said so, don't worry, I will make good use of them, give them a bite of food, let them survive, and honestly treat them as a coolie."

Charlie nodded and asked Melba: "They won't be killed. Are you satisfied?"

Melba asked angrily: "You can obviously take them away. Why do you want to do this?"

Charlie also asked her, "Joke, I spared their dog lives, and I have given you enough face, why should I save them?"

Melba couldn't help but said: "Obviously, they can be free again as long as you say a word, but why are you unwilling to help them?!"

"Help them?" Charlie sneered and asked her: "Why? There are millions of refugees in Syria and more than 700 million people in Europe. It is obvious that as long as everyone in Europe donates a fist-sized bread a day, they can completely feed them. Let them eat white bread and get fat, but why do these refugees still have no place to eat?"

After speaking, Charlie asked: "Africa has 400 million extremely poor people, and the population of developed countries in the world adds up. Nearly one billion, obviously as long as people in these developed countries, as long as every two people in developed countries feed an African, there will be no more extremely poor people in Africa, but why don't they do this?"

Melba was suddenly caught by the question and was speechless, her face flushed, but she couldn't find a suitable reason to refute it.

Charlie asked in a cold voice at this time: "You always think it's easy for me to save them with a word, and you think I must save. This in itself is a brainless paradox! Bill Gates is so rich, and it is easy to spend 10 billion US dollars. Why don't you let him pay a ransom of 70 million US dollars to rescue these seven compatriots?"

Melba blurted out "You are secretly changing the concept!"

Charlie sneered, "Secretly changing the concept?"

"Okay, I ask you, one of them is my relative?"

"I will ask you again, seven of them among them, can one of them be my brothers? "Of the seven of them, one of them is my friend?"

"Of the seven of them, one of them is my compatriot?"

"It's not my relatives, my brothers, my friends, my compatriots!"

If I help someone who is not related to me, it is a sentiment; if I don't help him, it is a duty!

"Even if I can help them with just one sentence, I can rely on! What! What! Want! Help!"
