

Chapter 121 Chu Family, All Members Panicked and...

Looking at this scene, Chu Guodong and the rest became even more excited.

“General Manager Wang, what brings you here?” Chu Guodong put on a big bright smile while walking slightly bowed, displaying a reverent manner as he walked over there to shake hands with Wang Yunqian.

Upon receiving Lin Wenjing’s call, Wang Yunqian had immediately put aside his work and gathered the finance team of the company. Then, they had rushed to the Chu family’s Sheng Ke Company.

To be honest, when he arrived here and saw such a petty building and a simple office, he had felt extreme disdain. Compared to Purple Jade Studios, they were as different as the sky and earth. He could not understand why his Chairman wanted to invest 100 million in Sheng Ke Company, because it would be as wasteful as dumping money into the ocean!

The only explanation for this was that the Chairman was using 100 million to win the favor of a woman, and the woman was none other than Chu Ling.

Chapter 121 Chu Family, All Members Panicked and...

He had seen Chu Ling in the past, and he had to admit that she was beautiful and had a slender figure. But spending 100 million to win the favor of this young married woman was definitely not what he would do. Therefore, he could only exclaim how rich and willful the Chairman was, because his actions were incomprehensible by an ordinary man like him.

When Chu Guodong and the rest came, Wang Yunqian frowned slightly because he did not see the Chairman among them. The Chairman had informed through the phone that he had arrived at Sheng Ke Company. But why did he not see him?

Since the Chairman was not here, he felt that it was unnecessary to exhibit his reverence. After all, he was the honorable General Manager of Purple Jade Studios who had high status and power, as well as great wealth and influence. He was far more distinguished than Chu Guodong.

He shook hands with Chu Guodong and smiled faintly. "I specifically came to Sheng Ke Company because an important person is interested in your company, and he wants to buy some shares."

Chapter 121 Chu Family, All Members Panicked and...

Upon hearing this, Chu Guodong's heartbeat became intense!

It was indeed true!

This was certainly incredible news for the Chu family.

Everyone else also could not hold in their elation, and it showed on their faces.

"That's great! We're more than glad for that!" Chu Guodong laughed heartily. He then said, "General Manager Wang has made a good choice. It so happens that our company is expanding, and we're planning to enlarge the scale and increase a few production lines. We need to raise some money for that, and you came at the right time. It seems like we have consonance with each other!"

Listening to Chu Guodong's flattery, Wang Yunqian only gave a faint smile without any further response. He came here for the sole reason of cooperating with the Chairman for his flaunting acts. But he had been waiting for quite some time now, and the Chairman had yet to show up. Out of perplexity, he asked, "President Chu, are these all the people you brought to discuss

Chapter 121 Chu Family, All Members Panicked and...

business with me?"

Chu Guodong did not really understand what Wang Yunqian meant, and thought that he was unhappy and felt that they were insincere because there were only a few people who came. He quickly explained, "Yes, General Manager Wang. All of our company's directors are here. We absolutely set a great store by your arrival. This is... This is..."

As he was explaining, he even began to introduce the people behind him. Those who were introduced acted extremely enthusiastic, squaring their shoulders and throwing back their heads, striving to present themselves in their best state.

Wang Yunqian frowned even deeper. "Is this all the people you have?"

Observing Wang Yunqian's expression, Chu Guodong suddenly felt an ominous presentiment in his heart. Despite that, he still squeezed out a smile and asked, "General Manager Wang, I don't quite understand what you mean. Are you looking for someone?"

Wang Yunqian did not reply to him.

Chapter 121 Chu Family, All Members Panicked and...

Instead, he took out his phone to check the message that was sent by the Chairman, and confirmed that the Chairman was here. Therefore, he asked straightforwardly, "Where is Mister Lin?"

"Mister Lin?" Chu Guodong was stupefied. This was the Chu family's company, so why would a Mister Lin be here? There was also no one with the surname of 'Lin' among the board of directors. But since Wang Yunqian asked, it showed that he must be invited here by Mister Lin. Therefore, he quickly hinted with his eyes at Chu Hao and the rest who were standing behind him, asking them if they knew who Mister Lin was.

Unfortunately, all of them only looked at each other in bewilderment.

Chu Guodong smiled bitterly and asked Wang Yunqian, "General Manager Wang, is the Mister Lin you mentioned from Sheng Ke Company?"

"I'm not sure about this. Anyway, I came for Mister Lin. If he is not here, then I'm sorry, but I won't invest in your company." Wang Yunqian made his tone official and businesslike. After he finished his

Chapter 121 Chu Family, All Members Panicked and...

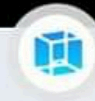

sentence, he was ready to leave. This made Chu Guodong and the others sweat profusely in fear, and he said hastily, "General Manager Wang, please spare us a second! What is the full name of the Mister Lin that you mentioned? What does he look like, and how old is he?"

Wang Yunqian paused his steps and answered, "Mister Lin is 26. He's tall and sturdy, almost 1.83 meters tall. As for his looks, he is quite handsome. Most importantly, he is greatly dignified."

Even after listening to Wang Yunqian's description, everyone was still dumbfounded. They could not make out who this Mister Lin was because there was no such person in Sheng Ke Company.

Suddenly, someone asked softly while looking stupefied, "Could it be... Lin Wenjing?"

It was Liu Yanping who spoke. An idea had suddenly hit upon her, and she thought of Lin Wenjing because he accorded with the description given by Wang Yunqian of Mister Lin.

Chapter 121 Chu Family, All Members Panicked and...

As soon as she said that, someone heard it and rebutted unhesitatingly, "Impossible! Lin Wenjing is just a worthless loser. How is it possible that an honorable person like General Manager Wang came for him?"

Indeed. In everyone's mind, Lin Wenjing was a weak, incompetent, and useless live-in son-in-law. All these years, he couldn't even land a job, so how would he meet a business tycoon like Wang Yunqian?

"Exactly. It's certainly not Lin Wenjing. This possibility is not even worth thinking of!"
Chu Hao shook his head firmly too.

But for some reason, he felt an ominous premonition, and it caused his heartbeat to race.

In his mind, he could not help but recall what Lin Wenjing had said just now, and the absolute confidence he had when he said that.

When Wang Yunqian heard their conversations, he figured out the situation. At once, his face went sullen while he berated, "Shut up! How dare you criticize Mister Lin behind his back? And how dare you even call his respected name

Chapter 121 Chu Family, All Members Panicked and...

directly?!”

Listening to the reproach of Wang Yunqian, everyone felt chills down their spine, and they gulped loudly. Most importantly, they could not believe it! Was Lin Wenjing truly the Mister Lin mentioned by Wang Yunqian?

They even suspected that they were dreaming because this was just too surreal!

The expression on Chu Guodong's face changed rapidly. Then, he asked carefully, "General Manager Wang, is Lin Wenjing the name of the Mister Lin that you mentioned?"

"Yes. Mister Lin was the one who invited me here to discuss the investment." Wang Yunqian nodded. Then, he asked with a frown, "What happened? Did you offend Mister Lin?"

Gulp!

Looking at Wang Yunqian's darkened face, Chu Guodong's hair stood on end, and his entire body including his limbs turned completely cold. With a great gulp, there

Chapter 121 Chu Family, All Members Panicked and...

was only one thought in his mind. Oh god. Oh god. Wang Yunqian was actually invited over by Lin Wenjing, but they had offended him to the extreme!

Thinking of that, he even had the urge to kill himself.

Similarly, everyone including Chu Huayou and Chu Hao had their jaws wide open, and they looked as if they had just seen a ghost.

Chapter 122 Lin Wenjing, Mister Lin

They could not figure out exactly how Lin Wenjing got to know Wang Yunqian. Furthermore, Wang Yunqian was calling Lin Wenjing 'Mister Lin' with a very deferential attitude.

They only realized one thing: they had messed up. They were done for! They had offended Lin Wenjing so badly.

When Wang Yunqian saw them acting like this, he understood why. This group of people had seriously offended the Chairman!

Tarun Kalicheti /fb

Almost immediately, he also started to feel panicked. The Chairman had assigned this task of coming to Sheng Ke Company specifically to him. If he arrived late and was unable to accomplish the mission that was given to him, he would be blamed by the Chairman, and he would be done for!

The worst offenders were still the Chu family. They had failed to recognize such an important figure and had ended up offending the Chairman.

"Did you all offend the Ch—Mister Lin?" Wang Yunqian's tone was icy cold and fierce, causing the temperature around

Chapter 122 Lin Wenjing, Mister Lin

them to drop. "You're all pretty brave, huh? Offending Mister Lin? Do you have a death wish?"

Chu Guodong swallowed heavily. He was utterly panicked, and he hurriedly explained to Wang Yunqian, "General Manager Wang, could there have been a misunderstanding between us? This 'Mister Lin' that you speak of is the Chu family's live-in son-in-law. He's incompetent and weak-willed, and he's completely useless. Did you get the wrong person?"

Tarun Kalicheti /fb

"What?" Wang Yunqian was taken aback when he heard Chu Guodong's words. The Chairman was the live-in son-in-law of the Chu family? This was way too maddening!

Despite Wang Yunqian's smarts and experience, he was also stunned for a second, completely unable to react.

"Yes, Lin Wenjing is the Chu family's live-in son-in-law. He's also pretty useless, so could there have been a misunderstanding between us?" Chu Guodong asked again cautiously.

Wang Yunqian found his bearings again

Chapter 122 Lin Wenjing, Mister Lin

and despite the confusion in his mind, he didn't make any rash decisions. He said in a deep voice, "Take me to Mister Lin."

As of now, the control over this situation had completely left Chu Guodong's grasp. All he could do was obediently bring Wang Yunqian to go and see Lin Wenjing. As of that moment, he could only hope and pray that the 'Mister Lin' Wang Yunqian was speaking of was not Lin Wenjing, but someone else. If not, he could not bear to even imagine what would happen after that.

.....

As for Lin Wenjing, he and Chu Ling were being locked in the meeting room by a few Chu family members, their freedom restricted.

Chu Ling's emotions were in turmoil, and she kept pacing back and forth, her face filled with worry. She was making Lin Wenjing dizzy, so he held onto Chu Ling's hand as he said helplessly, "Chu Ling, please sit down and stop pacing. You're making my head spin."

"Are you complaining? You were the one

Chapter 122 Lin Wenjing, Mister Lin

who acted first and hit not only Chu Hao, but also Chu Cheng and the others. You've messed up big time! Sigh. I told you that there was no need for you to fetch me to work, and that you absolutely must not come to the company, but you didn't listen. Now look at what you've done. We're in so much trouble! Lin Wenjing, do you really want me to get a heart attack so badly?" Chu Ling said angrily and anxiously, as she was now distracted and panicked.

After Lin Wenjing held onto her hand, she reflexively felt guilty, so she quickly pushed him away. Her eyes flitted toward the door of the meeting room. She wanted to see the Chairman of Purple Jade Studios so much that she thought that he had arrived, and she was terrified that he might see them.

Lin Wenjing laughed and said, "Chu Ling, relax. Nothing is going to happen. I'll make a bet with you. I bet that later when Grandfather and the others come in, they will definitely apologize to us and beg for our forgiveness. Do you believe me?"

Chu Ling immediately shot him a fierce glare and pinched him hard, scolding, "Lin Wenjing! Do you know what kind of

Chapter 122 Lin Wenjing, Mister Lin

situation we are in? I can't believe you're still joking around! How have I never noticed how untactful you were? Your joke wasn't funny at all."

The few members of the Chu family who were keeping watch on them started laughing.

"Haha! What a joke. Lin Wenjing, you're really a fool. You're already at your deathbed, yet you can still laugh about it."

"That's right. What a psycho. Do you really think you're some kind of big shot? You want Grandfather to apologize to you? You must be dreaming."

"Poor Chu Ling, having a crazy person as a husband. He's hysterical, tsk, tsk."

They were making fun of him, all of them happy in the face of their distress.

Right at that moment, the door to the meeting room opened, and Chu Guodong and Wang Yunqian walked in first. Behind them, a group of people followed with a mighty aura.

All of them looked uneasy, and they were

Chapter 122 Lin Wenjing, Mister Lin

perturbed and full of nervousness.

Wang Yunqian's sharp eyes immediately caught sight of Lin Wenjing the moment he walked in. When he saw that Lin Wenjing was dressed neatly and seemed completely relaxed, and that there was no trace of him being beaten up, the weight on Wang Yunqian's shoulders lifted quite a bit.

He had been very afraid that the Chairman would be beaten up. Then, he would have really been in trouble. If the Chairman blamed him for being incompetent and not doing his job well, he would surely be demoted. Then, he would be truly done for.

When Lin Wenjing saw Wang Yunqian, he smiled and exchanged glances with Wang Yunqian.

Chu Ling also started feeling nervous and she hurriedly glanced over. She only saw Wang Yunqian, and not that familiar figure. She was immediately disappointed.

Chu Guodong said, "General Manager Wang, this is the Chu family's son-in-law. You must have been mistaken."

Chapter 122 Lin Wenjing, Mister Lin

Wang Yunqian didn't pay any attention to him. Rather, he quickly walked toward Lin Wenjing and bowed slightly, lowering his own dignity as he called with a respectful tone, "Mister Lin!"

In one second, the conference room sunk into an eerie silence.

Everyone widened their eyes and looked as though they had seen a ghost. The scene that was unfolding in front of them right now was tremendously shocking.

Everyone was very clear what kind of person Wang Yunqian was. He was the General Manager of Purple Jade Studios, and not only did he have a distinguished position, he also had a lot of authority. His net worth was more than a 100 million, and he was a real big shot in the business world. As for Lin Wenjing, he was but a useless son-in-law.

Chu Ling was also extremely surprised.

This surprise surpassed that moment when Han Kunpeng's respect toward Lin Wenjing was witnessed.

That was because Wang Yunqian was a

Chapter 122 Lin Wenjing, Mister Lin

very well-known person and they all knew how powerful he was.

It was not an exaggeration to say that the situation happening before them could have been a scene from a movie. They only had one thought in their mind: this was absurd!

Lin Wenjing nodded lightly and said, "Why did you only arrive now? I've been waiting for you for quite some time."

Facing Lin Wenjing's reprimand, Wang Yunqian bowed even deeper and wiped off the cold sweat from his forehead as he hurriedly replied, "Mister Lin, there was some traffic on the way here, so we got a little delayed."

"Okay. Leave earlier next time. Don't make me wait so long." Lin Wenjing stood up and stretched as he spoke.

"Yes, of course." Wang Yunqian nodded hurriedly.

After that, he said, "Mister Lin, I have brought the contract as well as the proposal. Should we discuss the investment now?"

Chapter 122 Lin Wenjing, Mister Lin

Wang Yunqian was a smart man. The whole reason that he could rise up from nothing and climb to where he was today was not entirely because of his business skills, but rather his high EQ and outstanding observational skills. As an example, right now, he was able to understand what Lin Wenjing wanted with just one glance from him. He did exactly what he needed to do, not questioning nor talking excessively. All he had to do was act pretentious with Lin Wenjing.

“There’s no need.” Lin Wenjing shook his head. “The Chu family’s company isn’t that impressive. Let’s go and invest in another company instead. I heard that Tian Ding Company from next door isn’t a bad choice.”

When Chu Guodong and the others saw this and heard Lin Wenjing’s words, they were horrified.

Tian Ding Company was their competitor. If Wang Yunqian invested in them, then the Chu family would never be able to rise from the ashes again!

Chapter 122 Lin Wenjing, Mister Lin

When Chu Ling heard this, she was completely taken aback. She was unable to form a response and just stared blankly at Lin Wenjing, allowing him to take her away by her hand.

Clack!

Chu Cheng, who had stayed behind in the meeting room, was absolutely stunned by this situation. He lost his grip on his phone and it clattered to the floor.

This clatter finally woke the other Chu family members from their daze.

Chu Guodong hurriedly said, "General Manager Wang, wait!"

He blocked Wang Yunqian's exit and with a face full of bitterness and panic, he said, "General Manager Wang, this was all a misunderstanding. An absolute misunderstanding! We didn't know that the 'Mister Lin' you were speaking of was the Chu family's son-in-law!"

At this point, no matter how much confusion he was feeling, or how many questions or disbeliefs he had, he could only suppress them. No matter what, he

Chapter 123 Everyone, Apologize!

had to keep Wang Yunqian from leaving!

This was because the Chu family was in a dire situation, and they were left with no choice. Once they allowed Wang Yunqian to leave, Sheng Ke would go bankrupt, and they absolutely could not accept the consequences of bankruptcy.

Wang Yunqian said coldly, "It's useless to tell me all of this. Why don't you tell Mister Lin?"

"This..."

Tarun Kalicheti /fb

Chu Guodong looked extremely uncomfortable. To be honest, it would be very humiliating for him to bow down to Lin Wenjing. He would rather be slapped directly in the face!

However, at this point in time, there was no other way out of this.

So, he gritted his teeth and walked toward Lin Wenjing. He tried his best to squeeze out a smile and said, "Lin Wenjing, why didn't you tell me that you knew General Manager Wang? You have caused me to misunderstand you."

Chapter 123 Everyone, Apologize!

After so many years, this was the first time that Chu Guodong had called him by his name. It was also the first time he had bowed down to Lin Wenjing. It went without saying that this made Lin Wenjing feel rather invigorated.

Chu Guodong was an extremely stuck-up old man. He had absolute authority in the Chu family, and Chu Ling as well as the other family members were extremely terrified of him.

When the Chu family members in the meeting room saw this, they all turned very unhappy. They also felt a sense of humiliation that they had never felt before. When they thought about what they had just said, it felt as though they had been slapped in the face, and it was hurting badly.

It felt that way especially for Chu Hao because he could still feel the sting on his face. He couldn't understand this phenomenal turnaround that Lin Wenjing had had, and he really couldn't accept it. He kept mumbling to himself, "Impossible, it's impossible..."

Actually, all of them couldn't bring

Chapter 123 Everyone, Apologize!

themselves to believe it. Even if they were beaten to death, they still wouldn't have been able to come up with an answer for how Lin Wenjing had managed to make Wang Yunqian respect him so. This was completely detached from reality!

Lin Wenjing laughed as he said, "Hehe, a misunderstanding? I already told you just now that I would take out a sum of money to invest in Sheng Ke Company, but too bad all of you didn't believe me and even mocked me harshly."

When had Tarun Kalicheti /fb Chu Guodong ever been forced to take someone's attitude like this, especially in front of all of these younger generations? He looked extremely unhappy, and he was gritting his teeth in frustration. When he saw the self-satisfied look of that villain, Lin Wenjing, he felt unusually furious, and he felt like slapping him across the face.

However, he didn't dare to do so because Lin Wenjing was his god of fortune. If he were to anger Lin Wenjing once more, the Chu family would be done for.

Was there anything else more absurd than this?

Chapter 123 Everyone, Apologize!

That was why he could only force out a smile that looked more like a grimace as he said, "Lin Wenjing, it was my fault for misunderstanding you just now. Don't be angry, okay? I will compensate you for it. I'm sorry, so don't stoop to my level, alright?"

Chu Guodong was old, and he had always had his way for most of his life. Having to apologize to his piece of trash grandson-in-law felt even worse than getting killed. His face ached in fiery pain.

Lin Wenjing wasn't a petty person. On the contrary, he respected the old and cherished the young. However, he felt no respect toward Chu Guodong, only disdain and resentment. After four years in the Chu family, he knew more clearly than anyone how badly Chu Guodong treated Chu Ling, and how he humiliated him.

When Chu Ling who was at the side saw her arrogant grandfather bowing down to someone else, she also felt extremely happy. If it wasn't for Lin Wenjing, she would probably have never gotten the chance to see this in her lifetime!

To be fair, Chu Guodong was her

grandfather. However, ever since she was young, Chu Guodong had never cherished her. This caused her to only feel revere and resentment toward him.

Lin Wenjing chuckled. "Of course I wouldn't. You're Chu Ling's grandfather, so how could I ever expect you to apologize to me?"

Chu Guodong gritted his teeth and said, "Then, about investing in Sheng Ke Company..."

Lin Wenjing cut him off. "I don't think I will go ahead with it. My money doesn't grow on trees, and I can't afford this much loss."

As he spoke, he grabbed Chu Ling and was about to leave.

Chu Guodong panicked immediately and quickly blocked Lin Wenjing's way as he said, "How would it be a loss? Sheng Ke Company is only suffering from the break of a capital chain, no? We just need to fix the cracks in order to start operating regularly again. With Hua City's current economy, earning money is extremely easy! Besides, Lin Wenjing, you're the best son-in-law in the Chu family. You won't sit

Chapter 123 Everyone, Apologize!

idly by, would you?’

“Hahaha! Sit idly by?” Lin Wenjing was immediately amused. “You have been wielding this sentence as a weapon all day. Didn’t you use that to pressure Chu Ling today? You didn’t give a damn about family values and even slapped her. So what if I’m sitting idly by now? What can you do?”

Chu Guodong gritted his teeth, looking absolutely furious. He had almost lost control of his rage a few times, but he kept it in for dear life.

When Lin Wenjing saw him acting this way, he smiled even more coldly and said, “You don’t have to control yourself. If you want to fly into a temper, then do it. You’ve always been this way. Your pride is more important than everything else, and you’ve never cared about the dignity of the others. Why don’t you do the same thing you did before and call the police? Let them take me to jail and lock me up.”

Chu Huayou was no longer able to stand his tirade and he stood up, yelling at Lin Wenjing, “Lin Wenjing! Don’t go overboard! No matter what, the person in front of you

Chapter 123 Everyone, Apologize!

is still your wife's grandfather!"

Lin Wenjing glanced at Chu Huayou and smiled meaningfully before turning to Chu Guodong and said, "Grandfather, you heard him. Uncle is still scolding me. It seems like this discussion can't go on anymore. I think you all should just wait for other people to come and save you."

Chu Ling looked at Lin Wenjing as if he were a stranger. She didn't know what had happened to Lin Wenjing, or how he had changed. She had never seen this side of Lin Wenjing before.

Taran Kalicheti /fb

Chu Guodong's expression became even darker and he glared at Chu Huayou and scolded, "Shut up, you unfilial child! It was absolutely our fault for humiliating Lin Wenjing just now! Apologize to him right now!"

"Dad..." Chu Huayou was immediately reluctant. Apologizing to Lin Wenjing equated to him being slapped on his own face.

"I'm going to count to three. If you don't apologize, I will kick you out of the Chu family!" Chu Guodong's expression was

Chapter 123 Everyone, Apologize!

terrifying and extremely dignified. Everyone could feel his anger, which meant that he was serious.

Chu Huayou shuddered. He didn't dare to disobey him, and he was also feeling extremely regretful. He shouldn't have been so mouthy!

Now, he could only bow to Lin Wenjing and apologize sincerely, "Lin Wenjing, Uncle was wrong. I'm sorry."

Fantastic.

Tarun Kalicheti /fb

Lin Wenjing felt extremely satisfied.

Chu Ling also smiled. Before Lin Wenjing had arrived, she had been humiliated and scolded by Chu Huayou quite a bit too.

Chu Guodong said again, "Lin Wenjing, are you satisfied now?"

Lin Wenjing smiled and said, "Grandfather, this tone of yours sounds a little resentful. Are you, perhaps, unhappy that you were forced to apologize?"

Chu Guodong clenched his fists and cursed countless times in his heart.

Chapter 123 Everyone, Apologize!

B*stard! Motherf*cker! However, on the surface, he didn't dare to show it at all. He could only hold it in and smiled even more humbly. "No, not at all! Lin Wenjing, you're the son-in-law of the Chu family. You're so capable now, so how could I feel anything but overjoyed?"

Lin Wenjing chuckled, and he couldn't be bothered to tease Chu Guodong anymore. He said straightaway, "It's not impossible for me to invest in Sheng Ke Company..."

Chu Guodong's eyes immediately brightened and he lifted his head abruptly, his face full of surprise. "Really? That's amazing! Lin Wenjing, I knew you wouldn't just be a bystander!"

Other Chu family members were also smiling widely, absolutely overjoyed.

Lin Wenjing's tone changed and he said, "I'm not done yet. Why are all of you so happy? I was saying, I am willing to invest in Sheng Ke Company, but the final decision is Chu Ling's to make. If she nods, then I'll sign the contract immediately and transfer the money to you. Of course, if Chu Ling says no, you should just forget about this matter."

Chapter 123 Everyone, Apologize!

At that moment, everyone shifted their gazes to Chu Ling, their expressions extremely complicated.

Chu Ling's emotions were even more complicated.

By now, how could she still not see that Lin Wenjing was doing so much just to please her?

Chapter 123 Everyone, Apologize!

In the end, Lin Wenjing invested in Sheng Ke Company.

The reason was because Chu Ling agreed.

Chu Guodong and everyone else in the Chu family bowed at Chu Ling and apologized, and they did it with seemingly great sincerity. Those who did not understand the situation might think that the Chu family was a loving family.

Chu Ling was soft-hearted, so even though she knew that the Chu family's apology was not sincere and was only temporary, she still agreed in the end because she could not bear to see Sheng Ke Company go bankrupt.

On the other hand, Lin Wenjing kept his promise and instructed Wang Yunqian to manage the procedure. He planned to invest 100 million, and of course, this large sum of money would not be given in one shot. He separated it into two payments, the first one amounting to 40 million, and the second one being the remaining 60 million.

In addition, Lin Wenjing had directly asked for 55% of shares in Sheng Ke Company,

Chapter 124 A Bumptious Guy

which meant that he had purchased the power to make decisions. Then, these 55% of shares were transferred to Chu Ling. In other words, Chu Ling was the largest shareholder of Sheng Ke Company now, and she directly became the Chairman.

In the beginning, the Chu family refused to agree with that as they felt that Lin Wenjing's demands were too unreasonable. But when they saw that Lin Wenjing was unyielding and was unwilling to compromise, they had no choice but to agree because he would have withdrawn the investment otherwise. After all, with this investment, their annual dividends would increase even though their percentage of shares had decreased.

After completing all the procedures, Lin Wenjing did not stay there any longer. He walked outside to get some fresh air.

Upon receiving Lin Wenjing's hint, Wang Yunqian stepped away from the crowd without anyone noticing.

"Chairman."

When they reached a corner, and after Wang Yunqian ensured that no one was

Chapter 124 A Bumptious Guy

around, he greeted Lin Wenjing reverently.

Lin Wenjing resumed his aloof attitude that he always carried in the office and nodded slightly while complimenting, "You've done well today. I'm satisfied."

Wang Yunqian was delighted, but on the outside, he bowed even deeper while replying, "Thank you for your guidance, Chairman!"

Lin Wenjing smiled and said, "Enough. Stop flattering me. I know you have lots of doubts, but if you're not supposed to know those things, you shouldn't try to understand it. And don't ask or talk unnecessarily. I'm sure you know very well that curiosity killed the cat."

Wang Yunqian bowed his head hastily and assured, "Chairman, don't worry. I will certainly not be curious!"

"Alright. That's all. When you get back, send a few elites here to assist my wife. I'm not wasting my 100 million investment," Lin Wenjing instructed.

"I understand!" Wang Yunquan immediately replied seriously and assured

Chapter 124 A Bumptious Guy

that he would execute the Chairman's command perfectly.

Even so, cold sweat had still seeped out of his forehead. He was initially extremely curious about Lin Wenjing's identity because he wanted to know how a live-in son-in-law of the Chu family, a person with such low status, could become the Chairman of Purple Jade Studios. His intuition told him that there must be some mysteries about Lin Wenjing's identity. But now, Lin Wenjing had seen through him, so he did not dare to pry into his matter anymore. He absolutely believed that if he insisted on investigating Lin Wenjing's background secretly, he would never spare him if he found out!

Wang Yunqian was a clever man, and he always had been. He had the sense of propriety, and he knew the best choice to make. That was the key to his success in staying in this circle for years and not having many enemies.

Because sometimes, curiosity could really be fatal.

At this moment, Chu Ling came out too. She walked through the corridor and

Chapter 124 A Bumptious Guy

witnessed how Wang Yunqian was reverent toward Lin Wenjing. This caused her eyebrows to furrow, and endless doubts rose in her heart.

Lin Wenjing was indeed awe-inspiring today, but at the same time, he had created tons of doubts.

Upon noticing the arrival of Chu Ling, he quickly stopped his aloof attitude and bowed while grabbing Wang Yunqian's hand with both his hands. He then said with deep gratitude, "General Manager Wang, thank you for what you did today."

Wang Yunqian was obviously stunned for a moment, but he regained his composure and replied, "Mister Lin, it's not a big deal. This is my job."

Lin Wenjing continued, "General Manager Wang, I'll treat you to a meal on another day."

"Sure, sure."

At this moment, Chu Ling had reached them. Looking at their interaction, her eyebrows furrowed even deeper as she asked, "General Manager Wang, how did

Chapter 124 A Bumptious Guy

you get to know Lin Wenjing?”

Before this, Wang Yunqian had prepared and verified his answers with Lin Wenjing, so he smiled and replied, “Mister Lin is our Chairman’s best friend. I’m just executing the orders from the Chairman to come over and cooperate with Mister Lin.”

“What?” Chu Ling widened her eyes immediately. She was extremely surprised that Lin Wenjing actually knew the Chairman of Purple Jade Studios.

Looking at Tarun Kalicheti / fb Chu Ling’s astonishment, Lin Wenjing was actually feeling guilty. After all, he had used the name of Purple Jade Studios this time, and his figure even looked like the Chairman of Purple Jade Studios. He was not sure if he had deceived Chu Ling successfully.

Chu Ling’s heartbeat accelerated at once. She had never thought that Lin Wenjing would actually know the Chairman of Purple Jade Studios! If that was the case, what happened between her and the Chairman of Purple Jade Studios...

For a moment, Chu Ling was in a fluster again, and she was overwhelmed with

Chapter 124 A Bumptious Guy

disconcertment and confusion.

Looking at this situation, Wang Yunqian did not dare to stay any longer, so he left hastily, leaving Lin Wenjing and Chu Ling there. After a moment of silence, Lin Wenjing took the initiative to break the ice. "Chu Ling, you're the Chairman of Sheng Ke Company from now on. You can do whatever you wish to do. Don't be overcautious or full of misgivings. If anyone dares to disobey you, or feign compliance while opposing behind the scene, you can just dismiss them."

Tarun Kalicheti /fb

Chu Ling did not reply to him. She raised her head only after a moment and stared at him while asking, "How did you meet the Chairman of Purple Jade Studios? Why have you never told me?!"

Lin Wenjing had made up his excuses a long time ago, so he said, "He is my childhood friend. We haven't been in contact for ages, and I only reconnected with him not long ago. I didn't tell you because I knew that you wouldn't believe me even if I did. So, I didn't say anything."

Chu Ling was extremely confused and flustered, so she could not distinguish if

Chapter 124 A Bumptious Guy

Lin Wenjing was lying to her or not. Clenching her teeth, she asked again, "Is it all because of you that he lent me money so willingly and readily, and even saved me from Zhang Hairong previously?"

Lin Wenjing nodded and said, "Yes."

He was initially extremely chuffed, thinking that Chu Ling would surely be moved to tears, so he stood upright, waiting for her gratitude. But suddenly, he noticed that something was wrong. Chu Ling's face had turned ghastly pale, and she looked upset. On top of that, she was clenching her fists and seemed to be heartbroken. She also looked like she was struggling with something internally.

Lin Wenjing's heart sank at once and he explained hastily, "Chu Ling, I didn't mean to lie to you—"

Chu Ling raised her head abruptly and stared unflinchingly at Lin Wenjing as she ranted, "Lin Wenjing, you're such a bumptious guy. You've caused me so much harm!!"

After that, she refused to talk to Lin Wenjing anymore, and she turned and ran

Chapter 124 A Bumptious Guy

Chu Ling knew that she had lost control, and her actions were unreasonable in the eyes of a normal person.

Despite knowing that, she could not control herself. Lin Wenjing's words had become the last straw to break the camel's back, causing her to have a mental breakdown. From the beginning to the end, it was only her wishful thinking. The Chairman of Purple Jade Studios saved her solely because of Lin Wenjing. When she knew this, she was truly devastated.

Upon signing the contract, Tarun Kalicheti / fb Chu Ling officially became the Chairman of Sheng Ke Company, and this news spread like wildfire. On the very same day, Situ Nan received this information, and he was utterly shocked, unable to believe his ears.

He was waiting for Sheng Ke Company to go bankrupt and Chu Ling's family to fall into abject misery. After he got rid of Lin Wenjing, he would then take the opportunity to win over Chu Ling. Unexpectedly, the Heavens had pulled an outrageous joke on him.

100 million for an investment was not a small sum of money. Even he would not

away in gushing tears.

Lin Wenjing was stupefied. What was happening?

Hadn't he helped her countless times?
Why would she say that he had caused her harm?

have been able to gather this large amount of money so easily. Most importantly, Sheng Ke Company was totally unworthy of investment!

Besides, this 100 million was from Purple Jade Studios, and this gave people much food for thought.

Situ Nan was in a terrible mood. Later on, he even heard that Lin Wenjing knew that mysterious Chairman of Purple Jade Studios, and they were childhood friends. That was why the Chairman of Purple Jade Studios was willing to invest 100 million in Sheng Ke Company!

The Chairman of Purple Jade Studios was truly liberal with money. No wonder his invitation to him for a meal not long ago was turned down bluntly.

At the same time, it explained why Han Kunpeng was so reverent toward Lin Wenjing, that worthless loser. He knew now that it was because of this reason.

To be honest, he was beyond displeased and extremely jealous of Lin Wenjing. How did that worthless loser get to know a big shot like the Chairman of Purple Jade

Chapter 125 Money That Was Borrowed

Studios? On the contrary, he, an outstanding and talented person, could not even befriend the Chairman. It was truly unfair!

Fortunately, he had great foresight and had paid a visit to Master Grim.

So what if Lin Wenjing knew the Chairman of Purple Jade Studios? Master Grim was the underground emperor of Hua City who had unrestrained power over the masses. If Master Grim aimed to get rid of a person, no one in Hua City would be able to protect that person, not even the Lin family!

Thinking of that, he felt a morbid excitement in his heart. The more complicated Lin Wenjing's background was, the more sense of achievement he felt. Nothing could compare to the sense of achievement he got after destroying a powerful opponent by himself!

However, there was still no response from Master Grim. This made him slightly anxious as he did not know when Master Grim would act. Due to the dignity of Master Grim, he did not dare to ask.

.....

This news was spread to Chu Zhenyao and Liu Qiaozhen as well. Therefore, when Chu Ling and Lin Wenjing returned home, she was instantly surrounded by her parents. Liu Qiaozhen asked excitedly, "Chu Ling, are you the Chairman of Sheng Ke Company now? Is this true? I heard it from the family group."

Chu Zhenyao's face was also flushed red due to extreme elation. "Of course it's true! This information is verified. My daughter has become successful in the blink of an eye, and she is the Chairman of Sheng Ke Company! Haha!"

Liu Qiaozhen added, "Chu Ling, tell me what happened. Why did Chu Guodong give his position to you willingly? Did you really find a new investment and revive Sheng Ke Company? Is all of this real?"

"Chu Ling, we weren't mistaken, were we? I couldn't reach you just now. Quick, tell your dad what happened. Which big boss invested in the company? Was it Huang Wenhua? Or Situ Nan?"

"According to my speculation, it must be

Chapter 125 Money That Was Borrowed

Situ Nan!" Liu Qiaozhen said with confidence. "Situ Nan admires Chu Ling, and on top of that, he is the heir of Teng Fei Company, so he is extremely wealthy! Only this kind of love is true. I didn't know that Situ Nan loved Chu Ling so deeply. Speaking of which, I think we were wrong to blame him yesterday. We shouldn't have embarrassed him."

Chu Zhenyao also nodded and said, "You do have a point. Situ Nan only wanted to make us happy when he gave us that imitation. He's not evil, and he's much better than Lin Wenjing."

Tarun Kalichet /fb

Liu Qiaozhen said angrily, "Don't even mention Lin Wenjing! I feel angry every time someone talks about him! The blue and white porcelain that was worth 30 million was gone just like that. It's true that I'm the one who broke it, but if he hadn't brought it to the hotel and had taken it back home in the first place, would I have broken it? He should have told us he possessed it, that worthless piece of trash. He's nothing but a failure!"

Both of them could not wait to express their thoughts and chatted unceasingly. Right this moment, Lin Wenjing walked

Chapter 125 Money That Was Borrowed

through the front door with two large bags in his hands and heard their conversation.

Chu Ling was feeling agitated even before coming home, and it got worse when she heard their annoying voices as soon as she came in. Therefore, she frowned and chided, "Can both of you please cut it out? Stop fancying yourself smart when you don't even know anything! Let me tell you, that investment was from Lin Wenjing. It has nothing to do with Situ Nan at all!"

"What?!"

Tarun Kalicheti /fb

"How is that possible?"

Chu Zhenyao and Liu Qiaozhen were utterly shocked, and they could not believe it.

Chu Ling had already pushed them aside and went straight to her room.

Suddenly, Liu Qiaozhen thought of something and quickly asked, "Chu Ling, you're joking, right? Where did Lin Wenjing get this much money?"

Chu Ling did not reply to her. She was already in her room, and the turn of a lock

Chapter 125 Money That Was Borrowed

could be heard.

Lin Wenjing put down the things and replied with a smile, "Mother, Chu Ling is right. I'm the one who invested in the company, but I used Chu Ling's name."

Upon hearing Lin Wenjing's words, Liu Qiaozhen still felt that it was a joke no matter how she thought of it. At this moment, Chu Zhenyao received a call. After a brief moment, he raised his head abruptly and stared at Lin Wenjing in astonishment. Then, he blurted out, "Lin Wenjing, y-you invested 100 million?!"

Lin Wenjing nodded and replied, "Yes, I did."

At once, Liu Qiaozhen and Chu Zhenyao's faces were splashed with amusing and complicated looks.

"Where did you get this much money?" Liu Qiaozhen thought of this question and asked hastily.

Even Chu Zhenyao widened his eyes as well. If he hadn't received the verification through the call, he would have never imagined that Lin Wenjing, this worthless

Chapter 125 Money That Was Borrowed

loser, would have this amount of money.

Lin Wenjing replied in a relaxed tone, "I borrowed it."

Liu Qiaozhen showed a look of 'As expected'. The next second, she frowned and said with vigilance, "I tell you, this money has nothing to do with us. We will not repay your debts for you!"

She did not even ask where Lin Wenjing borrowed the money from, and quickly got themselves out of this.

Tarun Kalicheti /fb

Lin Wenjing rolled his eyes and felt extremely speechless. Fortunately, he understood his mother-in-law's character very well, or he would have been enraged to death. "Don't worry. This is my debt. I won't get you into trouble."

"That's more like it." Liu Qiaozhen nodded. Then, from Lin Wenjing's explanation, she learned that this 100 million was directly used to buy 55% shares of Sheng Ke Company, and all of it was even transferred to Chu Ling. Knowing that Lin Wenjing received no benefit from it, she heaved a sigh of relief. At the same time, she mocked him inwardly, thinking that he

was indeed an idiot for accepting a loss-making deal.

Chapter 126 Buying a Car

Ever since they came back from the company, Chu Ling had been in a bad mood. Her expression was icy and the only thing missing was a string of words on her face that read: I'm unhappy. Don't talk to me.

Seeing this, Lin Wenjing felt regretful. If only he had used his own name instead of the Chairman of Purple Jade Studios' name.

He had tried to talk to Chu Ling and apologize to her, but she kept ignoring him. She had continued to be poker-faced, which troubled him very much.

When it was time for bed at night, she directly locked the door, not allowing him to go in, which meant that he had to sleep on the sofa outside.

Sigh...

Lin Wenjing sighed heavily and slapped himself with all his might!

He really was an idiot with low EQ. How could he not have discovered that Chu Ling hated the Chairman of Purple Jade Studios? He had been so smug then.

Come to think of it, Chu Ling had embarrassed herself in front of the Chairman a few times

Chapter 126 Buying a Car

before. With her pride, it was impossible that she would have an inkling of feelings for the Chairman.

It never occurred to him that Chu Ling actually fancied the Chairman of Purple Jade Studios.

He ought to mention the Chairman of Purple Jade Studios less in the future, lest Chu Ling felt angry.

Lin Wenjing thought he knew the truth. If Chu Ling knew what he was thinking, her anger would be unimaginable.

The next morning, Lin Wenjing was woken up by his ringing phone. Picking up to take a look, he saw that the call was from an unknown number. He couldn't help but frown. Who was it? By right, only a few people had his number.

Thinking that it was some salesperson, he killed the call directly. After all, it was still early, and he wanted to sleep a bit more.

But soon, his phone rang again. He killed the call again and silenced his phone.

Even so, the caller didn't surrender and called again. Without the ringtone, the phone buzzed nonstop, buzzing Lin Wenjing's sleepiness away. He gave up and answered the call

Chapter 126 Buying a Car

impatiently, "Who is it? Why are you calling me at such an ungodly hour? Don't you know that it's still bedtime?"

The caller didn't answer at once. After a pause, an aggrieved voice rang out, "Why are you being so mean? I just wanted to have lunch with you..."

He heard the soft voice of a girl.

Lin Wenjing was confused. Who was it? He didn't have many female friends in Hua City.

"Who are you?" Lin Wenjing asked.

Unexpectedly, the girl's tone became even more aggrieved. "Lin Wenjing, couldn't you recognize my voice? I'm Guo Lingfeng. We just met yesterday."

Guo Lingfeng?

Lin Wenjing froze for a second before he remembered. Wasn't she the girl who wore men's clothes? "Oh, it's you. Why did you call me so early in the morning? Do you want anything?"

Guo Lingfeng rolled her eyes and replied, "Do you have a bad memory? Didn't I just say that I wanted to invite you for lunch?"

Chapter 126 Buying a Car

“No, thank you. I’m eating at home.”

“Actually, I wanted to ask if you could come with me to buy a car. I don’t want to go alone because I’m not very familiar with cars.”

“Buy a car?” Lin Wenjing was taken aback instantly. He then asked, “Aren’t you penniless? Why are you buying a car?”

“That’s why I’m calling you. Can you lend three hundred thousand to me? I want to buy a car,” Guo Lingfeng replied.

Lin Wenjing didn’t know what to say.

He was speechless. It had only been a few days since he lent her a hundred thousand. Now, she wanted to borrow three hundred thousand more. Did she think he was her ATM?

“I don’t have any money,” Lin Wenjing refused directly.

Guo Lingfeng immediately said, “Don’t be so petty. I’ll return it!”

“Hey, Miss. Are you overestimating our relationship? We have only met a couple of times...”

“Then I’m not returning the one hundred

Chapter 126 Buying a Car

thousand,” Guo Lingfeng snorted.

Lin Wenjing nearly choked on his saliva. How could someone be so thick-skinned?

If he had known, he would have minded his own business and left Guo Lingfeng alone. After all, a few hundred thousand was not a lot to him.

In the end, he agreed to go with her. Not that he was afraid of Guo Lingfeng’s threat, but because he suddenly realized that he needed a car as well. With his current identity, he couldn’t catch a taxi to work every day in the long run.

After Chu Ling finished breakfast, she went to work. Still, she did not treat Lin Wenjing civilly.

Tarun Kalichetti: /fin

Lin Wenjing was very upset but he couldn’t come up with any solution for the time being.

He went to Purple Jade Studios first and kept working until one in the afternoon. He was reminded of his promise to Guo Lingfeng of buying a car with her when he received her call.

After having two bites at the canteen in a hurry to quell his hunger, he hailed a taxi and went to the place Guo Lingfeng said, a street that specialized in selling cars.

“I’m here. Where are you?” Lin Wenjing called

Chapter 126 Buying a Car

Guo Lingfeng.

She answered, "I'm at the Audi dealer shop. Come over here."

Lin Wenjing frowned. "Didn't you say you were going to buy a car that was within three hundred thousand? Why are you at an Audi dealer shop?"

Guo Lingfeng sounded a bit guilty on the line and she carefully chose her words, "Oh, I'm waiting for you here. I didn't say I was going to buy it. Come over here first. A salesperson is annoying me and I don't like it."

Indeed, Lin Wenjing could faintly hear a man cajoling through the phone.

Lin Wenjing didn't know if it was his own imagination or not, but he felt that the man's voice sounded familiar!

"Fine, I'll go over there now," Lin Wenjing replied resignedly. Then, he started to search for the Audi dealer shop. There were too many car dealers here with all kinds of brands, so it took him about ten minutes to find the Audi dealer shop after walking around.

As soon as he went in, he was stopped by a salesperson who asked him cordially, "Sir, are

Chapter 126 Buying a Car

you here to buy a car? What kind of car are you looking for?"

"I'm here for a friend. I'm not looking to buy a car at the moment," Lin Wenjing replied with a smile.

Hearing his words, the enthusiasm on the salesperson's face diminished by half as he said 'okay' lightly, not bothering to talk to him anymore.

Seeing Lin Wenjing's ordinary and shabby clothes, other salespeople thought he was just an ordinary employee instead of a wealthy person, and that he couldn't afford a car as expensive as an Audi. So, they didn't greet him as they didn't want to waste their time.

Faced with the salespeople's indifference, Lin Wenjing smiled mildly. He had gotten used to it and was happy to be left alone.

His eyes scanned the shop but he didn't see Guo Lingfeng. Where was this girl?

As he was about to call Guo Lingfeng, he suddenly saw the silhouette of a pretty girl getting out of an Audi A7. Who could it be other than Guo Lingfeng?

Beside her stood a number of salespeople, and

Chapter 126 Buying a Car

they all bore a respectful attitude.

“Miss Guo, this Audi A7 is the newest model, and it suits your aura very much. It’s not very expensive, and with all expenses included, it’s only eight hundred thousand. Also, we have stock for this right now, so you can pick it up within three days,” a salesperson said, his eyes often turning to Guo Lingfeng’s face.

Just then, he turned around and Lin Wenjing caught a full view of his face, making Lin Wenjing freeze immediately. Wasn’t this person someone he knew?

Chapter 127 Enemies Meet With More Rage

Indeed it was someone familiar. It was none other than Chen Hao, the person he had met a while ago at Chu Ling's alumni gathering.

Lin Wenjing and him had a confrontation before, and Lin Wenjing had taught him a lesson. He was not expecting to see Chen Hao here at all.

The main point was, wasn't Chen Hao very successful and the boss of some company? Why was he here as a salesperson in an Audi dealer shop?

Lin Wenjing was surprised, but he didn't go up to Guo Lingfeng immediately. After all, Chen Hao would definitely recognize him. It was better to go out first and call Guo Lingfeng to tell her to buy a car at another place.

Guo Lingfeng nodded and agreed, "It's quite nice, and 3.0T would be sufficient."

Chen Hao heard her words and delight shone on his face instantly. "Yes, Miss Guo. When are you planning to buy the car then? This A7 is one of our best-selling models. If you don't buy it now, someone else will buy it. Two days ago, lots of customers asked about this model as well."

Guo Lingfeng said, "I'm waiting for my friend."

Chapter 127 Enemies Meet With More Rage

When he arrives, I'll buy the car."

"Alright. When will your friend be arriving? If your friend needs some time to come here, you can wait at the VIP lounge, and we will serve you some snacks and tea," Chen Hao said smilingly.

Just then, Guo Lingfeng turned her head around and spotted Lin Wenjing who was about to leave. Her eyes brightened and she said, "My friend is here!"

Then, she strode over to Lin Wenjing.

Lin Wenjing saw that she had discovered him from the corner of his eyes and was walking toward him. He instantly felt guilty and quickened his pace.

Too bad Guo Lingfeng was quicker, and soon, she had caught up with him and held onto his arm affectionately. "You're here! That's great. I want to buy an Audi A7."

Guo Lingfeng's body was very well-proportioned, and her hugging his arm made him tense up immediately!

At this moment, Chen Hao saw Lin Wenjing as well. He froze for a second, and then his expression changed dramatically.

Chapter 127 Enemies Meet With More Rage

He recognized Lin Wenjing immediately, and anger burned in his chest. It travelled upward and reached his head, making his eyes bloodshot and his teeth clenched.

He would never ever forget that last time, it was Lin Wenjing who had destroyed his plans and humiliated him thoroughly.

The most important thing was, after that incident, his career had gone downhill. In two short months, his company had gone bankrupt, and he had no choice but to work as a salesperson at this Audi dealer shop.

It would be fair to say that he hated Lin Wenjing to the core, and thought that he was the one who ruined his life!

Now when he saw Lin Wenjing, he was even more enraged, as enemies usually did when they saw each other.

Lin Wenjing was stopped by Guo Lingfeng. He felt resigned and knew that he couldn't escape now. Besides, Chen Hao had already discovered him. It was a relief that he wasn't in a relationship with Guo Lingfeng. Even if Chu Ling knew about this, he wouldn't feel panicked because a straight foot would not be afraid of a crooked shoe.

Chapter 127 Enemies Meet With More Rage

“Didn’t you say that you wanted to buy a car that only costs around three hundred thousand? Why are you here at an Audi shop?” Lin Wenjing questioned with a frown.

Guo Lingfeng had resumed wearing women’s clothes. Yesterday, she had bought a lot of pretty clothes on purpose, and she was now in fashionable clothes with her hair tied up. She looked youthful and gorgeous, and she emanated a sexy and well-educated aura that was superior to others. With one look, one could tell she was a fair-skinned rich beauty from a wealthy family.

In comparison, before Lin Wenjing came, he had changed into ordinary shabby clothes. Most would think that he was just a regular white-collar employee. The two of them didn’t look like they were compatible at all.

Guo Lingfeng was not a casual person. Apart from her father, she had never held another man’s arm so intimately, let alone having her chest brush against their arm.

Both of her cheeks flushed red instantly, and she felt embarrassed.

But strangely, she neither rejected the contact nor felt disgusted by it. Instead, she enjoyed it immensely. Before, she had always disliked

Chapter 127 Enemies Meet With More Rage

intimate contact with the opposite sex, and she would feel nauseous whenever someone touched her hand, let alone holding a man's arm.

She didn't dig deeper as to why she was acting that way. She just knew that Lin Wenjing was quite nice because he hadn't approached her for her beauty nor her wealth, unlike other men.

She was especially moved on the night Lin Wenjing saved her. She was unaware that a seed had been planted in her heart, and it was growing gradually.

She said in a coquettish tone, "The total is eight hundred thousand, and the down payment is three hundred thousand. I won't borrow a single cent more."

Hearing this, the corner of Lin Wenjing's lips twitched. Eight hundred thousand for a car. Miss Guo, you really are rich.

"Why are you buying such an expensive car? Didn't you say it was just to substitute walking?" Lin Wenjing asked with a frown.

Guo Lingfeng replied, "Is eight hundred thousand expensive? Any one of the cars at my home is more expensive than this."

Chapter 127 Enemies Meet With More Rage

Lin Wenjing believed her. Although he didn't investigate her, judging by her temperament and manners, he knew that she was from a wealthy family.

Lin Wenjing rolled his eyes and was about to speak, only to see Chen Hao coming over with a sarcastic smile. He said, "Miss Guo, is this the wealthy friend that you were talking about?"

Chen Hao pointed at Lin Wenjing and asked in a disdainful manner.

He knew full well that Lin Wenjing was a good fighter, and he was no match for him. However, they were now in an Audi dealer shop and it didn't matter if Lin Wenjing was a good fighter. Would Lin Wenjing dare to hit him in broad daylight? He actually hoped that Lin Wenjing did have the guts to do it so that he could be knocked out. Then, Lin Wenjing would be detained in the police station!

Guo Lingfeng didn't know that Chen Hao knew Lin Wenjing. Seeing Chen Hao's disdainful attitude toward Lin Wenjing, she frowned immediately and felt uncomfortable. She questioned, "What is with your attitude, Manager Chen? Customers should be well-treated, and as a sales manager, should you really be treating your customer this way?"

Chapter 127 Enemies Meet With More Rage

The other salespeople were also looking at Chen Hao in confusion. Indeed, as a sales manager, Chen Hao had always been very professional. Even when he was facing really poor customers, he would greet them with a smile. Why was he being so mean now?

Chen Hao knew that he was wrong, but from the moment he saw Lin Wenjing, he couldn't keep his cool. He laughed and said, "Miss Guo, the reason I'm saying this is exactly because you are my customer. Do you know who this man is?"

Chen Hao said this quite loudly, and his tone was dripping with sarcasm. All the customers who were looking at cars around them were instantly attracted.

There was a commonality of the people in Hua City, which was enjoying a good show. Social status didn't affect this commonality at all.

Guo Lingfeng froze for a moment. She finally realized that this Sales Manager with the surname Chen obviously knew Lin Wenjing.

Also, looking at Chen Hao's behaviour, it seemed like Lin Wenjing had some secrets.

She subconsciously loosened her intimate grip on Lin Wenjing's arm.

Chapter 127 Enemies Meet With More Rage

Frowning slightly, Lin Wenjing turned to Guo Lingfeng and said, "Let's go to other car dealer shops to take a look."

Yet from others' perspective, his actions made him seem as though he had something to hide.

Guo Lingfeng hesitated for a while, but later nodded and left with Lin Wenjing.

But Chen Hao finally had an opportunity to take revenge, so obviously he would not let Lin Wenjing go this easily. He said loudly at once, "Lin Wenjing, are you scared? As the live-in son-in-law of the Chu family, how dare you cheat on Chu Ling? You really are capable!"

Tarun Kalicheti /fb

As soon as he uttered these words, everyone looked at Lin Wenjing like he was a b*stard.

Chapter 128 Snitching to Chu Ling?

Even Guo Lingfeng's expression looked a bit unnatural. She knew that Lin Wenjing was married, and that he was the live-in son-in-law of the Chu family. However, now that she was here as his female companion, the looks that people were giving her made her feel humiliated.

So she let go of Lin Wenjing's arm.

Of course, her subtle action didn't escape Lin Wenjing. He didn't blame her, nor did he feel angry. It was understandable. After all, Guo Lingfeng was still unmarried and from a wealthy family, so it was normal that she would be sensitive to criticisms.

Tarun Kalicheti /fb

Lin Wenjing didn't expect to run into Chen Hao when shopping for a car, but now that they had run into each other, Lin Wenjing was not going to back down. He smiled and said, "Chen Hao, aren't you running a company that has an annual revenue of several million? Why are you selling cars here?"

It would have been fine if Lin Wenjing didn't mention it, but he had done so and hit a sore spot. Chen Hao's face immediately darkened. He clenched his teeth and wanted to fly into a rage, but when he saw the smirk on Lin Wenjing's face and how Lin Wenjing was prepared to hit him at any moment, he felt

Chapter 128 Snitching to Chu Ling?

scared and snorted, “Mind your own business! You—”

Lin Wenjing cut him off and said teasingly, “It seems that your company has closed down. Could it be that you started to have bad luck after that night?”

Chen Hao’s face darkened even more, and he was so angry that his facial features were distorted. Lin Wenjing’s expression was really infuriating! “Bullsh*t! Who says that my company has shut down? I just took this job to gain some experience, and it’s only temporary!”

He was obviously panicking, and he started to blabber nonsense. Anyone with a clear mind would know that Lin Wenjing was right in saying that Chen Hao was down and out, reduced from being a boss to a car dealer.

Actually, there was nothing embarrassing about being a car dealer, as there was no such thing as a job being more superior than the other. However, for someone like Chen Hao who liked to flaunt, it was very humiliating. That was why he didn’t tell his current co-workers that he used to be the owner of a company.

Instantly, the salespeople around him looked at him with a tinge of schadenfreude, which upset him very much. Clenching his fists, Chen Hao

Chapter 128 Snitching to Chu Ling?

wished that he could hit Lin Wenjing in his face, but he didn't dare to do so. Once he made the first move, Lin Wenjing was free to hit him back as an act of self-defense.

It was fortunate that he had experienced similar situations, and his self-control was stronger than average people. He inhaled deeply and calmed down quickly. Sneering, he said, "It's better than being a live-in son-in-law like you who feeds off someone else! Lin Wenjing, I don't know how you do it. The expenses for your food, clothes and daily necessities are all paid by Chu Ling. You don't pay a single penny, yet you're using Chu Ling's money to fool around with girls, and you even want to buy a car that's worth eight hundred thousand for another woman! You really are an embarrassment to men!"

One had to say that his words were very venomous. Instantly, the people around them started pointing fingers at Lin Wenjing, their eyes full of disdain and reproach.

"I really couldn't tell that this fine-looking and able-bodied man named Lin Wenjing was so shameless, using his wife's money on another woman."

"Yes, there are so many wolves wearing sheep's clothing out there..."

Chapter 128 Snitching to Chu Ling?

“Hey, I remember now! Isn’t Lin Wenjing the live-in son-in-law of the Chu family? He was quite famous in Hua City two years ago!” A voice rang out from the crowd and immediately drew everyone’s attention.

“Yes, yes! Now that you mentioned it, I remember that the Chu family does indeed have a live-in son-in-law that stays home all day, unwilling to work even though his four limbs are intact. He stays at home to do chores, and I heard that he even washes his mother-in-law’s underwear, hahaha...”

“Damn, really? This piece of news is so juicy. I can’t believe useless men like him still exist in society. This really broadened my horizons!”

“Hey, don’t look down on him. Lin Wenjing’s wife, Chu Ling, is very beautiful. She is the greatest of the three prettiest women in Hua City!”

“It seems like Lin Wenjing isn’t a decent person...”

Instantly, everyone around them started discussing heatedly. They also reprimanded Lin Wenjing in disdain.

In the face of their criticisms, Lin Wenjing felt quite speechless as he thought he was

Chapter 128 Snitching to Chu Ling?

becoming the type to cause attention anywhere, but he didn't have a say in this matter as he was the famed live-in son-in-law of the Chu family. He had even been on Hua City Daily, causing him to be well-known even though some people had never met him before.

As Guo Lingfeng heard how these people were discussing Lin Wenjing, her expression changed constantly, and the way she looked at him changed as well.

"What? Do you think I'm this sort of person too?" Lin Wenjing asked Guo Lingfeng smilingly.

"N-No..." Guo Lingfeng shook her head hastily, but she didn't dare to look Lin Wenjing in the eye and bowed her head.

Lin Wenjing smiled mildly. He was unconcerned, but he lamented secretly that gossip was a fearful thing.

Seeing that so many people were reprimanding Lin Wenjing, Chen Hao's grin was so wide that his face hurt. He had been holding a grudge against him for many years, and most of his anger dissipated immediately at this scene!

"Ah, Lin Wenjing. I feel sorry for Chu Ling. What would happen to you if I called Chu Ling and

Chapter 128 Snitching to Chu Ling?

told her about it?" Chen Hao said teasingly.

On this note, he took out his phone and pretended that he was about to call Chu Ling.

Under such circumstances, Guo Lingfeng became even more embarrassed. She had always been a thin-skinned person, and nothing like this had ever happened to her.

Lin Wenjing chuckled and said, "Chen Hao, you petty man, look at how ridiculous you are. You look like a clown. Chu Ling thought highly of you before, but we didn't expect you to be so petty. You just can't accept that you are living a miserable life, and that other people are living a better life. That's why you're slandering me. Haha."

Chen Hao's expression changed immediately to one of irritation. Lin Wenjing's words had hit his Achilles's heel, and he instantly became angry because of embarrassment. "It seems like you refuse to be convinced until you are faced with the grim reality! I'm calling your wife now! I want to see how she punishes you!"

Lin Wenjing frowned slightly. He hadn't done anything wrong, but he thought that bothering Chu Ling with this kind of thing was not appropriate. Besides, Chu Ling was still angry with him, so he said, "Fine, Chen Hao. Stop

Chapter 128 Snitching to Chu Ling?

fooling around. I know that you are angry at me because I taught you a lesson last time. I'll apologize. Don't bother Chu Ling because she's in a bad mood now."

When he said that, it made him look like he was guilty. Instantly, Chen Hao roared with laughter. "Are you finally scared? Hahaha... I'm telling you, it's too late! Just wait to be scolded by Chu Ling! As a live-in son-in-law, you should know better than to use your wife's money to cheat on her. Die, you b*stard!"

Then, he immediately dialed Chu Ling's number and switched on the speaker so that everyone could hear the conversation.

Chapter 129 Chen Hao, You Really Are a Piece of Trash

Being stuck in such a situation caused Guo Lingfeng to cover her face. She felt as though she had been thoroughly humiliated.

The people around her were even more happy at the sight of her distress; they loved to watch this sort of drama unfold.

Lin Wenjing said in a somber voice, "Chen Hao, you better stop right now. I'm only letting you off the hook just because you're Chu Ling's classmate. Don't go overboard."

Chen Hao did not pay the slightest bit of attention toward Lin Wenjing's warning. On the contrary, he felt even happier, so sure that Lin Wenjing felt guilty.

Parun Kalicheti /fb

Guo Lingfeng tugged at Lin Wenjing's arm and asked cautiously, "Why don't we just leave?"

Lin Wenjing thought about leaving before, but he wasn't about to leave now; Chen Hao's actions had completely angered him. "There's no need to. We'll leave after I teach him a lesson."

"But he is already calling your wife. Aren't you scared?" Guo Lingfeng's expression was full of terror.

Lin Wenjing said nonchalantly, "What do I have

to be afraid of? I'm not guilty of anything."

However, Guo Lingfeng did not believe him. She covered her face deliberately in order to prevent herself from getting photographed. She was starting to feel regretful. Had she known things would turn out like this, she wouldn't have come to the Audi store. They could've gone to the BMW or Porsche showroom instead.

At that moment, Chen Hao's call went through and a woman's voice came from the speaker. "Hello?"

It was Chu Ling. Looking excited, Chen Hao quickly made a shushing gesture to the crowd. "Chu Ling, it's me, Chen Hao."

Tarun Kalichetti / fb

Chen Hao purposefully glanced at Lin Wenjing with a face full of satisfaction, and even made a gesture of a knife slitting his throat to threaten Lin Wenjing. Seeing this, Lin Wenjing only had one word for Chen Hao—"Idiot."

Right as he finished speaking, Chu Ling hung up. The phone only sounded with the beeps of the dial tone.

Chen Hao was confused. What was going on? Did Chu Ling just hang up on him?

The atmosphere quickly turned awkward.

Lin Wenjing did not hold back his laughter. Chen Hao really didn't have an ounce of self-reflection in him. After the last classmates' gathering, Chen Hao had already done something absolutely repulsive, yet he still thought Chu Ling would pay any attention to him? He could dream on.

"It must be the weak signal here," Chen Hao explained grudgingly. He tried to call her once more. However, this time, his phone screen immediately displayed the words, 'The number you are trying to call is currently unavailable', which meant that Chu Ling had blocked him.

In a fraction of a second, Chen Hao's expression soured. Lin Wenjing took the chance to rub some salt on his wound. "Chen Hao, before you accuse someone randomly, can you take the time to reflect on yourself first? With a character like yours, did you really expect Chu Ling to answer your phone call?"

Upon seeing Chen Hao's expression, the people watching the scene unfold felt an unsettling feeling as well.

Chen Hao felt very angry. He scoffed loudly and said, "Damned Lin Wenjing. You must have slandered me behind my back in front of Chu Ling. How despicable of you!"

Lin Wenjing replied curtly, "Chen Hao, stop playing games. You had better know your place. Just be a good boy and apologize to us; if you do, I can consider letting you off the hook. If not, you won't even be able to keep your job here, do you hear me?"

"Trying to scare me, huh? You, of all people?" Chen Hao showed a face full of disdain. He spat a mouthful of saliva before raising his pinky finger at Lin Wenjing.

"Alright. You want to die? I can't help it then."

Lin Wenjing shrugged. He had realized that this Audi store seemed to be one of Wang Yunqian's businesses. That store manager seemed pretty familiar. In a minute, Lin Wenjing would give a call to Wang Yunqian directly and get him to fire Chen Hao on the spot.

Chen Hao had already lost all of his common sense at this point. He had seemingly forgotten his role as a sales manager in the store. All he could think about at that moment was to expose Lin Wenjing and watch him get humiliated in front of others.

Hence, when his phone could not reach Chu Ling's number, he immediately demanded the salesperson beside him to give him their phone, snatching it without giving a damn whether

they were willing to or not. He quickly entered Chu Ling's number and called her.

Very soon, the call went through and Chu Ling's aloof voice could be heard again. Chen Hao quickly said, "Chu Ling, it's me. Don't hang up! I have something very important to tell you—it's about Lin Wenjing!"

As expected, when Chu Ling heard this, she did not hang up. Instead, she asked in a solemn voice, "What happened to him?"

Chen Hao returned to his self-satisfied expression and said, "Chu Ling, as former classmates, I would kindly advise you to check your bank account. Did you lose a lot of money?"

He turned on the speaker function, and seemed glad with himself. Chen Hao looked just like a traitor in a television drama who was especially good at tattling on others.

"Chen Hao, if you have something to say, spit it out! I have no time to waste playing cat-and-mouse with such a lowly person like yourself!" Chu Ling's tone was full of venom. Chen Hao's self-satisfied expression immediately froze on his face and the people around them started snickering. This made him feel more embarrassed than he had ever felt.

He was someone who took great care of his image. Immediately, he felt as though he had eaten a mouthful of dung. He quickly coughed a couple of times to mask his own awkwardness. "What happened last time was a misunderstanding. Everyone knows that I'm an extremely noble person," he said.

Another slam! Chu Ling had impatiently hung up the phone.

Lin Wenjing couldn't hold himself back and said, "Chen Hao, you're really something else. Why are you constantly finding ways to humiliate yourself, time and time again?"

Guo Lingfeng couldn't help but laugh as well. Chen Hao's actions resembled a clown's. Apart from her, many other people were also secretly laughing at him.

Chen Hao gritted his teeth, feeling even angrier than before. He pointed at Lin Wenjing and spat out fiercely, "You, don't be so happy just yet. You're about to see what sort of death you're about to have!"

He called Chu Ling again. The call had only just gone through before he exclaimed loudly, "Chu Ling, I'll tell you straight out. I personally saw Lin Wenjing using your money to spend it on his mistress out here!"

Chu Ling was silent, as if she had been convinced by Chen Hao.

Chen Hao broke into a satisfied smile once more. He mouthed toward Lin Wenjing saying, "You piece of trash, you're dead!"

All Lin Wenjing muttered was the same word. 'Idiot.'

Everyone quietened down immediately; they were all waiting for Chu Ling to explode with rage.

Finally, after a few seconds of silence, Chu Ling spoke. However, the words she said were vastly different from what everyone else was expecting. "Chen Hao, are you insane?"

Chen Hao's self-satisfied smirk froze on his face. "Chu Ling, you have to believe me. I'm really not lying to you. If you don't believe me, I can show you through a video call. Right now, Lin Wenjing and his mistress are here in my store!"

As he spoke, his finger moved to press the button to start the video call.

Right then, Chu Ling spoke again. "Enough, Chen Hao! You are really challenging my limit as to how low of a person I can possibly

perceive you as! Before this, you got gangsters to come and intimidate us just because your limelight had been stolen at the classmates' gathering! After Lin Wenjing taught you a lesson, I didn't call the cops on you because we were high school classmates. I let you go once. Now, you still have the face to call me, just to tell me that?"

Chen Hao's face was full of panic. He tried to explain hurriedly, but Chu Ling did not give him the chance to do so. She continued and said, "Besides, you saying that Lin Wenjing is using my money to buy things for his mistress has to be the funniest joke of the century. Lin Wenjing is a big shot himself. Only yesterday, he invested 100 million in my company. You said he is using my money to treat his mistress with items? Are you insulting my intelligence right now? Besides, Lin Wenjing and I are very much in love. He would never betray me and meet other women behind my back! That is why, Chen Hao, you really are a piece of trash!"

As soon as she finished talking, Chu Ling hung up the phone.

Chen Hao was completely taken aback. Everyone around them was also looking at Lin Wenjing, stunned. From the entire conversation, they all had caught onto the same piece of information: Lin Wenjing had invested 100

Chapter 130 Lin Wenjing's Identity Shocks the Crowd!

Even Guo Lingfeng was staring at Lin Wenjing in shock.

Although she herself came from a rich family and had quite a few sports cars in her own garage, 100 million was still not a small amount to her.

Only when she reached her father's level could she come out with 100 million with more ease.

Besides, how old was Lin Wenjing? He had to be around her age, right? How did he manage to invest 100 million into a company? Most importantly, wasn't Lin Wenjing the Chu family's live-in son-in-law? Everyone talked about how poor he was, and how little authority he had in the Chu family. Where could he possibly get 100 million?

This was totally out of the blue!

Chen Hao was the most shocked of them all. Completely taken aback, his mind was in a frenzy. He couldn't come to his senses at all. How could Lin Wenjing—a live-in son-in-law who was hard bent on getting a job—manage to come across 100 million? Didn't this sort of stuff only happen in fairy tales?

Lin Wenjing was also pretty frazzled himself. He knew for a fact that Chu Ling wouldn't have

Chapter 130 Lin Wenjing's Identity Shocks the Crowd!

gotten fooled, but he didn't think that she would bring up what he had done. This was nothing like Chu Ling.

It seemed like Chu Ling was still angry at him. Those words that she had spoken were obviously riddled with resentment.

Lin Wenjing was right. Chu Ling was still in a bad mood. Earlier today, she had gone to the company. Even though everything had returned to normal and the authority she held was much higher than before, she still had a quarrel with some of the Chu family members during an earlier meeting. She couldn't help but use her position as chairwoman, as well as getting help from the elite team sent by Wang Yunqian, to control the others.

Nevertheless, these were only small matters; the real kicker was the fact that Lin Wenjing knew the chairman of Purple Jade Studios. Based on her deductive reasoning, this meant that the chairman of Purple Jade Studios did not help her out the last two times because of her own self. He helped her out because of Lin Wenjing! This made her extremely disappointed, devastated, and hurt. Her heart felt as though it was empty.

The phone call Chen Hao had just made to her only further elevated those emotions.

Chapter 130 Lin Wenjing's Identity Shocks the Crowd!

To be honest, she did not second-guess Chen Hao's words. That was because she already found out that Lin Wenjing was filthy rich, and had the financial capability to find another woman out there. This made her even more unhappy, even feeling a little wronged.

However, she still threw a fit and helped Lin Wenjing retaliate against Chen Hao.

This was because she owed Lin Wenjing not just one small favor, but rather a very big one. Putting aside the truthfulness of Chen Hao's words, even if Lin Wenjing really had another woman out there, she could only suck it up. That was because she had never done her duty as what a wife should do.

Tarun Kalicheti /fb

Right now, she was extremely confused. On one hand was the chairman of Purple Jade Studios, while the other hand was Lin Wenjing. Funnily enough, Chu Ling never stopped to think that the chairman of Purple Jade Studios and Lin Wenjing could be the same person.

Despite all of this, Lin Wenjing had no idea that Chu Ling's emotions were so complicated. He said to Chen Hao, "What other tricks do you have up your sleeve? Lay them all out now. If not, when I show you mine, you won't have the chance to retaliate at all."

Chapter 130 Lin Wenjing's Identity Shocks the Crowd!

Chen Hao was still taken aback, his mouth agape. He looked at Lin Wenjing as if he had seen a ghost. "You really invested 100 million in Sheng Ke Company? That's impossible. How could you have so much money? You're just a live-in son-in-law!"

The crowd surrounding them had the same questions.

Obviously, Lin Wenjing did not pay him any attention. He took his phone out immediately and called Wang Yunqian. "The Audi dealer store on Luo Pan Street is yours, right?"

"Yes, chairman, what are you asking of me?"

Tarun Kalicheti /fb

"There's a sales manager called Chen Hao in this store. I don't like him. Please fire him," Lin Wenjing said curtly. He seemed to have thought of something and added on, "Also, blacklist him. Keep him out of all the dealer stores in Hua City."

When Wang Yunqian received the call, he was taken aback. The chairman is such a rich man. Why would he be visiting Wang Yunqian's dealer store—hold on. Suddenly, he thought of one possibility which caused his forehead to start forming beads of cold sweat. The chairman couldn't possibly be checking on my businesses... right? he thought.

Chapter 130 Lin Wenjing's Identity Shocks the Crowd!

After hanging up, he quickly called the store manager of that particular Audi dealer store, relaying the chairman's commands.

As Chen Hao watched Lin Wenjing make the phone call, his face was full of disdain. He thought that Lin Wenjing was merely acting pretentious. He finally came around to his senses and remained calm, convincing himself that what Chu Ling had said just now was only nonsense. It was impossible for Lin Wenjing to come out with 100 million. Besides, Sheng Ke Company was merely a lighting fixture company that wasn't very valuable. How could anyone be so dumb to invest 100 million in it?

He folded his arms over his chest and said disdainfully, "Hey, Lin Wenjing, you're really acting up right now! You think that someone like you can fire me from this Audi dealer store? Are you still daydreaming? Do you know who the boss behind this dealer store is? It's Wang Yunqian, General Manager Wang, the CEO of Purple Jade Private Limited Film and Television Studios!"

He wasn't scared at all. Even if he lost his job today—no, he was an elite worker in this store. He had sold dozens of cars only in the past few days. How could the store manager fire him because of what happened today?

Chapter 130 Lin Wenjing's Identity Shocks the Crowd!

However, not more than a few minutes later, the store manager ran out in a hurry. He caught sight of Lin Wenjing and quickly ran toward him and called respectfully, "Mister Lin!"

Seeing this, Chen Hao's expression froze. His eyes widened and he rubbed his eyes, hard, not daring to believe what was happening.

Lin Wenjing looked at the pot-bellied store manager standing in front of him and asked, "Who are you to Wang Yunqian?"

"Mister Lin, Wang Yunqian is my brother-in-law," he said. The store manager's tone was extremely deferential. He had been taking his afternoon nap when he received Wang Yunqian's phone call. Instantly, he was awoken. In the call, Wang Yunqian was more serious and somber than he had ever been. He made sure to remind him over and over again that he had to serve Mister Lin well. He could not do anything to offend Mister Lin, lest he lost his job as store manager.

This scared him half to death and he ran out immediately without even wearing his shoes properly.

Lin Wenjing was pretty satisfied with the store manager's attitude. He nodded and said, "It's nothing much. I don't like the sales manager of

Chapter 130 Lin Wenjing's Identity Shocks the Crowd!

your store. Fire him.”

Lin Wenjing pointed to Chen Hao, who was standing behind the store manager.

The store manager immediately turned around and looked at Chen Hao, his eyes filled with murderous intent. Gritting his teeth, he bellowed, “Chen Hao! You worthless dog, how dare you even offend Mister Lin? You’re growing to be more and more daring! From now on, you are no longer employed under us! Pack up your things and screw off!”

Chen Hao was completely stunned. This was too sudden of a change and he couldn’t react at all. How did Lin Wenjing suddenly become Mister Lin, a person who even the store manager respected so much? he thought.

Was it just a dream, or had the world changed?

Not only Chen Hao, but the many people around him were showing expressions of shock. They had witnessed everything from start to finish, and had never expected such a twist to the story.

This included Guo Lingfeng. Now, the gaze while she looked at Lin Wenjing was full of surprise and intrigue.

Chapter 130 Lin Wenjing's Identity Shocks the Crowd!

“Sir! Has there been a mistake? Lin Wenjing, he —he’s just a live-in son-in-law of the Chu family. He’s just a piece of trash!” Chen Hao said desperately.

Upon hearing this, the store manager was so horrified that he became drenched in cold sweat. Without a moment’s hesitation, he slapped Chen Hao in the face, hard. “How dare you?! Who gave you the guts to insult Mister Lin like that? I think you’re tired of living, aren’t you?”

Chapter 131 See No Evil

The store manager was a large, well-built fatso, and his palm was larger than Chen Hao's face. With that hard of a slap, how can a weak pretty boy like Chen Hao handle it? Chen Hao fell to the floor, his glasses breaking apart and two pearly whites falling out of his mouth in the process.

The other people in the store were taken aback by the store manager's violent actions and took a few steps back.

Chen Hao had been completely beaten senseless, but at the same time slapped wide awake. He finally realized that he was not dreaming, and he had indeed dug himself a deep hole.

Tarun Kalicheti /fb

At that moment, fear, regret, confusion, reluctance and plenty of other emotions flooded into his heart.

This job was extremely important to him. If he lost this job, he might not even be able to support himself anymore, knowing that he had a lot of debts on his hand.

"Sir, I'm really sorry. Please, I beg you—don't fire me. I can't afford to lose this job!" Chen Hao pleaded. He had been slapped by the store manager, but he didn't feel an ounce of vengeance. He was very clear about the store

manager's power. If he called the police, Chen Hao would definitely be the one getting the shorter end of the stick.

The store manager glared at him as he said, "Screw off! You ignorant fool. How could you offend Mister Lin? Our company has no use for trash like you. Leave, now, or else I will call the security guards to personally escort you out!"

Chen Hao realized that Lin Wenjing was the real boss here. As he suppressed the reluctance in his heart, he walked over and started begging Lin Wenjing. "Mister Lin, this is all my fault. Please find it in your heart to let me go just this once, please?" he whimpered.

Tarun Kalicheti /fb

Was Lin Wenjing willing to let him go? Of course not. His forgiveness did not come so easily. For someone like Chen Hao, he couldn't care less even if he died.

"If only you knew then what you know now. I warned you, but you chose not to listen," Lin Wenjing shook his head.

Chen Hao sobbed. He had never felt so wronged and hopeless before. He really wanted to drag Lin Wenjing down and die together, fighting to the very end. However, he did not dare to do so. Deep down, he was still a very cowardly person.

Because of his cowardliness, he gave up eventually. Chen Hao left the Audi dealer store pathetically with a stomach full of rage, feeling very much wronged.

After Chen Hao's departure, the other people were looking at Lin Wenjing in a new light. They were starting to believe what Chu Ling had said about him investing 100 million in her business. He was a mega-big shot; how could he have been a garbage son-in-law?

In particular, the younger women in the store started to look at Lin Wenjing differently; their gazes were filled with passion and lust, ready to throw themselves onto him right then and there.

Tarun Kalicheti /fb

Lin Wenjing smiled slightly and turned back, and just so happened to catch sight of Guo Lingfeng's sparkly eyes lingering on him. "What? Is there something on my face?" asked Lin Wenjing.

"No, no." Guo Lingfeng panicked as her eyes met Lin Wenjing's. She quickly looked down and shook her head, her face reddening as two little spots of blush started appearing on her cheeks.

Her heart was now beating very quickly. Lin Wenjing's actions had shot a Cupid's arrow straight into her heart; he had become even

more closer to her ideal type.

Good skills, a tall and lean body, a respectable identity, and a rather handsome face. This was the epitome of a lead male character in a story!

The only flaw he had was that he was already a married man.

However, that wasn't very important, was it? The more of a struggle the relationship was, the more precious and out of the ordinary their story would be, right?

Guo Lingfeng was completely befuddled. She couldn't stop eyeing Lin Wenjing up and down secretly.

Tarun Kalicheti /fb

As for Lin Wenjing, the store manager had given the Audi A7 as a gift to appease him. He knew Guo Lingfeng had fancied the Audi A7, so he gave the pair of them two sports cars. This exchange won the admiration of everyone in the crowd.

Lin Wenjing did not turn the offer down. Two A7s was no big deal to Wang Yunqian. If he didn't accept the gifts, he knew that Wang Yunqian would feel even more anxious. That was why Lin Wenjing graciously accepted them, seeing that he was already planning on driving his own car anyway.

The procedures to buy both cars were finalized in a jiffy. Lin Wenjing and Guo Lingfeng had to wait for only 30 minutes in the Audi dealer store before the temporary license number plates were issued and the cars could be taken home. However, the color that Guo Lingfeng had chosen was not in stock at the moment, and she needed to wait for three more days before the car would be hers. Hence, she took a ride back to her hotel in Lin Wenjing's car.

After sending Guo Lingfeng to her hotel, Lin Wenjing said, "I helped you buy your car. If we're done here, I'm going to go to work."

"Hold on!" Guo Lingfeng stopped him.

Tarun Kalicheti /fb

"What else do you want?" Lin Wenjing asked.

Guo Lingfeng patted her stomach and said, "I haven't eaten lunch yet. I'm a little bit hungry right now. Why don't you keep me company for a bit?"

Lin Wenjing shook his head. "No thanks. I've already eaten," he said.

However, Guo Lingfeng suddenly held onto his hand and started to act all coquettish like a cat and said, "Please, pretty please, eat lunch with me. It's still early anyway. It won't delay anything of yours."

Lin Wenjing felt uncomfortable at the sight of her hand holding his own. To him, physical contact between a man and a woman shouldn't be done so casually. He quickly pulled his hand away and said, "Wait, why do you want me to accompany you?"

"Because you're the only friend I have in Hua City," Guo Lingfeng said matter-of-factly.

Lin Wenjing rolled his eyes mentally. To be honest, he had eaten very urgently in the canteen, and was far from being full just yet. Now that Guo Lingfeng was holding onto him and not getting out of the car, he could only helplessly agree to having lunch in this hotel with her.

Tarun Kalicheti /fb

When they got out of the car, he purposefully kept an eye on the two stalkers milling around. Based on their appearances, they were probably sent by Guo Lingfeng's family to spy on her.

"Your family members care about you quite a bit, don't they? They even sent those bodyguards watch after you," Lin Wenjing said with a smile after they sat down in their seats.

Guo Lingfeng was taken by surprise. She looked left and right and said, "No, I snuck out this time and didn't even bring my phone. How

did they find out I was here?"

Lin Wenjing just smiled and stayed silent. He had noticed the tracking device installed in Guo Lingfeng's hair clip. No matter where she went, her family members would always know her exact location. However, Lin Wenjing didn't feel the need to say this out loud. This was merely a form of protection that the Guo family had toward Guo Lingfeng, after all.

As if Guo Lingfeng connected the dots, she humphed in frustration as she said, "Anyway, I'm never going back, no matter what. I'm not going to marry that fellow, Huang Wenhua!"

Huang Wenhua? Torun Kalicheti /fb

When Lin Wenjing heard his name, he immediately frowned. Huang Wenhua was the one who wanted to invest 100 million in Sheng Ke Company and take advantage of Chu Ling as well.

What a coincidence! And he happened to be Guo Lingfeng's fiance?

At that moment, Lin Wenjing's expression quickly became strange yet playful.

"Huang Wenhua is certainly not a good person," Lin Wenjing nodded as he spoke. After several

interactions, Lin Wenjing realized that Guo Lingfeng was a pretty good person and a nice young lady. It would be a horrible waste to marry her off to a scumbag like Huang Wenhua.

Guo Lingfeng was somewhat surprised, and asked Lin Wenjing curiously, "You know Huang Wenhua?"

Lin Wenjing nodded and answered, "You could say that."

"I knew he was never a good guy. The first time we met, he kept staring at my chest and thighs! He probably thought he was being really discreet about it, but I saw everything," she said. "It was disgusting! I don't know what my dad was thinking when he decided to marry me off to someone like that," Guo Lingfeng was full of anger at this point, and she kept blabbering on about it.

When Lin Wenjing saw Guo Lingfeng's resentful feelings toward Huang Wenhua, he stopped his own slander about the guy. It would make him seem very gossipy.

"Didn't you want to eat?" Seeing Guo Lingfeng getting extremely riled up and not showing the slightest hint of slowing down, Lin Wenjing had to remind her.

Chapter 131 See No Evil

It was only then Guo Lingfeng finally came back to her senses. "Right, right! I haven't eaten yet, I'm starving!" she said.

As she spoke, she stroked her lower abdomen, pulling her shirt down and immediately showing off her voluptuous chest and cleavage. It was particularly seductive, but Lin Wenjing looked away quickly. See no evil, do no evil.

Just as Lin Wenjing and Guo Lingfeng were walking into the hotel after lunch, a car happened to be turning into the hotel's driveway. The person in the car caught sight of Lin Wenjing and Guo Lingfeng together. After his initial surprise faded, the corners of the person's mouth lifted and a playful expression showed. He made a phone call. "Young Master Huang, I heard that you're engaged to the daughter of the Guo family?"

A man's self-satisfied voice could be heard from the other end of the phone. "Not yet. I will only be holding my engagement party with Guo Lingfeng a few days later. Situ Nan, you aren't too bad yourself. Chu Ling is probably already in your hands by now, right?"

That was right. The person who made the call was Situ Nan. Coincidentally, he came to this hotel to eat, and ended up seeing Lin Wenjing and Guo Lingfeng together.

His first reaction was to call Huang Wenhua and tell him this piece of juicy information.

Guo Lingfeng was also one of Hua City's three greatest beauties. Her looks did not pale in comparison to Chu Ling, but she was not as well-known as Chu Ling. Many regular citizens did not recognize Guo Lingfeng. However, within her circle, Guo Lingfeng was very famous. Not only was she beautiful, her background was also impressive. As the only daughter of the Guo family, she was very coveted among the men.

Situ Nan had thought about courting Guo Lingfeng, too, but Guo Lingfeng didn't pay the slightest bit of attention to him, and only treated him with disdain. It could be said that Guo Lingfeng was even more aloof than Chu Ling. That was because she had the privilege to

be so. Many young masters from rich families had experienced her shutting the door in their faces.

Frankly, once he knew that Guo Yuanjia had married Guo Lingfeng off to Huang Wenhua, he did feel quite envious.

That was why he felt rather happy when he saw that Guo Lingfeng was hanging around with Lin Wenjing. He immediately called Huang Wenhua to share this information.

However, he felt a strong surge of jealousy rise up in him once more. This time, it was directed at Lin Wenjing. What type of man was Lin Wenjing? Not only did he marry Chu Ling, he also had connections with a rich girl like Guo Lingfeng? Based on what he saw, they were practically on their way to sleep with each other.

Situ Nan said wryly, "Young Master Huang, seems like you're still kept in the dark, aren't you? You and Guo Lingfeng haven't even gotten engaged yet, and she's already out here cheating on you!"

Huang Wenhua's tone turned serious. He inquired, "Situ Nan, what do you mean by that? Last time, I let Chu Ling go on your behalf. Now, you're still trying to annoy me? How much of a

pushover do you think I am to allow you to push me around like this?!”

He was already angered. No man could accept such indignity.

To Huang Wenhua, getting cheated on by a woman was the most humiliating thing possible.

Situ Nan laughed and said, “No, no, Young Master Huang, you misunderstand me. We’re on good terms, so why would I annoy you? I see you as a real friend, and that’s why I came to tell you. If not, you would have gotten cheated on without even knowing it.”

Sensing that something was wrong, Huang Wenhua quickly pushed away the young girl sitting in his lap. He walked to one side and frowned. Lowering his voice, he asked, “Situ Nan, what exactly are you trying to say?”

“Just hold on. I’ll send you a picture through WeChat. Then, you’ll understand what I mean,” Situ Nan said knowingly.

Instantly, Huang Wenhua received a message on his phone. He opened it and saw a picture taken from quite a distance away. The picture was a little blurry, but Huang Wenhua was able to make out an image of a man and woman

walking together. They were walking side by side into a hotel, and by their side profiles, he could see how chatty they were.

In the picture, it was none other than Lin Wenjing and Guo Lingfeng.

When he saw this picture, Huang Wenhua narrowed his eyes. He didn't recognize Lin Wenjing, but he could recognize Guo Lingfeng at just one glance.

In that moment, anger rose within him. His blood boiled as though he had been lit on fire.

"F*ck!" he yelled. He kicked the rubbish bin next to him, causing it to crash and its contents to fly out. This shocked the women in the room.

He took a deep breath and forced himself to calm down. After that, he called Situ Nan once more. "When did you take this picture?"

Situ Nan replied, "Just now. Just two minutes ago."

Huang Wenhua's eyes were dark with anger. He clenched his fists, which made a sickening cracking sound. His expression was terrifying.

He was an absolute control freak. When it came to women, he was extremely possessive.

He forbade any other man from touching his women, even the women he had discarded, let alone Guo Lingfeng. In his mind, Guo Lingfeng was already his. The fact that Guo Lingfeng was heading off to a hotel with another man meant she was betraying him. This was something he absolutely could not accept!

“Who’s the other guy?” Huang Wenhua’s voice was icy cold.

Situ Nan did not feel the least bit afraid. On the contrary, he was delighted. Very good. The angrier Huang Wenhua was, the more trouble Lin Wenjing was in, and the happier Situ Nan would be.

Tarun Kalicheti /fb

Even though he had already sent Master Grim after Lin Wenjing, and that definitely meant his life was already on the line, he grabbed this opportunity to see Lin Wenjing get taught a lesson. What was not to like?

“Lin Wenjing,” Situ Nan said knowingly.

“Who?” Huang Wenhua didn’t recognize this name.

Situ Nan continued, “Lin Wenjing. Chu Ling’s husband, the Chu family’s live-in son-in-law. He was the man who offended you at your villa the other day.”

“That’s him?” Huang Wenhua immediately recalled who he was as he still had quite a deep impression of Lin Wenjing. He gritted his teeth in rage. He hadn’t even touched Chu Ling, but this fellow dared taint his woman? Unforgivable!

“Exactly him,” Situ Nan said in a teasing voice. “Young Master Huang, they’ve been in that hotel for three minutes now. If you come any later, you might already be thoroughly cheated on by then.”

Huang Wenhua’s breathing through the phone was audibly rougher. He forced himself to calm down and gritted out, “What hotel is this b*tch couple in? I’m going over right now.”

Situ Nan told him the name of the hotel, and Huang Wenhua immediately hung up the phone.

After hanging up the phone, the corners of Situ Nan’s mouth lifted in a gleeful smile. He was just about to send the picture to Chu Ling, too, to show her Lin Wenjing’s true colors. On second thought, he decided not to. This was an important piece of evidence. There was no rush. He could wait until the time was right, then show it to Chu Ling to get an even better reaction.

As for Lin Wenjing, he and Guo Lingfeng had found seats and sat down. They were preparing to order their food.

After Guo Lingfeng ordered some dishes, she said to Lin Wenjing, "You seem completely unfazed by what happened just now."

Lin Wenjing replied, "What's there to be fazed about? Chen Hao is just a jester."

"But so many people were making fun of you since the start of it all, pointing fingers at you and such. You still seemed so calm." Guo Lingfeng asked curiously, "How did you do it?"

That was what she had been perplexed about the whole time. Even though she wasn't the person involved in the situation, she still felt embarrassed. She couldn't help but wish a hole would open up in the floor and swallow her up. However, Lin Wenjing didn't even seem fazed. He was nonplussed, and she could tell it wasn't an act, either. He was actually completely unperturbed. This was unbelievable to Guo Lingfeng.

Lin Wenjing laughed and sipped some tea. He said in a relaxed manner, "I'm way too used to situations like those. It isn't anything to be bothered about. You were probably frightened though, weren't you?"

When Guo Lingfeng heard his words, her emotions went into turmoil. Even though Lin Wenjing had said those words dismissively and seemed completely unbothered, she knew that beneath that relaxed exterior, he had been through a lot.

In that moment, she felt an overwhelming sense of sympathy.

The pity she felt for Lin Wenjing caused her to reach out and grasp Lin Wenjing's hand without her realizing. She said in a gentle voice, "Lin Wenjing, all this time, you must have endured much pain and suffered much disrespect."

Lin Wenjing was taken aback. He didn't expect Guo Lingfeng to say something so full of care and affection. Not even Chu Ling had said those kinds of words to him before. All this time, not one person cared about him, nor did anyone ever take his feelings into consideration.

He was already a very strong person, but in that one moment, he was touched by Guo Lingfeng's sudden thoughtfulness. In that instant, he actually felt like crying.

No one had cared about him, and he had never spoken about it. Over the last four years of his marriage, he had been suffering from constant

mockery and cold stares coupled with hurtful jabs directed his way. His strong heart was built after it had been battered and destroyed countless times. Only he knew of the amount of pain and suffering he had experienced...

Chapter 133 A B*tch Couple?

However, Lin Wenjing didn't dwell on these sad emotions for long. Quickly, he smiled and got over it. He calmly removed his hand from Guo Lingfeng's grasp and said with a smile, "Actually, I'm doing pretty well. I'm already much luckier than many others; at least I don't have to worry about food or shelter"

When Guo Lingfeng saw this side of Lin Wenjing, her heart filled with sympathy. Maternal instincts awoke within her, making her want to hold Lin Wenjing in her embrace and properly console him.

She was shocked at her thoughts. She had only just known Lin Wenjing for a short time, so why was she having such shameless thoughts? He had a wife!

Huang Wenhua was extremely efficient. After he hung up, he immediately rushed to the scene; he even ran several red lights along the way.

He didn't have a choice; he was more panicked than he had ever felt before. His entire mind was occupied with the thought of Guo Lingfeng and Lin Wenjing together.

He didn't suspect Situ Nan's words at all, because there was no need to. Situ Nan was a smart man. He wouldn't purposely do

Chapter 133 A B*tch Couple?

something so dumb as to offend him. He just couldn't understand why a poised lady like Guo Lingfeng would be hanging around with a piece of useless trash like Lin Wenjing.

They were people from two completely different rungs of the corporate ladder.

He prayed that Lin Wenjing hadn't tainted Guo Lingfeng. If not, he would make Lin Wenjing's life a living hell!

After rushing to the hotel as quickly as he could, Huang Wenhua met Situ Nan and demanded, "Where are they?"

Situ Nan laughed as he passed a cigar to Huang Wenhua. "Young Master Huang, you're pretty speedy."

Huang Wenhua humphed and glared at Situ Nan. "Situ Nan, you had better not be playing around with me."

"Why would I? I'm on the same side as you, Young Master Huang," Situ Nan appeased before pointing at the hotel. "They're inside. I've been helping you keep watch on them. Now, they're still eating. You can go in and take a look, Young Master Huang."

Huang Wenhua let out a sigh of relief when he

heard that. As long as they hadn't done anything yet, then the situation was still salvageable.

"Situ Nan, thank you for this. I'll treat you to a meal later on." Huang Wenhua shook Situ Nan's hand as a gesture of thanks.

Situ Nan waved his hand dismissively. "Hey, what's there to be so courteous about? Young Master Huang, you're being too polite. We are friends, after all."

"Yeah." Huang Wenhua nodded. Then, he thought of something and added, "Situ Nan, please help me keep this secret. I don't want others to know about this."

Situ Nan had long since heard about Huang Wenhua's love for his reputation. Naturally, he nodded and agreed. He couldn't wait for Huang Wenhua to run into the hotel this instant and beat Lin Wenjing to a pulp. The bigger the situation blew up, the better. When Lin Wenjing died, Situ Nan would no longer be such a huge suspect. Besides, he could take the opportunity to return Chu Ling to his grasp. It was killing two birds with one stone!

Huang Wenhua walked in with big strides. The moment he walked in, he saw Lin Wenjing and Guo Lingfeng sitting in a corner, and just so

Chapter 133 A B*tch Couple?

happened to catch sight of Guo Lingfeng grasping Lin Wenjing's hand. The two of them seemed so in love that it sent Huang Wenhua into a flying rage, so much so that he almost exploded in fury.

This b*tch couple!

In his mind, he had already sentenced Lin Wenjing to death. This piece of trash, how dare he try to court his fiancée? Go to hell!

He seethed and walked over quickly. He even bumped into a waiter along the way.

Almost instantly, Lin Wenjing felt his presence and looked at Huang Wenhua. In a teasing manner, he told Guo Lingfeng, "Your fiancée is here."

"Huh?" Surprised, Guo Lingfeng immediately looked in the direction that Lin Wenjing was looking at. Lo and behold, she saw Huang Wenhua storming over. At once, she scowled at the sight. "He's not my fiancée. I will never agree to marrying him."

At that moment, Huang Wenhua had already reached their table. He was infuriated that Lin Wenjing could still smile in this situation.

However, Guo Lingfeng still wasn't his fiancée,

Chapter 133 A B*tch Couple?

not yet. The engagement party hadn't been held, and no matter how angry he was, he couldn't direct his anger at Guo Lingfeng. He forced out a smile. "Lingfeng, what a coincidence. You came here to eat, too?"

He had returned to his polite and amiable self. Without sharp observational skills, one would not realize that he was livid.

When Guo Lingfeng saw him, she frowned and said coldly, "What do you mean by that? Do I need to report to you that I'm coming here to eat, too?"

Hearing this, Huang Wenhua's face hardened and the flames of rage in his heart burned even brighter. He couldn't control the corners of his mouth from twitching.

Despite that, he kept himself under control. It was important that he kept his cool in such a situation. "That's not what I meant. Of course, it's your choice to eat wherever you want to. However, your father has already agreed to us getting married. After just a few days, we will be having our engagement party. I just wanted to get to know this friend of yours over here."

His words seemed respectful and gracious on the surface, but should one closely read between the lines, it was easy to sense his

Chapter 133 A B*tch Couple?

selfish possessiveness, as if Guo Lingfeng was already his wife and had done something unfaithful.

When Guo Lingfeng heard this, her expression changed. She snapped, "Huang Wenhua, watch your words! First of all, I am not engaged to you. At most we are merely acquaintances. Whoever I want to eat with is completely up to me and none of your business. Secondly, I will never get engaged to you, let alone marry you! Please don't treat me as if I am already your fiancée!"

This hotel was very popular and was full of customers. Initially, just Guo Lingfeng's looks alone would make her the center of attention wherever she went. Now, her current outburst caused even more people to turn and stare at her.

When Lin Wenjing heard this, he knew the situation was about to go south. Guo Lingfeng had practically minced Huang Wenhua with her words.

Huang Wenhua's expression slowly darkened. He clenched his fists and his face flushed red, looking absolutely terrifying to passersby.

This situation caused the crowd who were watching the drama unfold to quieten down.

Chapter 133 A B*tch Couple?

They were all curious as to what would happen next.

Huang Wenhua really wanted to lash out in fury, but he held back and kept himself in check. He said seriously. "Lingfeng, I know that you're a very independent girl, and that you hate arranged marriages. Actually, I had always hated the idea, too, but after meeting you for the first time, I changed my mind. From the moment I saw you, I had already fallen deeply in love with you. Guo Lingfeng, I can promise that I will treat you well! I will love you, only you, for the rest of my life. If you don't believe me, I can swear on it! You're right. We haven't gotten engaged yet, and I don't have the right to control who you make friends with. If you were eating with any other friend, I promise, I would have agreed wholeheartedly. However, I can't watch you be deceived by this scumbag! You might not know, but the man sitting in front of you is Lin Wenjing, and he's the live-in son-in-law of the Chu family! He is already married!"

His words were full of emotion with underlying frustration. Many people were caught up in his impassioned speech and started reprimanding Guo Lingfeng.

However, Guo Lingfeng's frown deepened and her gaze turned icy. What she said next would almost anger Huang Wenhua to death.

“You’re insane,” Guo Lingfeng stated, “I’ve always known that Lin Wenjing was married.”

“What?” Huang Wenhua was taken aback. “If you knew, then why would you...”

He stopped. He suddenly realized that he had been too reckless. He literally just rushed over without completely understanding the situation.

What if Guo Lingfeng and Lin Wenjing didn’t have that sort of relationship and really were just normal friends? He would be the bad guy if that were the case, then.

Good thing his reactions were nothing if not fast. He quickly changed his tone and smiled as he retreated, “Ah, is that so? That’s good, that’s good.”

Guo Lingfeng suddenly got an idea and remarked, “Anyway, Lin Wenjing promised me that he would get a divorce as soon as possible. I’ll be waiting for him.”

Lin Wenjing almost spit out his tea when she said that. What was Guo Lingfeng doing? Was this some sort of joke you could mindlessly make?

When Huang Wenhua heard this, his eyes widened. A bunch of emotions passed through

his face. "Guo Lingfeng, what did you just say?!"

Guo Lingfeng got up and walked over to Lin Wenjing before she sat down next to him. She threw her arms around him and leaned her head on his shoulder before saying sweetly, "Do you still not get it?"

The corners of Huang Wenhua's mouth kept twitching. He was rigid with fury. All his life, he had never experienced such humiliation!

If it wasn't for the fact that he was in public, he would already have gone crazy!

The fact that Guo Lingfeng dared to do something like this meant that she couldn't care less about him at all.

Standing not too far away, Situ Nan was also astonished as he witnessed this. To think that Guo Lingfeng would go to such extremes and hook up with Lin Wenjing!

To be honest, even he felt jealous when he saw that, let alone Huang Wenhua. Guo Lingfeng was a beauty, and what exactly did Lin Wenjing have that caused Guo Lingfeng to be so affectionate towards him?

Situ Nan would never get this chance even if he were a hundred times better than Lin Wenjing.

Hold on. If this were to be shown to Chu Ling, wouldn't this situation instantly blow up?

He quickly took out his phone and prepared to take a picture. However, because he was too rushed, he didn't get a good grip on his phone and accidentally dropped it. The screen broke instantly and he stomped in frustration. By the time he got ahold of his bodyguard's phone, Guo Lingfeng had already let go of Lin Wenjing, and their actions no longer seemed as close as before. Even if he took a picture now, it wouldn't be worth much.

Lin Wenjing was stunned. He didn't expect Guo Lingfeng to do such a thing. Keeping his distance from Guo Lingfeng, he coughed a couple of times and asked, "Guo Lingfeng, what in the world are you doing?"

He then quickly explained to Huang Wenhua, "Don't listen to her nonsense. We really are just normal friends."

Lin Wenjing was being honest, but Huang Wenhua was in no state to listen to him; he was close to falling apart. As he clenched his fists and gritted his teeth, his eyes smoldered as he glared at Lin Wenjing.

"Lin Wenjing! You really are amazing, huh? You dare mess with my woman? Do you really think

"I'll just let you go?" Huang Wenhua hissed through his teeth.

"I just told you, Guo Lingfeng and I are just normal friends," Lin Wenjing explained tightly. He kept trying to explain the situation, not because he was afraid of Huang Wenhua, but because he didn't want to be framed for something he didn't do. Besides, Huang Wenhua knew Chu Ling. If this news reached Chu Ling's ears, it might cause a misunderstanding.

However, his explanation sounded like a surrender to Huang Wenhua. "So you're not even man enough to own up to what you've done? Lin Wenjing, you aren't that impressive after all, huh?"

Damn. It looked like Huang Wenhua had completely believed that Lin Wenjing and Guo Lingfeng were hooking up. It was pointless to explain any further. If this fiasco really reached Chu Ling's ears, he would just explain himself again. No big deal.

Guo Lingfeng could tell that things were getting worse. She immediately snapped at Huang Wenhua. "Hey, Huang Wenhua! I'm warning you, don't you dare do anything to Lin Wenjing! I was the one who went to him. He has nothing to do with this. If you want to get mad, then get mad

at me!”

Hearing this, the corners of Huang Wenhua’s mouth twitched harshly.

He really wanted to unleash his rage without caring about the repercussions. However, he knew that the backlash of this would be even worse. It didn't matter. After a few days, he would be holding their engagement party. This marriage had already been approved by Guo Yuanjia, so Guo Lingfeng would be unable to refuse. After he married her and was done with her, he could take his revenge!

He took a deep breath and quickly calmed himself down, before he declared, “Guo Lingfeng, I will prove to you that I am the best man for you in this whole world!”

After he spoke, he turned and left.

When he walked out, he finally lost control. He punched a dent in the hood of his Ferrari with his fist, and gave a roar, scaring the passersby.

Situ Nan walked over and said, “Young Master Huang, are you going to let Lin Wenjing go just like that? That doesn’t seem like what you would do.”

Huang Wenhua took the cigar from Situ Nan

and inhaled deeply. Face contorted with rage, he grinded out, "I can't beat Lin Wenjing up in front of Guo Lingfeng. After they break up, only then will I show Lin Wenjing what 'cruel' really means!"

He finished the cigar in a few puffs and threw it on the floor, before crushing it with his right foot, as if that cigar was Lin Wenjing.

Back at the hotel, Guo Lingfeng sheepishly apologized. "I'm sorry, Lin Wenjing. I couldn't control myself and ended up using you to ward him off. This is all because of Huang Wenhua! He's so infuriating! I really can't stand that attitude of his."

Tarun Kalicheti /fb

Lin Wenjing sighed. "You literally signed my death sentence. If this gets out to my wife, I don't know how I'm going to explain this to her."

"Just tell the truth. We have nothing to hide," Guo Lingfeng replied. Hm? Why did I feel a bit bitter when I said that?

Thinking of something, Guo Lingfeng added, "Right, Huang Wenhua is a very petty person. He will definitely take revenge on you, so you have to be careful."

Lin Wenjing nodded, not really paying much attention.

After they finished eating and paid for their meal, he left straight away. He still had to go back to Purple Jade Studios to work.

The minute he stepped out from the hotel, he was followed. Two cars immediately tailed his car as he pulled out.

Obviously, they were Huang Wenhua's henchman.

"This piece of trash can afford to drive an Audi A7?" Huang Wenhua sneered.

Sitting beside him, Situ Nan replied, "He's just a live-in son-in-law. As if he would have the means to drive an Audi A7. In my opinion, that's probably Guo Lingfeng's car he's driving around."

Bang!

Huang Wenhua couldn't help it. He slammed his fist on the car door; his eyes smoldered with flames of rage.

After awhile, Lin Wenjing drove into the parking lot of the Purple Jade Studios building. Huang Wenhua knitted his eyebrows. "Why did this idiot come to Purple Jade Studios? Could he be working here?"

Chapter 134 Shield

Situ Nan was also surprised by this. He had never dared to cross Purple Jade Studios, and he was especially fearful of that mysterious chairman of Purple Jade Studios.

Chapter 135 Young Master

Lin Wenjing naturally knew that Huang Wenhua had sent someone to follow him, but he didn't care. It didn't matter whether it was Huang Wenhua or Situ Nan, both of them were just small potatoes that were not even worth mentioning.

After he returned to Purple Jade Studios, he immediately started working on new tasks. It was not just talk when he said that he wanted to build a new advertising company, and he had already started curating a plan.

The fifty billion he inherited from his grandfather was not meant for him to earn interest from the bank, and his ambition definitely went beyond that.

Tarun Kalicheti /fb

This afternoon, he focused on making plans for the new company.

Just as he was about to get off of work, he received a call. It was from Lin Ximiao.

He immediately frowned after looking at the caller ID. He had not heard from the Lin family ever since he took over Purple Jade Studios from Lin Hanhai, nor had he seen Lin Hanhai ever since.

He himself also did not pay much attention to the Lin family.

So why was Lin Ximiao calling him now?

After giving it some thought, he eventually answered the phone and immediately heard the groveling voice of Lin Ximiao. "Hello, Wenjing. It's me, Ximiao."

Lin Wenjing blandly replied, "Well, what can I do for you?"

In a respectful tone, Ximiao said, "Wenjing, the Lin family meeting is about to be held soon, and the elders wish for you to come back and attend this year. After all, you are a descendant of the Lin family. Everyone is looking forward to your return."

Tarun Kalicheti /fb

Upon hearing this, Lin Wenjing couldn't help but laugh. "Oh really? Why didn't they ask me to return in the past then?"

Lin Ximiao replied cautiously, "That's because we had misunderstandings in the past. Now that everything is cleared up, everybody wants you to come back. It has also been a while since you last came back to pay respects to grandfather. Besides that, for the upcoming family meeting, Master Lin has chosen an auspicious day to move grandfather's grave to a place with better Feng Shui."

Grandpa...

Chapter 135 Young Master

Lin Wenjing instantly felt torn. He couldn't help but think about his grandfather's dignified yet kind face.

He hadn't even gotten the chance to give his last goodbye to his grandfather, and the thought gave him a stab in his heart!

In the whole Lin family, grandfather had been the nicest to him.

There was a moment of silence. Lin Ximiao did not dare to interrupt Lin Wenjing's thoughts.

Then, Lin Wenjing asked, "What else did grandfather leave behind?"

Tarun Kalicheti /fb

Lin Ximiao was stunned and said embarrassingly, "I don't know, Master Lin is the one in charge of grandfather's funeral affairs."

"Give me the date," Lin Wenjing said absent-mindedly.

Lin Ximiao hurriedly replied, "It will be on the 28th of this month. I can personally come and pick you up..."

Click. Lin Wenjing did not give him a chance to finish and hung up the phone.

"So? Did he agree to come?"

Chapter 135 Young Master

Standing behind Lin Ximiao was a young man playing golf. He was fully dressed in clothes from luxurious brands and gave out a noble aura. Just one look at him and anyone could tell that he was born with a silver spoon in his mouth.

With those words, he swung his golf club confidently. *Chink!* He struck the golf ball and the ball flew in a perfect parabola and landed smoothly into the hole. People around him cheered.

Lin Ximiao had the utmost respect toward this man. Every time he spoke to him, he would bend over and carefully consider every word before speaking. He was mindful of the things he said because he did not want to offend him.

Lin Ximiao said respectfully, "Young Master, Lin Wenjing hung up the phone without giving a definite reply."

Young Master laughed and said, "Oh really?"

Then, he removed his sunglasses and revealed his face. His looks had a few similarities with Lin Wenjing. To be more specific, he was even better looking than Lin Wenjing.

"He will come back. I know him very well." The corner of his lips lifted into a meaningful smile.

He then mumbled, "Oh my good brother, you really are lucky. Four years ago, you managed to survive from such a beating and even successfully escaped. You even hid yourself in the Chu family and suffered in silence for four years."

He said everything in such a soft voice that it looked like he was talking to himself. However, Lin Ximiao could hear everything, and he was so terrified that cold sweat was dripping from his forehead.

What does Young Master mean? I am just a mere follower. If he knew that I had heard everything he said, he would kill me. Ximiao could only pretend that he didn't hear anything.

The corners of the Young Master's lips curled even higher. Nobody knew what was in his mind when he said, "Do you think that just because you have inherited grandfather's inheritance, you can change your fortune and become the new Master? It's impossible. An ant will always be an ant. It doesn't matter how much money you have inherited, because you will never become a dragon. You can't change the fact that you have always been inferior."

Then, he looked at Lin Ximiao with a smile and said, "Ximiao, what do you think?"

Chapter 135 Young Master

Lin Ximiao felt a shiver down his spine and the cold sweat on his forehead was dripping like waterfalls. All of the sudden, his back was wet with sweat. He answered with a dismayed face, "Young Master, I-I don't know..."

He couldn't afford to offend both Young Master and Lin Wenjing.

More importantly, what did Young Master mean by asking him that? Was he testing him? But he didn't have any bad ideas.

Young Master chuckled as he patted him on the shoulder and said, "Don't worry, you are not qualified enough for me to deal with you."

Tarun Kalicheti /fb

Lin Ximiao thanked him repeatedly. "Thank you, Young Master! Thank you for your kindness!"

Young Master then said, "I heard that my brother has been pretty impressive lately. He managed to acquire Purple Jade Studios, and he has successfully risen up from a peasant to a boss. Ha ha. However, Purple Jade Studios is just a small company. No matter how hard he tries, what can he really achieve? Anyway, you may leave now. I shall continue playing golf." Young Master waved his hand, signalling Lin Ximiao to leave.

After Lin Ximiao left, with a glint of hatred in his

eyes, the Young Master mumbled Lin Wenjing's name twice and swung his golf club with all his might. He hit the golf ball so hard that the club bent.

.....

Huang Wenhua and Situ Nan had been waiting in the Purple Jade Building for a long time, but they had not seen Lin Wenjing, so they were forced to give up. They did not have the courage to beat up a person in the Purple Jade Building, so all they could do was to leave unwillingly and wait for the next opportunity to trouble Lin Wenjing.

As for Chu Ling, ever since she became the chairman of Sheng Ke Company, her workload had increased significantly. She didn't have much free time before, but now she had even less.

Today was Chu Zhe's day off, and Chu Ling would usually pick him up. However, she couldn't make time to do it today, so she had no choice but to call Lin Wenjing and asked him to help her.

Lin Wenjing had just got off work, and he most definitely would never refuse to help Chu Ling, so he readily agreed.

Chapter 135 Young Master

After she hung up the phone, Chu Ling suddenly remembered that she drove the only car of the house to work today. What would Lin Wenjing drive to fetch Chu Zhe?

She quickly called Lin Wenjing and asked him to come to her company to take the car, but Lin Wenjing told her on the phone that he already had a car and didn't need to come and get hers.

Chu Ling didn't give it anymore thought, answered him briefly and hung up the phone. After all, she had a lot of work to do.

Chapter 136 Chu Zhe's Humiliation

Chu Zhe's holiday had just started, but he was not happy at all because somebody had robbed him of his love. After two semesters of pursuing his goddess, she was snatched away by a wealthy young master, who even showed off their relationship in front of him, making him furious!

He could still take rejection, but what was unacceptable to him was that the woman had actually posted screenshots of her chats with him on her social media accounts. The comments were all about him being a kiss-a*s. It was a public execution and it made him famous at school. Now everyone was calling him he kiss-a*s, and they constantly taunted him unscrupulously.

Because of this, he was very angry and furious, so furious that he wanted to go on a rampage and take revenge on these two as*holes! But he didn't dare to do so, for he did not have the courage to offend this wealthy young master who had a much more powerful family background than him. So no matter how deeply wronged he felt, he could only stay silent and do nothing.

Now that he had finally made it through the semester, he could finally leave this damn place.

Chapter 136 Chu Zhe's Humiliation

So after school, he immediately rushed back to the dormitory, got his luggage and left as soon as possible.

His sister was probably waiting for him at the school gates now.

But just as he was about to leave, two of his roommates entered the room and said, "Chu Zhe, you finished packing your things so quickly. It's not like you. You're usually the last one to leave."

Chu Zhe replied, "My sister has arrived. I can't make her wait for too long, or else I'll get an earful."

Another roommate stopped him and said, "Oh, don't be so anxious to leave. Young Master Qian has invited the whole class to party at the bar. He even paid and booked a whole room. Come and join us. I heard that many beautiful ladies will be there."

"Chu Zhe, I know you love to party! You don't even need to pay this time! You can't miss it."

"By the way, Young Master Qian must be loaded with money. He invited the whole class, and the bill will probably come up to at least tens of thousands."

"Young Master Qian comes from a wealthy family. Tens of thousands is nothing to him."

"That's true. It must be great to be so rich..."

Two of the roommates continued talking to each other non-stop, and they failed to notice that Chu Zhe's face was getting more and more distorted with anger, and that his fists were clenched tightly.

However, he still managed to force a smile and said, "I have something to do at home so I can't join the party. Both of you go."

And with those words, he was going to bypass them and leave.

Tarun Kalicheti /fb

Just then, two guys walked into the room. Both of them were from the dormitory next door. With their hands in their pockets, they stood in Chu Zhe's way and taunted, "Hey, kiss-a*s! Don't you love to kiss Liao Qian's a*s? She is also going to be joining the party later, so remember to flatter her as much as you can. Maybe she will even give you pat on the head, ha ha ha..."

The other guy joined in the laughter.

After Chu Zhe heard this, his face immediately changed. He gritted his teeth and was so antagonized that his eyes suddenly turned red.

He glared at the two guys with his fists clenched so tightly that his nails were digging into his skin.

Chu Zhe retorted, "Psychos! You two are the real kiss-a*s—Qian Feng's kiss-a*s! I'm sure you guys kiss Qian Feng's ass very often!" His words immediately aroused the anger of the two guys, so they pushed him and pointed at his nose angrily as they shouted, "What did you say? Say it again if you dare!"

These two guys were students from the sports major, so naturally, they were bigger and stronger than Chu Zhe. Now, they were each standing on Chu Zhe's left and right side with their sleeves rolled up, glaring at him angrily.

Chu Zhe immediately cowered in fear. With a small and weak body like his, he could never defeat these two students from the sports major. He lowered his head and said softly, "I am going to head home. Please make way."

Realizing that Chu Zhe was not angry no matter how hard they tried to agitate him, they didn't dare cross the line and only gave Chu Zhe a thumbs up before letting him leave.

Many people saw what had just happened and pointed fingers at Chu Zhe, laughing at him. Chu Zhe felt such unprecedented shame that

Chapter 136 Chu Zhe's Humiliation

he felt a lump in his throat. He tried his best to hold back his tears as he quickly ran downstairs, wanting to leave as soon as possible.

However, as he reached the end of the stairs, he saw Liao Qian coming his way. She was beaming and was dressed in fashionable clothes that showed off her perfect figure vividly. Coupled with her pretty face, her beauty was lethal. One look at her and Chu Zhe was immediately so mesmerized that he couldn't stop his heart from pounding!

The smile on Liao Qian's face became wider after she saw him. She even quickened her pace and walked toward him joyfully.

Did Liao Qian finally realize that he was good for her? Had she changed her mind and wanted to return to his embrace? For a moment, Chu Zhe's heartbeat sped up along with an increased secretion of hormones in his body, causing him to feel like he was in a state of excitement and happiness. He broke into a smile and quickened his pace to meet up with Liao Qian.

He really liked Liao Qian, so much that if Liao Qian was willing to return to his side, he would accept her even if she had already slept with Qian Feng.

Chapter 136 Chu Zhe's Humiliation

As they closed the distance between them, he became more and more excited and his heart beat faster. At this moment, Liao Qian even opened her arms, ready to throw herself into his embrace.

When Chu Zhe saw this, he could no longer suppress the smile on his face. Feelings of decadence and abjection instantly disappeared, and he smiled joyfully.

However, Liao Qian's smile was not for him, nor did she want to throw herself into his arms. Liao Qian walked past him and swiftly threw herself into the arms of another man before she said lovingly, "Dear, I miss you so much."

Tarun Kalicheti /fb

Instantly, Chu Zhe could hear the sound of his heart breaking apart. *Clink clink clink*. His heart broke into a thousand pieces and his whole body turned stiff. Both of his arms were still wide open, and it was an embarrassing sight.

He turned his head slowly and saw that Liao Qian had thrown herself into Qian Feng's arms instead of his. Qian Feng was standing beside him, and he was tall, wealthy, and handsome.

Liao Qian put her arms around Qian Feng's neck and kissed him passionately. Then, she turned to Chu Zhe and said, "Hey kiss-a*s, did you think I was smiling at you? Don't flatter

yourself.”

Qian Feng burst into laughter. “I should have taken out my phone and recorded the whole thing! It was hilarious! Ha ha ha.”

During this time, there were a lot of people at the dormitory lobby who had seen the whole scene just now, and they laughed mercilessly at Chu Zhe. Some people had even taken out their phones to record him.

A guy respectfully offered his mobile phone to Qian Feng and said obsequiously, “Young Master Qian, I recorded the whole scene just now. Look, Chu Zhe was smiling so happily. He really thought that Liao Qian was going to hug him.”

Qian Feng pressed the play button and started laughing hysterically after a few seconds in. He really did manage to record Chu Zhe's embarrassing moment. Qian Feng snapped his fingers and said to the guy beside him, “Not bad, not bad! You did well. Send it to every chat group and let everybody see this kiss-ass! Your cleverness deserves a reward!”

Qian Feng's follower next to him immediately took out 500 and gave it to the guy. The guy was very excited as 500 was not a small sum for a normal college student like him. More

Chapter 136 Chu Zhe's Humiliation

importantly, this was easy money. All he had done was record a video.

“Thank you, Young Master Qian! Thank you so much!” After receiving the money, the guy was so excited that he flattered Qian Feng non-stop while other people looked on enviously. If only they were clever enough to record the whole thing. This 500 would have been theirs.

Chu Zhe was so full of rage that he let out a cry and charged toward Qian Feng as he screamed, “You are such a bully! You’re going down with me!”

However, he was so weak that he couldn’t even get near Young Master Qian. He was easily kicked away by the two followers next to Qian Feng, and a hard beating followed.

Chapter 137 Rammed Into Qian Feng's Car

There were many bystanders outside the dormitory, but none of them were willing to come up and lend Chu Zhe a helping hand, including his classmates who looked on indifferently.

This was because Chu Zhe was unpopular in the university due to his pretentious attitude, which put off many of his classmates. Besides, Qian Feng was the big bully in the university, so no one dared to offend him.

Which was why no one dared to speak up for Chu Zhe even though there were many onlookers at the scene. Adding insult to the injury, many of them took out their cell phones to record videos of the incident.

Trapped in this situation, Chu Zhe burst into a flood of tears as he had never felt so wronged in his life.

Luckily, a lecturer happened to pass by the scene. Trying to maintain his image, Qian Feng shot a glance at his two minions, who let go of Chu Zhe.

Now Chu Zhe looked miserable after a round of beating, with his face black and blue and his body covered in dust.

Staring at Chu Zhe, Liao Qian snuggled into

Qian Feng's arms and said with a smirk on her face, "Oh honey, doesn't he look like a dog?"

Qian Feng laughed in response while wrapping his arms around her waist, saying, "Now that you speak of it, he certainly looks like one. Geez, look at how he's sniveling! He's looking even more like a dog now, and a stray dog at that."

"You're right. He used to be a lapdog while courting me, but now he's just a stray dog who just got beaten up. How amusing," Liao Qian chuckled.

Having never suffered such humiliation in his life, Chu Zhe wiped his tears, deciding to tell his parents as soon as he got home that, starting from the next semester, he would not attend the university, as he could not stand being here any longer. He would rather be killed than to study here!

At the same time, his resentment toward his family grew even more apparent. If his parents were some big shots and his sister was married to a wealthy guy, he would never be humiliated in such a manner.

Dejected, he lowered his head and walked toward the campus entrance, desperate to leave this damn place as soon as possible.

Chapter 137 Rammed Into Qian Feng's Car

He could still hear the onlookers jeering at him behind his back, their words penetrating his mind like needles. He clenched his teeth and began to run.

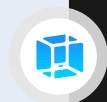

At last, he got rid of their voices when he reached the campus entrance. With a sigh of relief, he wiped his tears once again before taking a deep breath and looked around for Chu Ling's Volkswagen Lavida.

However, after a round of searching, Chu Ling's car which should have arrived by now was nowhere to be seen. Puzzled, Chu Zhe immediately called her and asked, "Hey, Chu Ling, have you arrived? I'm already at the campus entrance, but I don't see your car."

Chu Ling sounded a little tired on the other end of the line. "I'm sorry, I have to work overtime, so I can't pick you up. I asked Lin Wenjing to pick you up, and he should be there any minute. Why don't you give him a call?"

Put off by her answer, Chu Zhe down replied, "What? You asked that loser Lin Wenjing to pick me up? Are you out of your mind? You know very well that I dislike him the most!"

Chu Ling said angrily, "Chu Zhe, don't speak of your brother-in-law in such a rude manner! Lin Wenjing has helped me a lot. Speak to him

nicely when you see him, alright?"

Chu Zhe thought he was hallucinating. What happened? Was that really Chu Ling who was speaking to him? Why was she standing up for Lin Wenjing?

"You must be joking, Chu Ling. How could that useless Lin Wenjing be helping you? By washing clothes for you and Mom? To be honest, I despise him the most out of all the people!" said Chu Zhe, his voice full of detest, having completely forgotten his embarrassment from just now.

Chu Ling wanted to retort when she was suddenly occupied by her work again, so she replied hastily, "Okay, I shan't speak with you anymore now. Anyway, just be polite when you see Lin Wenjing later, alright? I'm hanging up."

Chu Zhe pouted his lips in displeasure. How could Chu Ling brush him off by sending Lin Wenjing to pick him up as if he wasn't enough of an embarrassment?

He would never call Lin Wenjing. What if Lin Wenjing picked him up with his electric motorcycle? He could not afford being put to shame like that!

Chu Zhe decided he might as well go home in a

taxi since it would take less than an hour to reach home, which was not a long ride.

However, just when he was about to leave, an Audi A7 with elegant lines and a lovely engine sound drove by and stopped in front of him. The car window winded down, revealing a familiar-yet-annoying face who spoke to him, "Chu Ling asked me to pick you up. Get in the car... Wait, what's with the bruises on your face?"

The man was none other than Lin Wenjing. He had arrived at the university entrance some time ago and even waved at Chu Zhe when he saw him. However, Chu Zhe didn't notice him, so he had no choice but to drive over.

He instantly noticed the bruises on Chu Zhe's face, as well as his bleeding nose and his black eye. His eyes were red, obviously having bawled his eyes out after getting beaten up.

Chu Zhe widened his eyes in shock when he saw Lin Wenjing driving an Audi A7, so he rubbed his eyes hard only to realize he was not hallucinating. Lin Wenjing was indeed driving a brand new Audi A7 with a temporary license plate attached. Judging from its appearance, the car must have been bought very recently.

He was stupefied. To him, Lin Wenjing was the

perfect example of a poor loser who drove an electric motorcycle all year round. He never expected to see Lin Wenjing drive an Audi A7 one day.

Lin Wenjing could not help but feel pleased when he saw Chu Zhe's stunned look. Ever since the first day he married into the Chu family, Chu Zhe looked down on him and mocked him often, inheriting Liu Qiaozhen's personality perfectly. To be able to amaze him right now was quite satisfying.

However, Chu Zhe's first words to him nearly drove him mad.

Tamun_Kalichet_i/fb
"Where did you steal this Audi A7 from?" Chu Zhe frowned while reprimanding him with a grave expression. "Lin Wenjing, it's illegal to steal a car! Listen to me, you'd better surrender yourself and plead for a lighter sentence. Don't get our family into trouble!"

Lin Wenjing rolled his eyes as he spoke, "Who stole what? What nonsense are you talking about? This car was bought, and it's brand new."

With elegant lines and great performance, the imported Audi A7 stopped in front of the campus entrance, catching the eyes of many.

Chapter 137 Rammed Into Qian Feng's Car

However, his answer did not convince Chu Zhe, who did not dare to get in the car. He rolled his eyes and replied with suspicion, "Stop bragging. How could a loser who can't even find a job like you get the money to buy such an expensive car? Just come clean and tell me how you got it!"

Unperturbed by Chu Zhe's rudeness, Lin Wenjing answered, "You're right that I didn't buy this car. It was a gift from someone, to be exact."

As soon as he heard Lin Wenjing's answer, Chu Zhe immediately bought his story. Chu Ling, his sister, had unrivaled beauty and was courted by many even after she was married. The way he understood it, this car must have been a present to her from one of her suitors.

As he thought about it, his heart itched as he had never driven a car as luxurious as an Audi A7.

"Let me drive the car. Get out!" Chu Zhe slapped the car window. His eyes brightened as an idea emerged in his mind: Liao Qian might return to him if he drove this Audi A7 to her!

Lin Wenjing frowned, displeased at his attitude. "This is my car. I can consider letting you get a taste of driving it only if you greet me nicely."

Chu Zhe immediately replied disdainfully, "What, are you boasting right now? This car must have been gifted to Chu Ling by one of her suitors, and it has nothing to do with you. Get out quickly or don't blame me for being harsh on you."

Lin Wenjing didn't want to bother himself arguing with Chu Zhe, so he let him drive his car. After all, the car was gifted by Wang Yunqian, so it would not break his heart if the car got damaged in a crash.

However, having gotten his driving license very recently, Chu Zhe was inexperienced and unskilled at driving, and it didn't help that the Audi A7 happened to be in high performance mode. As soon as Chu Zhe stepped on the gas pedal, the car bolted to the front and rammed into a BMW 525 parked in front of it with a loud *Crash!*

The loud crash caught everyone around by surprise, and they turned their gaze toward the scene.

"Who is this guy? How bold he is, crashing into Qian Feng's BMW?"

"It seems like Chu Zhe's the driver."

"Crap, did Chu Zhe the lapdog do this? Who

Chapter 137 Rammed Into Qian Feng's Car

gave him the balls to mess with Qian Feng?"

At this moment, Chu Zhe came to his senses and his face paled immediately. His body trembled as he too recognized the BMW in front of him. It was indeed Qian Feng's!

Oh no, I'm doomed!

Chu Zhe wished he could die at this instant.

Why would God treat him like this by letting him crash into Qian Feng's BMW? Wouldn't that be killing him?

He dared not imagine Qian Feng's reaction upon seeing his wrecked BMW. What would Qian Feng do to him?

He deeply regretted grabbing the wheel from Lin Wenjing just now. If he knew what would have happened beforehand and refrained from showing off, he would not have landed himself in such big trouble.

Tarun Kalicheti /fb

Lin Wenjing who was looking on was astounded by the situation. It was so shocking that Chu Zhe managed to hit somebody's BMW simply by stepping on the gas pedal. Judging from the situation, the damages would need at least 80,000 to repair.

He let out a sigh and walked over, frowning as he asked, "How on earth did you drive just now? Why were you stepping so hard on the gas pedal?"

Panicked and confused, Chu Zhe cried as he complained, "You can't blame me for this

because I didn't expect this car's gas pedal to be so sensitive. The cars I drove before would move only when I stepped hard on their gas pedals, which were insensitive."

Lin Wenjing was speechless as he clapped his hand over his forehead before saying, "Of course the gas pedals you stepped on before were insensitive because you were driving family cars with lower engine displacement. Now you're driving an Audi A7 with an engine displacement of 3.0T which takes only a few seconds to speed up to 100 kilometers per hour. What do you think?"

"T-then what should we do now? How about we run off from here?" Chu Zhe said, terrified as he broke out in a cold sweat.

Rendered speechless by his suggestion, Lin Wenjing rolled his eyes again and replied, "Are you dumb? You'll be jailed for hit-and-run driving. Just look for the car's owner, then call the police and proceed with insurance claims."

Upon hearing Lin Wenjing's reply, Chu Zhe gulped in tremendous fear. His face paled as he dared not to look for Qian Feng. At that moment, his fear of Qian Feng had seeped deep into the core of his soul.

"N-n-no, no way..." Chu Zhe's pupils lost their

focus as he shuddered and convulsed. Seeing his terrified state, Lin Wenjing immediately realized the real problem and frowned before asking, "Do you know the owner of this BMW?"

Chu Zhe nodded and shook his head, his expression full of fear and panic.

Smart as he was, Lin Wenjing deduced what went on in an instant—especially considering that Chu Zhe's face was full of bruises. He asked in a somber voice, "Are the bruises on your face caused by the owner of this BMW?"

Chu Zhe gritted his teeth hard and bowed his head. His body trembled as he mumbled continuously, "What should I do? How should I deal with this? Qian Feng will surely beat me to death when he finds out... It's all thanks to you, Lin Wenjing, you piece of trash. Why are you driving an Audi A7 out of the blue? You're the one who got me into trouble!"

Having known Chu Zhe for such a long time, this was the first time Lin Wenjing saw him this terrified. He couldn't help but become curious. Who on earth was this Qian Feng that could scare Chu Zhe into such a state?

After all, Chu Zhe was a cocky spoiled brat who had some influence as a small-time gang leader back when he was in high school. Lin

Wenjing had never seen him as horrified as he was right now.

“Who is this Qian Feng and how did you make an enemy of him?” Lin Wenjing asked in a grave tone. Chu Zhe was his brother-in-law, so of course he had to stand up for Chu Zhe if Chu Zhe had indeed been bullied.

Chu Zhe scolded angrily, “What’s the f*cking use of telling you, you piece of trash? He’s one of the sons of the richest families with lots of underlings... Crap, I’m surely done for this time!”

Just then, a voice broke out from the onlooking crowd. “Young Master Qian is coming!”

Tarun Kalicheti /fb

Those words sliced terror into Chu Zhe’s heart. His face turned as white as a sheet as he trembled more violently than ever and he desperately looked around for a place to hide.

Lin Wenjing looked toward the crowd’s direction and saw, as expected, a handsome and hunky young man walking out of the university. A pretty babe held his hand intimately by his side and had a blissful sweet smile on her face.

Behind this hunky young man followed a bunch of people who looked like his underlings. The manner in which he showed up was certainly very impressive.

“Lin Wenjing, you piece of trash! What are you f*cking doing? Let go of me, now!” Chu Zhe was incensed that Lin Wenjing prevented him from running away by grabbing his wrist. However, when he looked back and saw Qian Feng and Liao Qian walking toward him under the escort of the crowd, he panicked even more and tried as hard as he could to struggle out of Lin Wenjing’s firm grip.

However, Lin Wenjing’s grip was as firm as a vice and his strength was stronger than Chu Zhe’s by many times. No matter how hard Chu Zhe struggled, he could not break free from Lin Wenjing’s grasp. Instead, it pained him even more, forcing him to bite Lin Wenjing in desperation. Tarun Kalicheti /fb

Lin Wenjing slapped him on his head immediately, scolding, “Behave yourself!”

Slapped by Lin Wenjing, Chu Zhe’s eyes widened and were filled with shock and rage. “Lin Wenjing, you piece of trash! How dare you slap me!”

“It’s rude to call your brother-in-law like that. Address me properly!” Lin Wenjing slapped him again. He more or less figured out that Chu Zhe was in conflict with and was bullied severely by this student named Qian Feng, to the point that Chu Zhe was terrified whenever he saw him.

The way Lin Wenjing saw it, this was a great chance to restore Chu Zhe's confidence and dignity while letting him see Lin Wenjing's capability as his brother-in-law.

He had lain low for four years because of the Lin family. Now that he had emerged from the ashes without having to keep a low profile anymore, of course there was no longer any need for false modesty.

This was also his first step to conquer Chu Ling.

Chu Zhe felt a burning sensation on the back of his head after being slapped twice successively by Lin Wenjing. This made him mad as hell.

If this had happened in the past, he would have fought Lin Wenjing to death, but now he didn't have the guts to do so.

After getting beaten up just now, his fear toward Qian Feng grew deeper, so much so that he dared not cross paths with Qian Feng again.

Fearful and distressed, he could not stop his tears from gushing out again.

"Damn you Lin Wenjing, you're going to get me killed. I'm going to die because of you...Sob..."
Chu Zhe blubbered.

Lin Wenjing could not help but shake his head when he saw Chu Zhe behaving in such a manner. *What a crybaby! It's weak for a man to cry over such petty things.* With this thought in mind, he strengthened his resolve to stand up for Chu Zhe.

He patted Chu Zhe's shoulder and comforted him. "No worries, I will not let him bully you. If justice is truly on your side, I'll restore your honor and make him apologize to you willingly."

"*Bah!* Just brag as much as you like. Qian Feng can beat up several losers like you with just a single slap," said Chu Zhe with a disdainful expression.

Tarun Kalicheti /fb

Lin Wenjing gave a brief smile without explaining much.

With his capability right now, teaching an undergraduate a lesson would be a piece of cake.

Of course, he would strike only if justice was on Chu Zhe's side, or else he would be holding a candle to the devil.

Just then, Qian Feng walked out of the university with Liao Qian and the rest. He saw Chu Zhe as well as his own BMW behind him, which was dented and wrecked beyond

Chapter 138 I'm Standing Up for You

recognition.

His face instantly darkened and turned grim.

“Who the f*ck wrecked my car? Show yourself!”
Qian Feng roared furiously.

Tarun Kalicheti /fb

His roar silenced the hundreds of onlookers, making them too terrified to breathe.

Even Liao Qian was frightened and shivered next to him.

Qian Feng had been in a good mood after teaching Chu Zhe a lesson, but it vanished the instant he walked out of the university and saw his wrecked car.

He spent over half of his pocket money buying this car just last month, and now his car was destroyed! It was only natural that he was infuriated.

He instantly deemed this as the most outrageous challenge to his authority. Everyone in Hua University knew this was his car and was always parked in his very own parking space. After all, the BMW 525 didn't cost him much—just over five hundred thousand—but losing face was a big deal!

Due to his notoriety in Hua University, Qian Feng's words went unanswered for a while. Even those who knew the answer to his question dared not get in his hair.

As for Chu Zhe, he was so scared that he nearly wet his pants. He was terrified of Qian Feng to begin with; now that he had wrecked Qian

Feng's car, Qian Feng would surely torture him to death!

Now he hated Lin Wenjing to the core. It was all Lin Wenjing's fault that he crashed into Qian Feng's car, but now this good-for-nothing idiot simply wouldn't let him go. It must be Lin Wenjing's revenge!

Words failed to describe how much he hated Lin Wenjing at that moment.

"I'm begging you, Lin Wenjing, please let go of me! Qian Feng is the big bully in our university, and he'll kill me once he finds out I wrecked his car!" implored Chu Zhe, addressing Lin Wenjing politely for the first time.

Lin Wenjing replied with a smile, "Fear not. I won't let anyone lay a finger on you."

Chu Zhe could not understand what gave Lin Wenjing the nerve to tell such a tall tale. The only explanation would be that Lin Wenjing had gone insane.

"I repeat: Who wrecked my car? Whoever tells me, I'll reward him with a thousand in cash!" said Qian Feng in a chilling voice.

Money talked. Encouraged by the cash reward of one thousand, an onlooker immediately

pointed at Chu Zhe and turned him in, shouting, "Young Master Qian, it was Chu Zhe who wrecked your car!"

As soon as he spoke, Qian Feng and the rest turned their gaze toward Chu Zhe.

Chu Zhe had never felt such enormous pressure in his life. Overwhelmed, his legs sank under him. He would have sunk to the ground had Lin Wenjing not supported him. He vehemently denied, "It wasn't me! I didn't wreck your car!"

However, more and more voices emerged from the crowd. "It was him, Young Master Qian. I saw it myself!"Tarun Kalicheti /fb

"That's right, we all saw it, Young Master Qian. He drove that Audi and crashed into your car with a step on the gas pedal. He must be deliberately going against you!"

"The way I see it, Chu Zhe must be provoking you..."

Pointing fingers at Chu Zhe, the onlookers spoke their minds, adding fuel to the fire.

Qian Feng stomped toward Chu Zhe while his face grew darker at their instigation. His face turned into a malicious sneer. "You sure got a

lot of nerve, lapdog. How dare you wreck my car behind my back?"

He was followed by over ten of his minions behind him, who formed a semicircle around Chu Zhe with hostile glares. They were ready to rush in and tear Chu Zhe into pieces at Qian Feng's command.

Chu Zhe's lips quivered wildly, too frightened to speak while he was struggling to hold back panic-stricken tears. "It wasn't me who wrecked your car, it-it was him! Young Master Qian, this had nothing to do with me!"

Without the slightest hesitation, Chu Zhe used Lin Wenjing as his excuse to save himself.

Lin Wenjing sighed to himself. *What a coward this brother-in-law of mine is.*

Qian Feng turned his gaze from Chu Zhe to meet Lin Wenjing's. "So you wrecked my car, huh?"

They looked each other up and down, and Lin Wenjing immediately saw through Qian Feng. He was just an arrogant brat from a wealthy family who played the big bully and threw his weight around in the university by riding on his family's fortune.

“What’s done is done. Just call the police and proceed with insurance claims,” replied Lin Wenjing flatly.

Qian Feng sneered, “So, you admit to having wrecked my car?”

His sneer was full of icy menace, giving him a formidable look. This explained why a spoiled child like Chu Zhe would be so terrified of him.

Unfortunately, his opponent was Lin Wenjing, who was not the least bit intimidated by him.

“What if I did wreck your car? You sure look like you want to beat people up,” Lin Wenjing said with a sly smile.

Tarun Kalicheti /fb

He looked calm and unflinching, totally different from the good-for-nothing loser he used to be. Chu Zhe thought he must be hallucinating. Was this man still the Lin Wenjing he had always known?

Qian Feng hesitated when he saw Lin Wenjing taking him on with such unruffled composure as though he wasn’t afraid of him at all. Unsure of who Lin Wenjing was, he spoke in a serious voice, “Who are you, and how dare you wreck my car? Haven’t you heard of my name?”

Just then, someone beside him spoke up,

“Young Master Qian, it wasn’t this guy who wrecked your car, but Chu Zhe. Look, that’s the Audi A7 he drove.”

Qian Feng looked in his direction, and sure enough, there was an Audi A7 with its front dented. This unsettled him.

“Young Master Qian, I overheard their conversation just now. This guy seems to be Chu Zhe’s brother-in-law,” reminded another onlooker.

“Brother-in-law?” Qian Feng went blank for a moment before realization hit him. “Ah, I’ve got it! You must be Chu Zhe’s good-for-nothing live-in brother-in-law! Hahaha...”

Tarun Kalicheti /fb

The onlooking crowd laughed dutifully at his words, jeering at Lin Wenjing with their eyes full of mockery and contempt. Their fear and suspicion toward Lin Wenjing disappeared as though they knew him very well, although this was the first time Lin Wenjing came to Hua University to pick Chu Zhe up.

Lin Wenjing was not dumb. He instantly knew Chu Zhe must be the culprit behind his so-called reputation.

Chu Zhe had an awkward expression as well when he met Lin Wenjing’s eyes. He often

badmouthed Lin Wenjing back when he was flaunting around university, so a lot of people knew he had a good-for-nothing live-in brother-in-law.

Qian Feng's scruples toward Lin Wenjing vanished as soon as he confirmed who Lin Wenjing was. He smirked. "I heard from Chu Zhe that you have never touched his sister despite having married her for four years. Is that true?"

His sarcastic remark set off roars of jeering laughter from the crowd once again, who looked at Lin Wenjing as if he was a buffoon.

Chu Zhe struggled with all his might, attempting to flee as he could no longer bear their insults. But, he could not move an inch as Lin Wenjing had caught him in a vice-like grip.

"What are you doing? I want to go home, let me go now! Leave me alone, or I'll tell Chu Ling what happened and have her teach you a lesson after we get home!" he demanded.

Annoyed by his antics, Lin Wenjing snapped, "Shut up!"

Chu Zhe was instantly stunned by Lin Wenjing's sudden fierce demeanor. His heart beat rapidly and he dared not continue messing around.

Chapter 139 Go Hit Him Back

However, he jolted at Lin Wenjing's next words.

"Did he give you the bruises on your face? Well, go hit him back," Lin Wenjing said nonchalantly.

Chu Zhe was momentarily stunned. He then jumped and shouted, "Are you crazy?!"

It was not just Chu Zhe; everyone else also thought that Lin Wenjing went crazy as if he no longer had anything to lose. Did he just order Chu Zhe to beat up Qian Feng? How dared he? If this was not insane behavior, what was?

Qian Feng was also shocked. Then he burst out in laughter and looked toward Chu Zhe tauntingly before he said, "Chu Zhe, your brother-in-law is pretty interesting. He even dared to ask you to hit me? Come on, hit me in the face. I promise not to hit back."

He arrogantly shoved his face in front of Chu Zhe, taunting him to hit him. However, Chu Zhe was even more scared now. He trembled in fear because he dared not hit Qian Feng.

"Come on! Hit me! I am asking you to hit me! Are you trying to make me lose face?!" Suddenly, Qian Feng raised his voice and glared at Chu Zhe ferociously. Chu Zhe was so scared he slipped and fell to the ground. He started to plead repeatedly for Qian Feng's forgiveness out of fear.

People around him laughed at his cowardliness. Many even took out their phones to capture this moment.

Chapter 140 Lin Wenjing's Power

When Lin Wenjing saw this, he couldn't help but shake his head and sigh. *I didn't know that Chu Zhe is such a coward. He is usually so arrogant at home but I can't believe that he's such a coward in front of the popular kid in school.* Luckily he volunteered to pick Chu Zhe up today. He couldn't imagine what would happen if it was Chu Ling who came today.

When Qian Feng saw Chu Zhe's frightened look, he laughed with delight and said to Lin Wenjing sarcastically, "I'm sorry, I accidentally scared Chu Zhe into tears. But it looks like he dares not to avenge himself. Why don't you help him?"

Lin Wenjing looked at him calmly. He felt resentful at how much of a coward Chu Zhe was. *I can't believe Chu Zhe is so useless. To think that he only dares to be arrogant at home.*

Seeing that Lin Wenjing did not move or say anything, Qian Feng let out a pitiful sigh and gloated, "Oops! Sorry, I have a bad memory. I forgot that you are the live-in son-in-law of the Chu family. You are probably a bigger coward than Chu Zhe. Ha ha ha..."

"Young Master Qian, you're the boss! You are right to give these two guys a lesson. Look at them, they are frightened by you."

"I agree. How does a guy from the countryside

dare to treat Young Master Qian disrespectfully. Is he trying to seek death? Haha.”

Many people laughed and treated Lin Wenjing as if he was a clown. Chu Zhe's face was red with anger.

“Is it funny?”

Even though he was ridiculed, Lin Wenjing did not feel humiliation or riled up. Instead, he let out a smile.

Qian Feng saw his smile and felt displeased. It was like he gave a powerful punch and it had hit cotton; he was not satisfied.

“It is pretty funny. Why?” Qian Feng straightened his posture and stared straight at Lin Wenjing. With a provocative look in his eyes, he said, “Anyways, I am too lazy to bother with you two. You crashed my car so you have to replace it with a new one. Or else, I have a million ways to make your lives in Hua City insufferable!”

He behaved in such an arrogant manner that it seemed as if he looked down on the world and nobody was more powerful than him.

Lin Wenjing replied, “You have gone too far. It is true that it is Chu Zhe's fault for accidentally

crashing into your car. We could just solve this through the insurance company but you want us to pay for a new car?"

Qian Feng said smugly, "Why should I leave it to the insurance company? You crashed into my car so you should buy me a new one! If you do not compensate me with a new car, don't think about leaving unharmed! Not only that, I will also beat you two up everytime I see you from now on! However, by then, a new car would not be enough to solve this!"

He spoke with such arrogance that it seemed he was the only one true god on earth. He was so charismatic that everyone around him looked at him in awe and with admiration. Especially the female students—they admired him so much that love was practically flowing out of their eyes.

Liao Qian who was in his arms couldn't help but shout, "Young Master Qian is so handsome!"

Lin Wenjing looked at Chu Zhe. With a weird expression, he said, "Are you always bullied like this?"

Chu Zhe gritted his teeth and did not reply. However, looking at his reaction, Lin Wenjing already knew the answer.

Chapter 140 Lin Wenjing's Power

Lin Wenjing sighed and said, "You are all naive kids after all. You forget that there is always someone better and stronger than you. Do you think that you can do whatever you want just because you come from a wealthy family?"

Everyone thought that Lin Wenjing was possessed. *He is definitely an idiot. Can't he read the situation? Does he know what he is saying?* Qian Feng scolded angrily, "I tried to be nice but it seems like it is not working. Big Bear, Bull, both of you go and beat them up! Beat up Lin Wenjing first and then capture Chu Zhe. I want to know where their courage comes from. How dare they talk back at me like that?!"

Just as Qian Feng finished talking, two tall and muscular students behind him came forward. It was obvious that they were students from the sports major, for they looked rather strong.

Both of them were followers of Qian Feng. They were paid two to three thousand a month to beat up anybody Qian Feng ordered them to. Qian Feng had many followers like them so nobody dared to offend him in Hua University.

Big Bear and Bull smiled deviously, rubbing their palms as they walked toward Qian Feng, ready to take him down.

Everybody who saw this gloated; they all

thought that Lin Wenjing was about to suffer.

Chu Zhe was so scared his face turned white and he started regretting his actions.

However, what happened next shocked everyone.

Lin Wenjing grabbed each one of their arms with such force that the two students could not move at all. It looked like he was holding them with ease. However, the two students were struggling so hard to break his hold that their faces turned red.

Shock ran in waves through their body, as they were astonished by Lin Wenjing's strength; he was so strong that they did not have any strength to fight back.

It would be very embarrassing if we were to be defeated so easily by Lin Wenjing. At that instant, they shouted with anger and tried to kick Lin Wenjing over.

Unfortunately, to Lin Wenjing, they were like immature kids who didn't have any fighting skills. *Smack, smack!* With two kicks, Lin Wenjing easily took them down and forced them into a kneeling position.

"Ouch! Please stop! It hurts!" Big Bear's palms

were bent so far back by Lin Wenjing that he was crying in pain and pleaded with him to stop.

The same thing happened to Bull.

Lin Wenjing did not torture them any further. He let them go and kicked them to the side. Then, he walked toward Qian Feng and coolly said, "If you apologize to Chu Zhe now, I can consider letting you go."

Gulp! Qian Feng swallowed a mouthful of saliva. He did not expect Lin Wenjing to be so strong and powerful—plus the look that Lin Wenjing was giving right now was so intimidating that his heart raced.

Chu Zhe was also so stunned. As he stared at Lin Wenjing blankly, he thought, *I didn't know Lin Wenjing was so powerful.*
